**The Left Behind** Robert Wuthnow, 2019-04-30 How a fraying social fabric is fueling the outrage of rural Americans What is fueling rural America's outrage toward the federal government Why did rural Americans vote overwhelmingly for Donald Trump And is there a more nuanced explanation for the growing rural urban divide Drawing on more than a decade of research and hundreds of interviews Robert Wuthnow brings us into America's small towns farms and rural communities to paint a rich portrait of the moral order the interactions loyalties obligations and identities underpinning this critical segment of the nation Wuthnow demonstrates that to truly understand rural Americans anger their culture must be explored more fully and he shows that rural America's fury stems less from economic concerns than from the perception that Washington is distant from and yet threatening to the social fabric of small towns Moving beyond simplistic depictions of America's heartland *The Left Behind* offers a clearer picture of how this important population will influence the nation's political future

**Small-Town America** Robert Wuthnow, 2015-05-26 A revealing examination of small town life More than thirty million Americans live in small out of the way places Many of them could have joined the vast majority of Americans who live in cities and suburbs They could live closer to more lucrative careers and convenient shopping a wider range of educational opportunities and more robust health care But they have opted to live differently In *Small Town America* we meet factory workers shop owners retirees teachers clergy and mayors residents who show neighborliness in small ways but who also worry about everything from school closings and their

children's futures to the ups and downs of the local economy Drawing on more than seven hundred in depth interviews in hundreds of towns across America and three decades of census data Robert Wuthnow shows the fragility of community in small towns He covers a host of topics including the symbols and rituals of small town life the roles of formal and informal leaders the social role of religious congregations the perception of moral and economic decline and the myriad ways residents in small towns make sense of their own lives Wuthnow also tackles difficult issues such as class and race abortion homosexuality and substance abuse Small Town America paints a rich panorama of individuals who reside in small communities finding that for many people living in a small town is an important part of self identity Remaking the Heartland Robert Wuthnow,2010-12-28 The social transformation of the American Midwest in the postwar era For many Americans the Midwest is a vast unknown In Remaking the Heartland Robert Wuthnow sets out to rectify this He shows how the region has undergone extraordinary social transformations over the past half century and proven itself surprisingly resilient in the face of such hardships as the Great Depression and the movement of residents to other parts of the country He examines the heartland's reinvention throughout the decades and traces the social and economic factors that have helped it to survive and prosper Wuthnow points to the critical strength of the region's social institutions established between 1870 and 1950 the market towns farmsteads one room schoolhouses townships rural cooperatives and manufacturing centers that have adapted with the changing times He focuses on farmers struggles to recover from the Great Depression well into the 1950s the cultural redefinition and modernization of the region's image that occurred during the 1950s and 1960s the growth of secondary and higher education the decline of small towns the redeployment of agribusiness and the rapid expansion of edge cities Drawing his arguments from extensive interviews and evidence from the towns and counties of the Midwest Wuthnow provides a unique perspective as both an objective observer and someone who grew up there Remaking the Heartland offers an accessible look at the humble yet strong foundations that have allowed the region to endure undiminished **Notes from the Bottom of the World** Suzanne Adam,2025-07-30 Chile named the Lonely Planet 2017 destination of the year has been Suzanne Adam's home for over four decades She knows the territory its culture its idiosyncrasies and its exotic landscapes from Patagonian glaciers to the northern Atacama Desert In this heartfelt collection of sixty three personal essays she searches for universal truths and sparks of beauty revealed in small daily moments both in her native land the United States and in Chile She considers how her American past and move to Chile have shaped her life and enriched her worldview and she explores with insight questions on aging women's roles spiritual life friendship love and writers who inspire In a return trip to Colombia fifty years after her two year stay there as a Peace Corps Volunteer Adam reflects on the mark left on her by that experience Finally she crosses America from east to west immersing herself in regional cultures and discovering a common thread of reciprocity throughout *Meatpacking America* Kristy Nabhan-Warren,2021-08-09 Whether valorized as the heartland or derided as flyover country the Midwest became instantly

notorious when COVID 19 infections skyrocketed among workers in meatpacking plants and Americans feared for their meat supply But the Midwest is not simply the place where animals are fed corn and then butchered Native midwesterner Kristy Nabhan Warren spent years interviewing Iowans who work in the meatpacking industry both native born residents and recent migrants from Latin America Africa and Asia In *Meatpacking America* she digs deep below the stereotype and reveals the grit and grace of a heartland that is a major global hub of migration and food production and also it turns out of religion Across the flatlands Protestants Catholics and Muslims share space every day as worshippers employees and employers On the bloody floors of meatpacking plants in bustling places of worship and in modest family homes longtime and newly arrived Iowans spoke to Nabhan Warren about their passion for religious faith and desire to work hard for their families Their stories expose how faith based aspirations for mutual understanding blend uneasily with rampant economic exploitation and racial biases Still these new and old midwesterners say that a mutual language of faith and morals brings them together more than any of them would have ever expected

"*ADaddy's Gone to War*" William M. Tuttle Jr., 1993-09-16 Looking out a second story window of her family's quarters at the Pearl Harbor naval base on December 7 1941 eleven year old Jackie Smith could see not only the Rising Sun insignias on the wings of attacking Japanese bombers but the faces of the pilots inside Most American children on the home front during the Second World War saw the enemy only in newsreels and the pages of Life Magazine but from Pearl Harbor on the war with its blackouts air raids and government rationing became a dramatic presence in all of their lives Thirty million Americans relocated 3 700 000 homemakers entered the labor force sparking a national debate over working mothers and latchkey children and millions of enlisted fathers and older brothers suddenly disappeared overseas or to far off army bases By the end of the war 180 000 American children had lost their fathers In *Daddy's Gone to War* William M Tuttle Jr offers a fascinating and often poignant exploration of wartime America and one of generation's odyssey from childhood to middle age The voices of the home front children are vividly present in excerpts from the 2 500 letters Tuttle solicited from men and women across the country who are now in their fifties and sixties From scrap collection drives and Saturday matinees to the

atomic bomb and V J Day here is the Second World War through the eyes of America s children Women relive the frustration of always having to play nurses in neighborhood war games and men remember being both afraid and eager to grow up and go to war themselves Not all were willing to wait Tuttle tells of one twelve year old boy who strode into an Arizona recruiting office and declared I don t need my mother s consent I m a midget Former home front children recall as though it were yesterday the pain of saying good bye perhaps forever to an enlisting father posted overseas and the sometimes equally unsettling experience of a long absent father s return A pioneering effort to reinvent the way we look at history and childhood Daddy s Gone to War views the experiences of ordinary children through the lens of developmental psychology Tuttle argues that the Second World War left an indelible imprint on the dreams and nightmares of an American generation not only in childhood but in adulthood as well Drawing on his wide ranging research he makes the case that America s wartime belief in democracy and its rightful leadership of the Free World as well as its assumptions about marriage and the family and the need to get ahead remained largely unchallenged until the tumultuous years of the Kennedy assassination Vietnam and Watergate As the hopes and expectations of the home front children changed so did their country s In telling the story of a generation Tuttle provides a vital missing piece of American cultural history     **The Iowa Year Book of Agriculture** ,1902 Vol for 1900 includes also the Report of the Iowa State Fair for the year 1900
