Grub Ideas For An Urban Organic Kitchen:

Grub Anna Lappe, Bryant Terry, 2006-04-06 In the past few years organic food has moved out of the patchouli scented aisles of hippie food co ops and into three quarters of conventional grocery stores Concurrent with this growth has been increased consumer awareness of the social and health related issues around organic eating independent farming and food production Combining a straight to the point expos about organic foods organic doesn't mean fresh natural or independently produced and the how to's of creating an affordable easy to use organic kitchen Grub brings organics home to urban dwellers It gives the reader compelling arguments for buying organic food revealing the pesticide industry's influence on government regulation and the extent of its pollution in our waterways and bodies With an inviting recipe section Grub also offers the millionsof people who buy organics fresh ideas and easy ways to cook with them Grub's recipes twenty four meals oriented around the seasons appeal to eighteen to forty year olds who are looking for fun and simple meals In addition the book features resource lists including music playlists to cook by unusual and illuminating graphics and every variety of do it yourself tip sheets charts and checklists

Grub Anna Lappé, 2006 A practical guide to organic eating for readers who live in urban environments challenges popular misconceptions about organic foods in today's grocery stores shares advice on how to create an organic kitchen and provides seasonal recipes

No Impact Man Colin Beavan, 2009-09-01 Bill McKibben meets Bill Bryson in this seriously engaging look at one man's decision to put his money where his mouth is and go off the grid for one year while still living in New York City to see if it's possible to make no net impact on the environment In No Impact Man a guilty liberal finally snaps swears off plastic goes organic becomes a bicycle nut turns off his power and generally becomes a tree hugging lunatic who tries to save the polar bears and the rest of the planet from environmental catastrophe while dragging his baby daughter and Prada wearing Four Seasons loving wife along for the ride And that's just the beginning In other words no trash no toxins in the water no elevators no subway no products in packaging no air conditioning no television What would it be like to try to live a no impact lifestyle Is it possible Could it catch on Is living this way more satisfying or less satisfying Harder or easier Is it worthwhile or senseless Are we all doomed or can our culture reduce the barriers to sustainable living so it becomes as easy as falling off a log These are the questions at the heart of this whole mad endeavor via which Colin Beavan hopes to explain to the rest of us how we can realistically live a more eco effective and by turns more content life in an age of inconvenient truths

Super Natural Home Beth Greer, 2009-03-17 An invaluable book filled with practical solutions on how to eat healthier breathe cleaner air and transform your home into a safe haven free from toxic chemicals Deepak Chopra From eliminating chemicals in your food and water to choosing clean beauty products let the Super Natural Mom teach you everything you need to know to live clean in a toxic world Beth Greer had been living what she considered a healthy lifestyle when a medical crisis prompted her to reevaluate everything from the food she ate to the personal care products she used and the environment she lived in Now in Super Natural Home she shows

the alarming extent of the dangerous chemicals we unwittingly expose ourselves to every day As she did in her own life she invites readers to put their lives under a microscope The straightforward solutions based approach of Super Natural Home complete with quizzes to help identify and correct potential toxic hot zones speaks directly to what environment conscious consumers really need ultra practical advice on what they can do right now to limit exposure to the poisons that are endangering them and their children At a time when impeccable scientific research points to an alarming correlation between common chemical compounds and cancers allergies psychiatric disorders and birth defects among other serious health concerns Super Natural Home gives consumers the tools to start protecting themselves and their families Praise for Super Natural Home Beth Greer s clear comprehensive and practical book is a godsend for anyone living in America who wants to make a real impact on reducing the pollutions and poisons that are ubiquitous in our surroundings She s full of good humor yet will help you live a far cleaner and more wholesome life than you might have thought possible Hats off to her Read this book Peter Coyote actor and author Making simple changes can often have a profound impact not only on you and your family s health but also on the planet Beth Greer has done a fabulous job of creating a practical resource that will let you know what these changes are and how to easily implement them Joseph Mercola DO founder of Mercola

No Meat Required Alicia Kennedy,2023-08-15 No Meat Required is a bestselling culinary and cultural history of plant based eating in the United States that delves into the subcultures and politics that have defined alternative food Diet for a Small Planet for a new generation The vegan diet used to be associated only with eccentric hippies and tofu loving activists who shop at co ops and live on compounds We ve come a long way since then Now fine dining restaurants like Eleven Madison Park cater to chic upscale clientele with a plant based menu and Impossible Whoppers are available at Burger King But can plant based food keep its historical anti capitalist energies if it goes mainstream And does it need to In No Meat Required author Alicia Kennedy chronicles the fascinating history of plant based eating in the United States from the early experiments in tempeh production undertaken by the Farm commune in the 70s to the vegan punk cafes and anarchist zines of the 90s to the chefs and food writers seeking to decolonize vegetarian food today Many people become vegans because they are concerned about the role capitalist food systems play in climate change inequality white supremacy and environmental and cultural degradation But a world where Walmart sells frozen vegan pizzas and non dairy pints of ice cream are available at gas stations raises distinct questions about the meanings and goals of plant based eating Kennedy a vegetarian former vegan and once proprietor of a vegan bakery understands how to present this history with sympathy knowledge and humor No Meat Required brings much needed depth and context to our understanding of vegan and vegetarian cuisine and makes a passionate argument for retaining its radical heart
