important dimensions of the book will be the checklists of questions musicians need to ask themselves in order to decide whether they need outside help from a manager lawyer accountant record company music publisher agent press officer plugger etc The book is divided into six sections each of which includes brief interviews with key experts The first two deal with the main areas of musical activity live performance and recording Section three explains other aspects of musical activity while section four gets down to the nitty gritty of the business aspects of making music Section five summarizes the whole area through some well chosen real life examples of independent musical activity Finally a toolkit section will provide examples of key documents recording contracts PRS membership agreements etc and other relevant data **Book Review**
