and marketing combinations in an increasingly competitive business climate      Marketing Management Kenneth E. Clow, 2017-01-25 Ken Clow developed 2e because he felt that currently available texts do not meet the needs of the majority of students enrolled in the Marketing Management capstone course required for marketing majors Clow's text differentiates itself in a number of ways Clow provides an emphasis on the tasks and challenges associated with entry level and first line marketing positions Entry level marketing employees often find that they will be expected to assess marketing programs both before they are launched and again after they have been launched Consequently the text provides financial analyses of marketing programs and decisions discussed in each of the chapters Current texts place too much emphasis on branding and not enough on customer service and customer loyalty The second edition offers a powerful integration of the fields of marketing and management The primary emphasis is pointing out managerial applications of marketing tactics and practices throughout the entire book      *The Business of Android Apps Development* Mark Rollins, Roy Sandberg, 2013-07-22 The growing but still evolving success of the Android platform has ushered in a second mobile technology gold rush for app developers Google Play and Amazon Appstore for Android apps has become the second go to apps eco for today's app developers While not yet as large in terms of number of apps as iTunes Google Play and Amazon Appstore have so many apps that it has become increasingly difficult for new apps to stand out in the crowd Achieving consumer awareness and sales longevity for your Android app requires a lot of organization and some strategic planning Written for today's Android apps developer or apps development shop this new and improved book from Apress *The Business of Android Apps Development* Second Edition tells you today's story on how to make money on Android apps This book shows you how to take your app from idea to design to development to distribution and marketing your app on Google Play or Amazon Appstore This book takes you step by step through cost effective marketing public relations and sales techniques that have proven successful for professional Android app creators and indie shops perfect for independent developers on shoestring budgets It even shows you how to get interest from venture capitalists and how they view a successful app vs the majority of so so to unsuccessful apps in Android No prior business knowledge is required This is the book you wish you had read before you launched your first app What you'll learn How to take your app from idea to design to development to distributing and marketing your app on Google Play or Amazon Appstore How do Venture Capitalists validate new App Ideas and use their techniques How to monetize your app Freemium ads in app purchasing and more What are the programming tips and tricks that help you sell your app How to optimize your app for the marketplace How to marketing your app How to listen to your customer base and grow your way to greater revenue Who this book is for This book is for those who have an idea for an app but otherwise may know relatively little about entrepreneurship app development or even business in general You should be able to pick up this book and feel like someone is holding your hand as they go through the process of evaluating your idea learning to code placing your app in the marketplace marketing your app and finally improving your app to meet the needs of your customer
