United States. Immigration and Naturalization Service, 1988 **Intercity Bus Feeder Project Program Analysis** Frederick D. Fravel, 1991 This 192 page report describes the experiences of the Rural Connection Program RCP an attempt to link existing rural public transportation services with those of intercity carriers The study includes data gathered from 36 of the rural systems participating in the program and detailed case studies of four systems among these The RCP has not proven to be a big generator of revenue for the participating systems and only five systems reported more than 150 riders over the course of the program There is some evidence that local resources and expertise for marketing may be particular limiting factors on the arrangements The report should be especially interesting to operators of rural transportation services

developed the Federal Writers Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little known authors, many of whom would later become celebrated literary figures, were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. The WPA Guide to Alabama takes the reader on a journey of through the heart of Dixie from the Gulf coast to the rich Black Belt region and the scenic Cumberland Plateau. First published in 1941, the guide goes beyond the popular images of cotton fields and plantation houses of the old south and brings to light the magic of Birmingham's burgeoning manufacturing industry, the vibrant university life in Tuscaloosa, and in Mobile, the cultural diversity of Alabama's port city. The guide includes striking photos of Southern poverty during the Depression.

The WPA Guide to Florida Federal Writers' Project, 2013-10-31 During the 1930s in the United States, the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little known authors, many of whom would later become celebrated literary figures, were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. In the 21st Century, Florida is a major center for industry and tourism; however, published in 1939, the WPA Guide to Florida exhibits a rather rural and quiet state. This guide gives an interesting perspective on the Sunshine State before its explosive growth starting in the 1950s, focusing on the state's Seminole roots and Spanish influence, as well as its lush, diverse landscape.
