Women, Death and Literature in Post-Reformation England Patricia Phillippy,2002-07-04 In Women Death and Literature in Post Reformation England Patricia Phillippy examines the crucial literal and figurative roles played by women in death and mourning during the early modern period By examining early modern funerary liturgical and lamentational practices as well as diaries poems and plays she illustrates the consistent gendering of rival styles of grief in post Reformation England

Phillippy emphasises the period's textual and cultural constructions of male and female subjects as predicated upon gendered approaches to death. She argues that while feminine grief is condemned as immoderately emotional by male reformers, the same characteristic that opens women's mourning to censure enables its use as a means of empowering women's speech. Phillippy calls on a wide range of published and archival material that date from the Reformation to well into the seventeenth century, providing a study that will appeal to cultural as well as literary historians.

The Dynamics of Inheritance on the Shakespearean Stage Michelle M. Dowd, 2015-05-19 Early modern England's system of patrilineal inheritance, in which the eldest son inherited his father's estate and title, was one of the most significant forces affecting social order in the period. Demonstrating that early modern theatre played a unique and vital role in shaping how inheritance was understood, Michelle M. Dowd explores some of the common contingencies that troubled this system: marriage and remarriage, misbehaving male heirs, and families with only daughters. Shakespearean drama helped question and reimagine inheritance practices, making room for new formulations of gendered authority, family structure, and wealth transfer. Through close readings of canonical and non-canonical plays by Shakespeare, Webster, Jonson, and others, Dowd pays particular attention to the significance of space in early modern inheritance and the historical relationship between dramatic form and the patrilineal economy. Her book will interest researchers and students of early modern drama, Shakespeare, gender studies, and socio-economic history.

After You Lose Someone You Love Allie Dennison, David Dennison, 2005-04-01 Three children who abruptly lost their father share the journals that they kept for almost two years, with reflections and advice for those experiencing a similar loss.

Grandma, I Miss You In Memoriam, 2018-11-14 Mourning Diary for Children: A journal to help young children, age 4-6 and older, through the grieving process after losing a parent or a grandparent. 120 pages, 6x9 story paper layout, space for an individual drawing or a picture, and writing lines. Grieving and Mourning is a very individual, personal, and emotional process.
