Growing Up In A Lesbian Family Effects On Child Development:

Growing Up in a Lesbian Family Fiona L. Tasker, Susan Golombok, 1998-07-13 Legal battles over same sex marriage have drawn increasing public attention to the question of whether lesbian and gay families can raise happy healthy children Opponents of the legal recognition of homosexual unions have based their arguments in part on the premise that children brought up by parents of the same sex face significant social and psychological disadvantages This pioneering volume provides an objective and long overdue look at the experiences of the children themselves Presenting a unique longitudinal study of 25 children raised in lesbian mother families and a comparison group raised by single heterosexual mothers the book examines the developmental effects of growing up in a same sex household and confronts a range of myths and stereotypes along the way Winner Independent Book Publishers Association Benjamin Franklin Award for Editorial and Design Excellence

LGBTQ Parents and Their Children during the Family Life Cycle Nicola Carone, Henny Bos, Geva Shenkman, Fiona Tasker, 2021-03-26

Parenting and Child Development in Nontraditional Families Michael E. Lamb, 1998-10 This book goes beyond traditional families and traditional notions about their impact on child development to consider parallel issues with less frequently studied types of families For developmentalists family specialists clinicians and educators

Advances in Child Development and Behavior, 2014-02-15 Volume 46 of *Advances in Child Development and Behavior* includes chapters that highlight some the most recent research in this area A wide array of topics are discussed in detail including internalization and socialization infants discovery of structure adolescents theories of the commons lesbian and gay parenting early childhood and family interventions predicting aggression causal inference in early development pubertal development the impact on children of parental deployment to war vocabulary development for English learners in the early grades and adaptive tool use in early childhood Each chapter provides in depth discussions and this volume serves as an invaluable resource for developmental or educational psychology researchers scholars and students Chapters highlight some of the most recent research in the area A wide array of topics are discussed in detail

Gay and Lesbian Parenting Fiona Tasker, Jerry J. Bigner, 2008-04-14 Over the past 30 years research on gay and lesbian parents has produced findings that challenge deeply rooted beliefs in child psychology about the processes through which parents influence the development of their children *Gay and Lesbian Parenting New Directions* builds on this important research with a detailed multidisciplinary examination of established knowledge and emerging information In addition to evaluating already substantiated findings this innovative collection marks a turning point in the field by showcasing a new wave of research that examines the dynamics of same sex parenting and addresses questions about newly emerging concerns such as the consequences of different routes to same sex parenthood and the effects of social perceptions on gay and lesbian family life

Handbook of Socialization, Second Edition Joan E Grusec, PhD, Paul D. Hastings, 2015-11-25 Socialization refers to the way in which individuals are assisted in becoming members of one or more social groups including how the newer members

as well as the established ones socialize one another often in a bi directional manner that is response to socialization impact in both directions This is the only handbook on socialization that covers the topic from infancy through adulthood Hot new topics include moral development the media as a socializing agent behavior genetics and culture Authors are known in the field R sum de l diteur Same Sex Intimacies Catherine Donovan,Brian Heaphy,Jeffrey Weeks,2003-09-02 Our families are increasingly a matter of choice and the choices are widening all the time This is particularly true of the non heterosexual world where the last ten years have seen a popular acceptance of same sex partnerships and to a lesser extent of same sex parenting Based on extensive interviews with people in a variety of non traditional relationships this fascinating new book argues that these developments in the non heterosexual world are closely linked to wider changes in the meaning of family in society at large and that each can cast light on the other Same Sex Intimacies gives vivid accounts of the different ways non heterosexual people have been able to create meaningful intimate relationships for themselves and highlights the role of individual agency and collective endeavour in forging these roles as friends partners parents and as members of communities This topical book will provide compelling reading for students of the family sexuality and lesbian and gay studies The SAGE Encyclopedia of LGBTQ Studies Abbie E. Goldberg,2016-05-10 This far reaching and contemporary new Encyclopedia examines and explores the lives and experiences of Lesbian Gay Bisexual Transgender and Queer LGBTQ individuals focusing on the contexts and forces that shape their lives The work focuses on LGBTQ issues and identity primarily through the lenses of psychology human development and sociology emphasizing queer feminist and ecological perspectives on the topic and addresses questions such as What are the key theories used to understand variations in sexual orientation and gender identity How do Gay Straight Alliances GSA affect LGBTQ youth How do LGBTQ people experience the transition to parenthood How does sexual orientation intersect with other key social locations such as race to shape experience and identity What are the effects of marriage equality on sexual minority individuals and couples Top researchers and clinicians contribute to the 400 signed entries from fields such as Psychology Human Development Gender Queer Studies Sexuality Studies Social Work Sociology The SAGE Encyclopedia of LGBTQ Studies is an essential resource for researchers interested in an interdisciplinary perspective on LGBTQ lives and issues **Children, Social Science, and the Law** Bette L. Bottoms,Margaret Bull Kovera,Bradley D. McAuliff,2002-06-10 This important book broadens our conceptualization of the topic of children and law addressing a wide ranging set of issues in need of attention The authors confront many difficult questions such as Are the rights that our nation s laws ascribe to children commensurate with their capabilities and needs How should laws governing the punishment of crime acknowledge developmental differences between adult and juvenile offenders Throughout the book the authors consider a current laws and policies relating to children b how social science research can test assumptions behind child relevant laws and policies c ways that courts can become more receptive to social science recommendations and d challenges faced in the 21st century as our society continues its struggle to accommodate

children's concerns within our legal system. With its unique integration of psychological research, social policy, and legal analysis, the volume is an important resource for any professional concerned with children and the law. **Contemporary Psychoanalytic Approaches to Early Childhood Education** Alex Collopy, 2024-12-16. Contemporary Psychoanalytic Approaches to Early Childhood Education, edited by Alex Collopy, offers critical analyses of psychoanalytic theory to provide a deeper understanding of the construction and education of young children from infancy to age eight, focusing on the experiences of children with identified disabilities, social, emotional, gender, linguistic, racial, and socioeconomic differences. It also provides portraits of early childhood practice and early childhood teacher trainings to demonstrate the potential of psychoanalysis as both a lens for understanding the dynamic nature of being, development, and learning and as a creative, multimodal method for facilitating new relationships between the inner and relational worlds of children and adults. Written by and for scholars and professional educators in curriculum and instruction, school psychology, infant mental health, social work, and allied professions, this book provides insight into the histories, present, and potential futures of psychoanalysis within and across education spaces as an act of advocacy for young children. **LGBT-Parent Families** Abbie E. Goldberg, Katherine R. Allen, 2012-10-11. LGBT Parent Families is the first handbook to provide a comprehensive examination of this underserved area. Reflecting the nature of this issue, the volume is notably interdisciplinary, with contributions from scholars in psychology, sociology, human development, family studies, gender studies, sexuality studies, legal studies, social work, and anthropology. Additionally, scholarship from regions beyond the U.S., including England, Australia, Canada, and South Africa, is presented. In addition to gender and sexuality, all contributors address issues of social class, race, and ethnicity in their chapters. **Lesbian, Gay, and Queer Parenting** S. Hicks, 2011-10-12. This study is based upon original research carried out with lesbian, gay, and queer parents and explores how genealogy, kinship, family, everyday life, gender, race, state, welfare, and intimacy are theorized and lived out, drawing upon interactionist, feminist, discursive, and queer sociologies. **Social Work with Lesbians and Gay Men** Helen Cosis-Brown, Christine Cocker, 2011-01-19. The book clearly links knowledge and practice and is structured in such a way so that theories relevant to social work practices with lesbians and gay men are covered before specific areas of practice are addressed. **Lesbian Couples** D. Merilee Clunis, G. Dorsey Green, 2004-12-21. Written by two experienced lesbian therapists, Lesbian Couples covers a range of topics from marriage to money to conflict resolution and presents a variety of helpful examples and problem-solving techniques, drawing from research done on lesbian couples over the past decade. **Gay and Lesbian Parenting** Jack Drescher, Deborah Glazer, 2001-08-29. Find sources of support for raising a nontraditional family in a straight world. The experience of parenting is commonly overlooked in psychological theory, and lesbians and gay men are not typically considered as parents or parents-to-be. Gay and Lesbian Parenting examines the psychological issues related to developing family and becoming parents for gay men and lesbians. Instead of pathologizing gay and lesbian families, it explores the emotional growth and development issues inherent in child rearing.

Traditionally coming out as gay or lesbian meant abandoning any hope of becoming a parent or keeping your children if you already had them But with the gayby boom in full swing more and more gay and lesbian couples are having new babies adopting children and continuing to raise the offspring of previous heterosexual relationships Although gay and lesbian parents still face unique challenges in building and rearing a family as well as the usual problems heterosexual couples encounter *Gay and Lesbian Parenting* unflinchingly examines these concerns and offers positive suggestions and ideas for dealing with the difficulties This life affirming book takes a look at the practical and emotional realities of raising children in nontraditional family structures including issues of kinship shared motherhood and possessiveness in lesbian couples legal issues entailed by the lack of marriage and legal kinship parenthood as a powerful force for personal growth and development fatherhood as a process of creating connectedness in the family community and place of worship original empirical research on the mental health of lesbians children the history of the gay and lesbian movement as it relates to child rearing *Gay and Lesbian Parenting* affirms the power of gay and lesbian couples to raise healthy happy children and to change and grow through their experience of parenting This book is also essential for mental health professionals from psychiatric nurses to psychiatrists who are working with the gay and lesbian community

Families & Change Christine A. Price, Kevin R. Bush, Sharon J. Price, 2015-12-24 Learn how contemporary families respond to and handle common stressful life circumstances Integrating research theory and applications *Families Change Coping With Stressful Events and Transitions* Fifth Edition offers students an in depth understanding of family change Each chapter of this bestselling text presents the latest scholarship from leaders in the field on family change and stressors as well as resources for intervention Timely topics such as resiliency LGBT families and military families are addressed Editors Christine A Price Kevin R Bush and Sharon J Price cover timely topics such as resiliency LGBT families and military families to name just a few

layout and best views of surgical procedures

Living "Difference" Gillian A Dunne, 2013-10-18 *Living Difference* Lesbian Perspectives on Work and Family Life examines the roles of lesbians in the home in the workplace and as parents. Discussing the advantages of female same sex relationships, this book suggests that these partnerships are able to facilitate more egalitarian ideals for women than heterosexual relationships. This book will help academics, counselors, and women in same sex relationships understand the positive aspects of lesbian parenting and the advantages lesbians experience in these households. Without focusing on lesbians as victims or neglecting their differences from other women, *Living Difference* will help you realize that living different can be an empowering experience. *Living Difference* brings together current theoretical and empirical research on lesbian experiences of work and family life and explores the myths and realities of these women. From this book, you will learn about a recent study in Eastern and Western Europe that revealed several advantages for children with lesbian parents, such as an awareness of prejudice against homosexuality and increased moral development. Providing you with case studies of lesbian parents and their children, *Living Difference* offers you insight into the positive and controversial aspects of this family arrangement, including British tabloid articles that denounce lesbian parenting and discussions of the actual reason for hostility against this type of family: the fears, joys, and legal problems that lesbian couples in Europe face when raising children. Studies indicate co-mothers take a more active role in the life of their children than do fathers; how gender usually determines the division of housework; and the differences between lesbian and heterosexual households. How society faculty and students discriminate against lesbian teachers and how these teachers try to keep their private lives secret for fear of losing their jobs. Offering theories that heterosexual households often confine women to gendered roles, this book will help you understand the positive aspects of living different despite societal prejudices. Focusing on the impact gender and sexuality have on societal roles, *Living Difference* seeks to change the practice of treating lesbianism as the other facet of feminism and will prove to you the positive differences of lesbian families.

Interpersonal Communication Research Mike Allen, Raymond W. Preiss, Barbara Mae Gayle, Nancy Burrell, 2001-08 This volume provides a systematic review of the literature on interpersonal communication, examining the normal practice of scholars and text to summarize existing research. A valuable resource for advanced coursework as well as for scholars in the area.

Handbook of Parenting Marc H. Bornstein, 2019-02-01 This highly anticipated third edition of the *Handbook of Parenting* brings together an array of field-leading experts who have worked in different ways toward understanding the many diverse aspects of parenting. Contributors to the *Handbook* look to the most recent research and thinking to shed light on topics every parent, professional, and policymaker wonders about. Parenting is a perennially hot topic. After all, everyone who has ever lived has been parented, and the vast majority of people become parents themselves. No wonder bookstores' house shelves of how-to parenting books and magazine racks in pharmacies and airports overflow with periodicals that feature parenting advice. However, almost none of these is evidence-based. The *Handbook of Parenting* is Period. Each chapter has been written to be

read and absorbed in a single sitting and includes historical considerations of the topic a discussion of central issues and theory a review of classical and modern research and forecasts of future directions of theory and research Together the five volumes in the Handbook cover Children and Parenting the Biology and Ecology of Parenting Being and Becoming a Parent Social Conditions and Applied Parenting and the Practice of Parenting Volume 3 Being and Becoming a Parent considers a large cast of characters responsible for parenting each with her or his own customs and agenda and examines what the psychological characteristics and social interests of those individuals reveal about what parenting is Chapters in Part I on The Parent show just how rich and multifaceted is the constellation of children s caregivers Considered first are family systems and then successively mothers and fathers coparenting and gatekeeping between parents adolescent parenting grandparenting and single parenthood divorced and remarried parenting lesbian and gay parents and finally sibling caregivers and nonparental caregiving Parenting also draws on transient and enduring physical personality and intellectual characteristics of the individual The chapters in Part II on Becoming and Being a Parent consider the intergenerational transmission of parenting parenting and contemporary reproductive technologies the transition to parenthood and stages of parental development and then chapters turn to parents well being emotions self efficacy cognitions and attributions as well as socialization personality in parenting and psychoanalytic theory These features of parents serve many functions they generate and shape parental practices mediate the effectiveness of parenting and help to organize parenting
