Killing The Imposter God Philip Pullmans Spiritual Imagination In His Dark Materials:

Killing the Imposter God Donna Freitas, Jason E. King, 2007-09-17 Freitas and King address the complex religious and spiritual dimensions of Philip Pullmans His Dark Materials trilogy *Transfiguring Transcendence in Harry Potter, His Dark Materials and Left Behind* Mike Gray, 2013-10-23 Three recent and commercially successful series of novels employ and adapt the resources of popular fantasy fiction to create visions of religious identity J K Rowling s Harry Potter books Phillip Pullman s Dark Materials and Tim LaHaye and Jerry Jenkins Left Behind series The act of creating fantasy counter worlds naturally involves all three stories in the creation of what Mike Gray terms transfigurations of transcendence hopeful albeit paradoxical encodings of the ambiguous non observable reality whose primary locus in modern society is the societally extra systemic human individual Popular fantasy fiction turns out to involve acts of world creation that are inherently religious and inherently paradoxical A substantive examination shows that all three are involved in more or less intentional re narrations of traditional Christian beliefs and narratives The atheist His Dark Materials series does not deny but re imagines the Christian visions of selfhood the traditionalist Left Behind series does not simply replicate but modifies its own declared values the apparent secularity of the Harry Potter series is shaped by its creative reception of Christian patterns and narratives While the stories visions of selfhood clearly clash the basic paradoxes involved in their struggle to articulate transcendence expose significant parallels and a productive conversation with the Christian tradition It is not simply that popular fantasy fiction is theologically relevant the Christian Heilsgeschichte too proves to be highly relevant in popular culture However while far from obsolescent models of religious identity in contemporary society require criticism and creativity and as evinced most powerfully in the Harry Potter stories a flair for constructive engagement with paradox *Philip Pullman* Catherine Butler, Tommy Halsdorf, 2017-09-16 Philip Pullman s His Dark Materials trilogy is a worldwide classic of modern literature for both children and adults Challenging in its intellectual scope ambitious scale and range of literary reference it is also hugely controversial due to its critique of organised religion This collection of original essays by an international team of distinguished scholars assesses Pullman s achievement and introduces readers to some of the key debates surrounding His Dark Materials Covering topics such as religion gender childhood and scientific enquiry the volume also discusses the Hollywood film of the first book and features a new interview with Pullman himself *Looking Beyond?*, 2012-01-01 Religion is undergoing a transformation in current Western society In addition to organized religions there is a notable movement towards spirituality that is not associated with any institutions but in which experiences and notions of transcendence are still important Transcendence can be described as God the absolute Mystery the Other the other as alterity depending on one s worldview In this book these shifts in the views of transcendence in various areas of culture such as philosophy theology art and politics are explored on the basis of a fourfold heuristic model proposed by Wessel Stoker In conversation with this model various authors established scholars in their fields explain the meaning and role or the critique of transcendence in

the thought of contemporary thinkers fields of discourse or cultural domains Looking Beyond will stimulate further research on the theme of transcendence in contemporary culture but can also serve as a textbook for courses in various disciplines ranging from philosophy to theology cultural studies literature art and politics

Losing Our Religion S. E. Cupp, 2010-04-27 The press has become a tool of oppression politicized self aware self motivated and power hungry In short these people can no longer be trusted From S E Cupp s Losing Our Religion It s time to wake up and smell the bias The go to commentator for such programs as Fox News s Hannity and CNN s Larry King Live and Reliable Sources S E Cupp is just that a reliable source for the latest news trends and forecasts in young bright conservative America Savvy and outspoken when shattering left leaning assumptions as she did in Why You re Wrong About the Right Cupp now takes on the most pressing threat to the values and beliefs held and practiced by the majority of Americans the marginalizing of Christianity by the flagrantly biased liberal media From her galvanizing introduction you know where S E Cupp stands She s an atheist A non believer Which makes her the perfect impartial reporter from the trenches of a culture war dividing America and eroding the Judeo Christian values on which this country was founded Starting at the top she exposes the unwitting courtship of President Obama and the liberal press which consistently misreports or downplays Obama s clear discomfort with or blatant disregard for religious America from covering up religious imagery in the backdrop of his Georgetown University speech to his absence from events surrounding the National Day of Prayer to identifying America in his inaugural address as among other things a nation of non believers She likens the calculated attacks of the liberal media to a class war a revolution with a singular purpose to overthrow God and silence Christian America for good And she sends out an urgent call for all Americans to push back the leftist propaganda blitz striking on the Internet radio television in films publishing and print journalism or invite the tyrannies of a mainstream media set on mocking our beliefs controlling our decisions and extinguishing our freedoms Now discover the truth behind the war against Christmas and how political correctness keeps the faithful under wraps the one sided analyses of Prop 8 and the gay marriage debate the media pot shots at Sarah Palin s personal faith the politicization of entertainment mainstays such as American Idol and the Miss USA Pageant and much more Also included are her penetrating interviews with Dinesh D Souza Martha Zoller James T Harris Newt Gingrich Kevin Madden and Kevin Williamson of National Review delivering must read analyses of the latest stunning lowlights from the liberal media

Don't Stop Believin' Robert K. Johnston, Craig Detweiler, Barry Taylor, 2012-01-01 Arranged

chronologically from 1950 to the present this accessible work explores the theological themes in 101 well established figures and trends from film television video games music sports art fashion and literature Magic, Monsters, and Make-Believe Heroes Douglas E. Cowan,2019-01-29 Magic Monsters and Make Believe Heroes looks at fantasy film television and participative culture as evidence of our ongoing need for a mythic vision for stories larger than ourselves into which we write ourselves and through which we can become the heroes of our own story Why do we tell and retell the same stories over and over when we know they can't possibly be true Contrary to popular belief it's not because pop culture has run out of good ideas Rather it is precisely because these stories are so fantastic some resonating so deeply that we elevate them to the status of religion Illuminating everything from Buffy the Vampire Slayer to Dungeons and Dragons and from Drunken Master to Mad Max Douglas E Cowan offers a modern manifesto for why and how mythology remains a vital force today

Narratives, Nerdfighters, and New Media Jennifer Burek Pierce,2020-11-15 For decades we've been warned that video killed the radio star and more recently that social media has replaced reading Nerdfighteria a first of its kind online literary community with nearly three million members challenges these assumptions It is the brainchild of brothers Hank and John Green who provide literary themed programming on their website and YouTube channel including video clips from John a best selling author most famous for his young adult book The Fault in Our Stars These clips not only give fans personal insights into his works and the writing process writ large they also provide unique access to the author inspiring fans to create their own fan art and make connections with one another In the twenty first century reading and watching videos are related activities that allow people to engage with authors and other readers Whether they turn to The Fault in Our Stars or titles by lesser known authors Nerdfighters are readers Incorporating thousands of testimonials about what they read and why Jennifer Burek Pierce not only sheds light on this particular online community she also reveals what it tells us about the changing nature of reading in the digital age In Nerdfighteria we find a community who shows us that being online doesn't mean disinterest in books

Philip Pullman and the Historical Imagination Kristen Poole,2025-03-15 Philip Pullman and the Historical Imagination takes the general reader on a fascinating tour of seventeenth century thought exploring how this time period shaped Pullman's extraordinary trilogies His Dark Materials and The Book of Dust In Part One readers are taken into the mysteries of Renaissance allegory and hieroglyphics tracing how the alethiometer and Lyra's way of reading the device emerged from these traditions Part Two enters the exciting and revolutionary world of seventeenth century science We see how the amber spyglass imitates Galileo's telescope how early modern fantasies of space travel led to ideas of multiple worlds how alchemy entered Lyra's later adventures in Oxford and Prague and how the concept of Dust shares in the physics and philosophies of early scientists like Margaret Cavendish Part Three invites readers into the thrilling epic poem Paradise Lost John Milton's dramatic account of the creation of the world following a violent war in Heaven that was Pullman's inspiration for His Dark Materials Pullman's vibrant re-telling of this core story brings us rebel angels recasts

Satan as a brooding Lord Asriel and presents Lyra as the new Eve Written by an eminent scholar of seventeenth century literature and history Philip Pullman and the Historical Imagination is crafted in an engaging and accessible style aimed at popular readers and fans of Pullman's work It enlivens a historical period that has long attracted Pullman himself bringing to life intriguing figures and the richly complex ideas of the time This book is an exploration of history through the worlds and characters Pullman has invented Ultimately it not only reveals how seventeenth century history helps readers better understand Pullman's novels but shows how reading history through the lens of Pullman's imagination offers new ways of thinking about the past **The Publishers Weekly**, 2007 Postsecularism Mike King, 2009 King offers an innovative look at how spiritual and secular thought collide in today's world and charts a new way forward that combines the best of both worldviews **Funktionen populärer Fantasy-Literatur in der christlichen Rezeption** Hans-Christian Gebbe, 2017 Daily devotionals exploring spiritual themes in Harry Potter youth pastors giving sermons wearing Jedi robes missionary groups using Bilbo's journey to share the Gospel of Christ There is apparently a high level of interest within the Christian community to engage with popular culture This applies in particular to fictional works dealing with the supernatural or fantastic otherworlds The aim of this study is to show how fantasy literature can be used in modern society to articulate religious themes The focus lies on Christian literature such as devotional books and didactic resources for ministry addressing Christian readers in Germany the United Kingdom and the United States of America By analysing Christian literature reflecting Harry Potter His Dark Materials and Left Behind works of fantasy that strongly differ in their engagement with religious themes this thesis shows how Christian teachers apologists writers and speakers create biblical analogies and use religious archetypes to build a bridge between the narratives of popular culture Christian tradition and the reader's personal story **Fantastic Spiritualities** J'annine Jobling, 2010-07-01 In this work Jobling argues that religious sensibility in the Western world is in a process of transformation but that we see here change not decline and that the production and consumption of the fantastic in popular culture offers an illuminating window onto spiritual trends and conditions She examines four major examples of the fantastic genre the Harry Potter series Rowling His Dark Materials Pullman Buffy the Vampire Slayer Whedon and the Earthsea cycle Le Guin demonstrating that the spiritual universes of these four iconic examples of the fantastic are actually marked by profoundly modernistic assumptions raising the question of just how contemporary spiritualities often deemed postmodern navigate philosophically the waters of truth morality authority selfhood and the divine Jobling tackles what she sees as a misplaced disregard for the significance of the fantasy genre as a worthy object for academic investigation by offering a full length thematic comparative and cross disciplinary study of the four case studies proposed chosen because of their significance to the field and because these books have all been posited as exemplars of a postmodern religious sensibility This work shows how attentiveness to spiritual themes in cultural icons can offer the student of theology and religions insight into the framing of the moral and religious imagination in the late

twentieth and twenty first centuries and how this can prompt traditional religions to reflect on whether their own narratives are culturally framed in a way resonating with the signs of the times
