Under the Loving Care of the Fatherly Leader Bradley K. Martin, 2006-01-10 Under the Loving Care of the Fatherly Leader offers in depth portraits of North Korea's two ruthless and bizarrely Orwellian leaders Kim Il Sung and Kim Jong Il Lifting North Korea's curtain of self-imposed isolation this book will take readers inside a society that to a Westerner will appear to be from another planet Subsisting on a diet short on food grains and long on lies North Koreans have been indoctrinated from birth to follow unquestioningly a father-son team of megalomaniacs To North Koreans the Kims are more than just leaders Kim Il Sung is the country's leading novelist philosopher historian educator designer literary critic architect general farmer and ping pong trainer Radios are made so they can only be tuned to the official state frequency Newspapers are filled with endless columns of Kim speeches and propaganda And instead of Christmas North Koreans celebrate Kim's birthday and he presents each child a present just like Santa The regime that the Kim Dynasty has built remains technically at war with the United States nearly a half century after the armistice that halted actual fighting in the Korean War This fascinating and complete history takes full advantage of a great deal of source material that has only recently become available some from archives in Moscow and Beijing and brings the reader up to the tensions of the current day For as this book will explain North Korea appears more and more to be the greatest threat among the Axis of Evil countries with some defector testimony warning that Kim Jong Il has enough chemical weapons to wipe out the entire population of South Korea

The Complicated Ape Bryce Winn, 2022-07-27 The

Complicated Ape The Windows of the Eyes The Roots of the Soul The Devil s Gift and Our Divine Curse By Bryce Winn We live under an illusion that we live in a world of harsh divisions People don t want unity because we have an affinity for totalitarianism because we have a common ideal food and security and we identify as the victim and likewise identify a group of oppressors rather than any specific individual so invite the tyrannical excess of our position and impose it on people because people don t normally care if it doesn t affect them and all the better if it benefits them Ecofeminism and Pantheism has been abandoned by many philosophers and thinkers because of there lack of there inconsistencies and lack of identity but these belief systems can lead to the synchronicity of opposites such as the masculine and the feminine eastern and western religions and republican and democrats Ecofeminism and a Pantheism can orient us towards compassion and humility which should be the foundation of our ethos Animal cruelty tribalism religion and atheism are psychological indicators of a suffering society There is a correlation between how societies become cruel and societal erosion The environment is the heart of the economy because of the resources it offers but the genocide of native animals and ecocide often coincide with a cruel society Once a society degenerates into ignorance resentment betrayal division fragmentation and corruption then society will become cruel and become totalitarian and then it will eventually collapse The source of psychological suffering and what leads to crime and wickedness is the fall from nature and the separation of the family household The way that societies become cruel begin with betrayal deception and rejection and a societal indicator of this when we see isolation alienation and tyranny and this is caused by family friends and the state Because this resentment towards life and towards state accumulates over generations and is passed down through the form of childhood trauma In other words we have a non ending cycle of resentful parents which leads them to be tyrannical and this accumulates and makes up society and then we make our children internalize the problems of society through shame dumping blame shifting worship and dogmatic intrusion We do this because children are extensions of ourselves All issues in society start in the family household
