

Kindergarten

Math

These five units cover all of the kindergarten common core math standards.

They come with assessments, centers, worksheets, games and MORE!

AUGUST, SEPTEMBER, OCTOBER
I start the kindergarten school year with this unit. We are learning 1:1 correspondence, numerals 1-20, one more one less, more than/less than, counting on, how to use ten frames and number lines plus so much more!

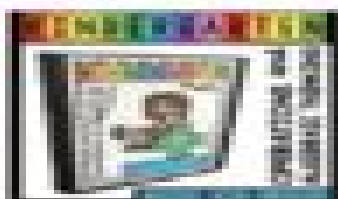

NOVEMBER
We are having so much fun learning about 2D shapes and 3D solids. Students learn positional words, practice modeling shapes in the world and composing new shapes.

DECEMBER, JANUARY
Measurement and Data is such an engaging, hands-on unit to teach. We learn about how to measure real life objects, compare measurable attributes, collect data and graph.

FEBRUARY
We dive into teen numbers and place value. We are learning that a teen number is a group of ten plus extra ones. We practice writing and ordering teen numbers.

MARCH, APRIL, MAY
This is a big unit! We learn how to add and subtract, we become fluent with facts to 5, we practice making ten, we learn how to decompose numbers and we use objects, pictures and more to solve problems.
