

THE KINGS & QUEENS OF SCOTLAND

RICHARD ORAM (ED.)

Kings Queens Of Scotland By Richard Oram

Richard Oram

Kings Queens Of Scotland By Richard Oram:

The Kings and Queens of Scotland: Classic Histories Series Richard Oram,2011-09-16 The history of the Scottish monarchy is a long tale of triumph over adversity characterised by the personal achievements of remarkable rulers who transformed their fragile kingdom into the master of northern Britain The Kings and Queens of Scotland charts that process from the earliest Scots and Pictish kings of around ad 400 through to the union of parliaments in 1707 tracing it through the lives of the men and women whose ambitions drove it forward on the often rocky path from its semi mythical foundations to its integration into the Stewart kingdom of Great Britain It is a route waymarked with such towering personalities as Macbeth Robert the Bruce and Mary Queen of Scots but directed also by a host of less well known figures such as David I who extended his kingdom almost to the gates of York and James IV builder of the finest navy in northern Europe Their will and ambition successes and failures not only shaped modern Scotland but have left their mark throughout the British Isles and the wider world **The Kings and Queens of Scotland** Richard Oram,2021-04 Colourful and complex history of the Kings and Queens of Scotland *Scotland's Kings and Queens* Richard D. Oram,Richard Oram,1997 Part of a series that offers a survey of the major aspects of Scotland s history and culture this volume looks at the monarchs who ruled Scotland from the earliest kings of Picts and Scots to James IV and the time of the union with England **The Kings and Queens of Scotland** Richard Oram,2023-03-30 *Scotland's Medieval Queens* Sharon Bennett Connolly,2025-01-30 Discover Scotland s turbulent history through the lives of its medieval queens who ruled loved and sacrificed for their nation Scotland s history is dramatic violent and bloody Being England s northern neighbour has never been easy Scotland s queens have had to deal with war murder imprisonment political rivalries and open betrayal They have loved and lost raised kings and queens ruled and died for Scotland From St Margaret who became one of the patron saints of Scotland to Elizabeth de Burgh and the dramatic story of the Scottish Wars of Independence to the love story and tragedy of Joan Beaufort to Margaret of Denmark and the dawn of the Renaissance Scotland s Medieval Queens have seen it all This is the story of Scotland through their eyes The Kings & Queens of Scotland Richard Oram,2004 **The Stewarts** Richard Oram,2011-08-26 This is an accessible illustrated history of the Stewart royal family kings and queens of the Scots from Robert II 1371 90 to James VI 1567 1625 the last Stewart monarch to really know and understand the Scots The Best Kings of the Middle Ages Phil Bradford,2025-08-30 Reexamines five famed medieval kings questioning whether their celebrated legacies truly reflect their complex and often troubling reigns Henry II Richard I Edward I Edward III Henry V Five men seen as success stories of Medieval English kingship Three inherited tarnished crowns and restored their glory Legal reformers and warriors they ruled over widespread lands for decades upholding justice expanding their authority and changing their realms Two others are the most famous of warrior kings their short reigns encompassing crusades and legendary victories Contemporary writers often waxed lyrical about them as ideals of kingship Many modern writers have been similarly enthusiastic Is this justified

Alongside the story of success are other narratives ones showing these kings in a more ambiguous light We have the murder of archbishops the massacre and expulsion of religious minorities actions in battles and sieges which today we would see as war crimes Claims for their greatness sit uneasily with darker moments and legacies which challenge how we approach their reputations today This book looks at the lives of these kings and how those reputations have been shaped across the centuries from medieval contemporaries to the modern day in both history and fiction Having weighed the evidence it seeks to determine the answer to the question were these really great kings the best monarchs of the Middle Ages Invisible Ancestor Miriam A. Bibby,2024-04-01 The outstanding qualities of the Galloway horse landrace are referenced in literary sources from the late sixteenth century onwards Brief but eloquent and revealing allusions appear in the work of William Shakespeare Thomas Dekker Ben Jonson and other writers with connections to the Tudor Stuart Caroline and Carolean courts The Galloway nag was sufficiently influential for its name to become a generic widely applied to small horses of a certain type speedy enduring and reliable This is still the case in the north of England and Australia where the terms Galloway and Galloway continue to be used today The Galloway contributed to a surprising number of modern horse breeds including the Thoroughbred yet few people are aware of its influence Miriam A Bibby shows how and why its contribution has been overwritten by other narratives In doing so she also reveals previously unexplored sources that indicate the complex role played by the imagined Galloway in Anglo Scottish relations Collectively these represent a unique new genre of commentary that she identifies as Galloway Nag Satire This is the first major study devoted to the history of the Galloway horse The Kings and Queens of Scotland Richard Oram,2011 **The Canmores** Richard D. Oram,2002 This is the authoritative and accessible illustrated history of the Canmore Royal Family kings and queens of the Scots from Malcolm III to Alexander III

The Gest of Robyn Hode: A Critical and Textual Commentary Robert B. Waltz, The Gest is the earliest major writing about Robin Hood although it tells a tale very different from that found in most modern retellings This version attempts to produce a more accurate text of the long lost original it also provides a modernized parallel To this is added an extensive historical introduction line by line commentary vocabulary study and a selection of other texts which clarify the context of the Gest Dedicated to Patricia Rosenberg The Mighty Warrior Kings Philip J. Potter,2020-04-30 The epic victories and struggles of nine kings from the restoration of the western Roman empire by Charlemagne to the battles of Robert the Bruce The Mighty Warrior Kings traces the history of early Europe through the biographies of nine kings who had the courage determination and martial might to establish their dominance over the fragmented remnants of the Roman Empire The book begins with Charlemagne who united large regions of current day France Germany and Italy into the Holy Roman Empire and ends with Robert the Bruce who gallantly defended Scotland against the attempted usurpation of England There are many famous warrior kings in the book including Alfred the Great of Wessex whose victories over the Vikings led to the unification of England under a single ruler William I of Normandy whose triumph at Hastings in 1066 changed the course of

English history while Frederick I Barbarossa led his army to victory in Germany and Italy solidifying and expanding the lands under the suzerainty of the Holy Roman Emperor Among the lesser known monarchs discussed in the work are Cnut whose victory at the battle of Ashingdon won the English crown and resulted in the creation of the North Sea Empire which ruled over the kingdoms of England Denmark and Norway while during the reign of Louis IX of France the knights of Europe answered his call for the Seven Crusade to expel the Muslims from the Holy City of Jerusalem From Charlemagne to Robert the Bruce the warrior kings created a new Europe with a centralized power base and set the stage for the following Age of Absolutism A most fascinating account Firetrench *Creating Memory* Farah Mendlesohn,2020-09-23 This book considers the English Civil Wars and the civil wars in Scotland and Ireland through the lens of historical fiction primarily fiction for the young The text argues that the English Civil War lies at the heart of English and Irish political identities and considers how these identities have been shaped over the past three centuries in part by the children's literature that has influenced the popular memory of the English Civil War Examining nearly two hundred works of historical fiction Farah Mendlesohn reveals the delicate interplay between fiction and history **Historical Dictionary of the British Monarchy** Kenneth J. Panton,2023-10-15 The foundations of the British monarchy date from the era more than a millennium ago when Anglo Saxon Celtic and Viking peoples competed for dominance Early sovereigns exercised near absolute power but over time that authority dwindled as the changing role of women the democratization of society dynastic intermarriage financial demands religious convictions struggles for economic and political control and territorial aggrandizement combined to promote change The strengths and weaknesses of rulers such as William the Conqueror Henry VIII Elizabeth I and Mary Queen of Scots and Queen Elizabeth also contributed to the evolution of the monarchy and are documented here Historical Dictionary of the British Monarchy Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 800 cross referenced entries that cover significant events places institutions and other aspects of British culture economics politics and society This book is an excellent resource for students researchers and anyone wanting to know more about the British monarchy **Britain, Ireland and the Crusades, c.1000-1300** Kathryn Hurlock,2012-12-07 From 1095 to the end of the thirteenth century the crusades touched the lives of many thousands of British people even those who were not crusaders themselves In this introductory survey Kathryn Hurlock compares and contrasts the crusading experiences of England Ireland Scotland and Wales Taking a thematic approach Hurlock provides an overview of the crusading movement and explores key aspects of the crusades such as Where crusaders came from When and why the papacy chose to recruit crusaders The impact on domestic life as shown through literature religion and taxation Political uses of the crusades The role of the military orders in Britain This wide ranging and accessible text is the ideal introduction to this fascinating subject in early British history Medieval Hostageship c.700-c.1500 Matthew Bennett,Katherine Weikert,2016-09-13 This volume explores the issues of taking using and being hostages in the Middle Ages

It brings together recent research in the areas of hostages and hostageships looking at the act of hostage taking and the hostages themselves through the lenses of political and social history Building upon previous work this volume in particular critically examines not only the situations of hostages and hostageships but also the broader social and political context of each situation developing a more complete picture of the phenomenon *The Kings and Queens of England* W M Ormrod,2011-10-24 An authoritative and accessible history of the kings and queens of England from the warrior kings of the Dark Ages to King Charles III The lives of the kings and queens of England include some of the most dramatic episodes in the history of Great Britain Whether it s William the Conqueror s slaying of Harold Godwinson Henry VIII s readiness to behead his unfortunate wives Elizabeth I s chastity or the glamour of the young Elizabeth II these monarchs hold both legendary and symbolic positions in the public imagination *The Thistle and The Rose* Linda Porter,2024-06-20 Margaret Tudor the elder sister of her more famous brother Henry VIII is the single most important Tudor figure of this era that historians have consistently overlooked Married at thirteen to the charismatic James IV of Scotland a man more than twice her age she would learn the skills of statecraft that would enable her to survive his early death and to construct a powerful position in her adopted country of Scotland as she dealt with domestic issues as well as navigating international relations with England and France Often reviled for her hasty remarriage and therefore the loss of the regency the book shows that Margaret was damned if she did remarry and damned if she didn t Her two subsequent marriages were both disastrous personally but she never gave up Her son attained the throne in his own right in 1528 largely through his mother s determination Margaret s story is also one of fierce sibling rivalry with her younger brother Henry VIII a series of matrimonial mishaps and fighting off an unearned reputation as an over sexed whinger fixated by clothes and jewels Margaret was a complex not always likeable woman who had the true Tudor attributes of self expression and a flair for the dramatic She knew that you had to look like a queen Drawing on Margaret s extensive correspondence more of her letters survive than of all the other Tudor queens put together and contemporary poems and literature Linda Porter fashions a compelling story of a misunderstood and underestimated Tudor monarch whose determination to fight for the rights of her son James V is at the core of her dramatic life and indeed laid the groundwork for a future British state **Scotland** Fiona J. Watson,2002 Scotland A History 8000 BC AD 2000

Thank you for reading **Kings Queens Of Scotland By Richard Oram**. As you may know, people have look hundreds times for their favorite books like this Kings Queens Of Scotland By Richard Oram, but end up in infectious downloads.
