Lines Of Fire A Renegade Writes On Strategy Intelligence And Security:

To Make and Keep Peace Among Ourselves and with All Nations Angelo Codevilla, 2014-05-01 Author Angelo Codevilla asks What is to be America's peace How is it to be won and preserved in our time He notes that our government's increasingly unlimited powers flow in part from our statesmen's inability to stay out of wars or to win them and that our statesmen and academics have ceased to think about such things The purpose of this book is to rekindle such thoughts The author reestablishes early American statecraft's understanding of peace what it takes to make it and what it takes to keep it He reminds Americans why our founding generation placed the pursuit of peace ahead of all other objectives he shows how they tried to keep the peace by drawing sharp lines between America's business and that of others as well as between peace and war He shows how our 20th century statesmen confused peace and war as well as America's affairs with that of mankind's The result he shows has been endless war abroad and spiraling strife among Americans Codevilla provides intellectual guidelines for recovering the pursuit of peace as the guiding principle by which the American people and statesmen may navigate domestic as well as international affairs

From Buddy to Boss, 2nd Ed Chase Sargent, 2018-04-13 Professional development and leadership with you in mind A good friend once said about Chase Sargent that he's a very intelligent man but he sure does tick people off sometimes Sargent doesn't disagree He may have made some people mad but he wishes he had done it more often to get this point across Leadership in all aspects of life is sorely lacking The second edition of From Buddy to Boss Effective Fire Service Leadership reinforces the fact that the fire service is screaming for leaders as men and women discover that leadership is important to their existence and success Being a firefighter can be tiring and frustrating but it can be rewarding It's not only about the job but also about raising kids managing your life and trying to be a good person attached to God country family and friends says the author Many leaders today are surrounded by external politics hidden agendas fiscal constraints and manipulative people Consider these factors when navigating your career Sargent knows from decades of experience that simply reaching the top of the organizational ladder does not make you a good leader Before he went into teaching this subject It became apparent very quickly that the leadership and human resources training being provided was as scarce as water in a desert and that the re service was
