set of legal proposals that could start us down the road to preserving the marine hotspots and with them most of Earth's biodiversity. Legal solutions are not the only answer but they are a beginning.

*The Cambridge Companion to Hugo Grotius* Randall Lesaffer, Janne E. Nijman, 2021-09-16 The Cambridge Companion to Grotius offers a comprehensive overview of Hugo Grotius 1583-1645 for students, teachers, and general readers while its chapters also draw upon and contribute to recent specialised discussions of Grotius' oeuvre and its later reception. Contributors to this volume cover the width and breadth of Grotius' work and thought ranging from his literary work including his historical, theological, and political writing to his seminal legal interventions. While giving these various fields a separate treatment, the book also delves into the underlying conceptions and outlooks that formed Grotius' intellectual map of the world as he understood it and as he wanted it to become, giving a new political and religious context to his forays into international and domestic law.

Issues for Debate in Environmental Management CQ Researcher, 2010 *Issues for Debate in Environmental Management* is a contemporary collection of articles covering core issues within the broad topic of environmental management. The book is intended to supplement core courses in the Business and Management curriculum titled *Environmental Management Sustainability and Business and Society* among other similarly titled courses. The book begins with a feature article titled *The New Environmentalism: Can New Business Policies Save the Environment* and progresses through 16 articles of topics generally covered in environmental management courses including global warming, the green economy, clean energy sources, water sources, and other opportunities for business and management exploration.

**International Issues in Social Work and Social Welfare** CQ Researcher, 2009-09-01 *International Issues in Social Work and Social Welfare* is now available through CourseSmart. What is human trafficking and where does it occur? How have other nations exploited children as child soldiers and what can be done about it? Have violence and discrimination against women increased or decreased globally over the past decade? The collection of articles in *International Issues in Social Work and Social Welfare* addresses these questions and many more. The articles encourage lively classroom discussion and debate and bring pressing international issues into the classroom for almost any course across the social work curriculum as required by the new guidelines set forth by the Council on Social Work Education.

About CQ Researcher Readers In the tradition of nonpartisanship and current analysis that is the hallmark of CQ Press, CQ Researcher readers investigate important and controversial policy issues. Offer your students the balanced reporting, complete overviews, and engaging writing that CQ Researcher has consistently provided for more than 80 years. Each article gives substantial background and analysis of a particular issue as well as useful pedagogical features to inspire critical thinking and to help students grasp and review key material. A pro/con box that examines two competing sides of a single question. A detailed chronology of key dates and events. An annotated bibliography that includes Web resources. An outlook section that addresses possible regulation and initiatives from Capitol Hill and the White House over the next 5 to 10 years. Photos, charts, graphs, and maps.
