**The King of Jersey** Steve Roberts, 2015-12-09 Chris was no longer the same loser from Jersey High Sitting alone on the edge of his throne overlooking the scandalous city he was struggling with the memories of a haunting past that included an abusive father beatings and a distrust of even the closest people surrounding him But it took one humiliating graduation party to lead him into an underground world of drugs gang wars and political corruption Set in the late 80s when the war against drugs was beginning to collapse The King of Jersey follows Chris as he becomes a small time dealer He encounters the accidental death of a friend s girlfriend a revenge killing and a murder that he himself can t avoid participating in He soon learns that death the sacrifice of friendships and even backstabbing by those once loyal to each other are the casualties along the path he has chosen Entering the high life of the international drug trade Chris finds a way to sell gold seal hash the sexiest drug on the streets of Jersey to become a kingpin in a flashy underworld of clubs thousand dollar a night hookers wealth and power that deteriorates everyone that touches it He never really wanted any of this even though it made him grow into a man the man he never wanted to be Chris himself becomes a potential casualty in his new life when he uncovers the truth about a failed hit Now he must run from the game and leave this dangerous life forever before vengeful rivals and powerful political thugs find him

Potter, 2020-04-30 The epic victories and struggles of nine kings from the restoration of the western Roman empire by Charlemagne to the battles of Robert the Bruce *The Mighty Warrior Kings* traces the history of early Europe through the biographies of nine kings who had the courage determination and martial might to establish their dominance over the fragmented remnants of the Roman Empire The book begins with Charlemagne who united large regions of current day France Germany and Italy into the Holy Roman Empire and ends with Robert the Bruce who gallantry defended Scotland against the attempted usurpation of England There are many famous warrior kings in the book including Alfred the Great of Wessex whose victories over the Vikings led to the unification of England under a single ruler William I of Normandy whose triumph at Hastings in 1066 changed the course of English history while Frederick I Barbarossa led his army to victory in Germany and Italy solidifying and expanding the lands under the suzerainty of the Holy Roman Emperor Among the lesser known monarchs discussed in the work are Cnut whose victory at the battle of Ashingdon won the English crown and resulted in the creation of the North Sea Empire which ruled over the kingdoms of England Denmark and Norway while during the reign of Louis IX of France the knights of Europe answered his call for the Seven Crusade to expel the Muslims from the Holy City of Jerusalem From Charlemagne to Robert the Bruce the warrior kings created a new Europe with a centralized power base and set the stage for the following Age of Absolutism A most fascinating account Firetrench
