## **King Obama Americas Greatest Danger:**

**Obama's America** Ian Reifowitz, 2012 Discusses President Obama's vision for national unity by studying American history his own heritage and contemporary views on race and nationalism      **King's Dream: Barack Obama Becomes President of the United States of America** Sherry Hutson, Lynn Lyons, 2012-06-01 An election year news diary of the 2008 Democratic primary and general election told through accounts accessed entirely from electronic media The editors reveal a unique dynamic story told by over 500 writers from nearly 200 sources Over 1 200 entries are included in this month by month chronology featuring journalists candidates pollsters pundits bloggers comedians celebrities musicians artists politicians and the people Entries include hard news speeches commentary humor statistics and facts surrounding the 2008 election of Barack Obama A companion website is also available at [kingsdream.com](http://kingsdream.com)      **Final Warning** Gabriel Michaels, 2022-04-06 In his second book about the coming horrendous WWII nuclear fire war Final Warning WWII Part Two Gabriel Michaels deals with several end time subjects Among these are the rise of the Antichrist and the false prophet the extensive preparations for WWII that are being done by the United States NATO Russia and Russia's prophetic allies and the end time signs in the heavens He also examines the question that everyone wants to know concerning the timing of Jesus's return when I think you will be surprised by what God has shown him about this and how close we actually may be to WWII and Jesus's return at the Rapture In easy to understand language Gabriel Michaels shows that time is running out for man's rule of earth He shows how and why Jesus truly is coming to earth soon to set up his kingdom of one thousand years If you have already read WWII Part One then once you read this book many of your questions concerning the end times may well be answered For the sake of you your family and your friends you should know these things We are quickly moving to a great climax in world history This could quite literally be the final warning that many will hear The sunset of man's rule over Earth his final generation to rule Earth began May 14 1948 when Israel became a nation The sunrise of the rule of Earth by Jesus Christ King of kings is upon us and very few understand that The prophet Daniel was told in Daniel 12 9 NIV Go your way Daniel for the words are closed up and sealed until the time of the end The words of end time prophecy are being unsealed in this book in a way you have probably never heard before You can be one of those in the end times who would be among the wise as the prophet was told in Daniel 12 10 NIV None of the wicked will understand but those who are wise will understand Author Gabriel Michaels has studied for over fifty years to bring this word of warning to you to help you understand the lateness of the hour in which you live This is a warning done out of love Please listen before it's too late King Jesus is coming Get ready for the return of the King      **Dangerous Doctrine** Robert G. Kaufman, 2016-05-13 Much like Margaret Thatcher and Ronald Reagan President Barack Obama came to office as a politician who emphasized conviction rather than consensus During his 2008 presidential campaign he pledged to transform the role of the United States abroad His ambitious foreign policy goals included a global climate treaty the peaceful withdrawal of American military forces from Iraq and Afghanistan

and a new relationship with Iran Throughout Obama's tenure pundits and scholars have offered competing interpretations of his grand strategy while others have maintained that his policies were incoherent or at best ad hoc In *Dangerous Doctrine* political scientist Robert G Kaufman argues that the forty fourth president has indeed articulated a clear consistent national security policy and has pursued it with remarkable fidelity Yet Kaufman contends that President Obama has imprudently abandoned the muscular internationalism that has marked US foreign policy since the end of World War II Drawing on international relations theory and American diplomatic history Kaufman presents a robust critique of the Obama doctrine as he situates the president's use of power within the traditions of American strategic practice Focusing on the pivotal regions of Europe the Middle East and Asia this provocative study demonstrates how current executive branch leadership threatens America's role as a superpower weakening its ability to spread democracy and counter threats to geopolitical order in increasingly unstable times Kaufman proposes a return to the grand strategy of moral democratic realism as practiced by presidents such as Harry S Truman Ronald Reagan and George W Bush with the hope of reestablishing the United States as the world's dominant power

movement's participants did not know the history and theory of the original 1773 Boston Tea Party from which the modern movement takes its name. The extensive library of original books, newspapers, magazines, etc. now available primarily via Google Books to anyone over the Internet means that researchers have available to them the university libraries of the world. The availability of accurate original documents made it possible to expand the original scope of research into other historical events and into other countries, primarily Great Britain, and enabled the work to develop into a more general examination of theories of human dignity and of the differing conception of government that arises depending on the conception of human dignity that is characteristic of the people that is creating that government.

*Reasons to Read America the Great 2014*  
Edward Sisson, 2014-08-20. This book includes 42 messages drafted during the first seven weeks, June 23 to August 12, after publication of *America the Great*, which the author of *America the Great* sent to various groups of persons he thought would be interested in reading *America the Great*. Some of the earliest messages are to persons in Scotland and the United Kingdom because of the September 2014 Scotland Independence Referendum to note the argument in *America the Great* concerning the legal and practical possibility of joining the United States rather than the European Union. Several of the messages, the longest ones, are to professors and experts in the fields of political science and law in non-United States countries, especially in countries threatened by the current government of mainland China, including Taiwan, South Korea, Japan, the Philippines, and Australia. As he neared the end of the process of drafting these, it occurred to the author that a collection of the messages could be of interest to the general world-wide public. The message to the Philippines, which closes this collection, is perhaps the most important due to its discussion of naval military issues and ought also to be read by Australians as if directed to them. New Zealanders should consider the Australian and Philippines messages as also directed to them. The author has added a 27-page addendum concerning the sources of his assertion of expertise in military and diplomatic strategy. This addendum is original material not in *America the Great* and not included in any of the messages.

**The Trojan Horse President**  
Peter A. Olsson and Laurence F. Messner, 2019-03. Authors Peter A. Olsson and Laurence F. Messner both had high hopes when Barack Obama was elected President of the United States. We were impressed with Obama's gift for moving and eloquent speeches. As both black and white, himself, Obama had a unique opportunity. We had hopes that Obama would bring black America and white America together to continue our country's solid progress toward freedom and justice for all. The authors state: After a severe economic crisis, we hoped for the return of American economic prosperity, military power, and spiritual leadership for peace in the world through American strength of leadership. We have been sorely disappointed in Mr. Obama. This book expresses our intense disappointments and the rationale behind our thinking. The opinions, discussions, and correspondence in *The Trojan Horse President* took place from soon after Barack Obama's election to the presidency until just before the presidential election of 2016.

**America's Five Most Recent Fake Presidents and Why They Love the Lie** Dowling G. Campbell PH.D.,2023-05-02 Freedom and democracy have been competing with tyranny and greed since mankind arrived During both World Wars America led in the sacrifice of our soldiers and resources Ever since American freedom has been seriously deteriorating My book America s Most Recent Five Fake Presidents and Why They Love the Lie is an attempt to help restore old fashion intelligence graciousness along with freedom and democracy These five fake presidents Richard Nixon Ronald Reagan George H W Bush George W Bush and Donald Trump have all deliberately damaged freedom intelligence and liberty almost beyond repair The first four either started or exacerbated wars and are responsible for the untold deaths of American troops among others In addition each created a trove of lies that conservatives have been hiding for years The fifth Donald Trump has built a web of lies that has captured and killed the truth of freedom for a frighteningly large number of Americans including a number of conservative politicians In contrast the intervening Democratic presidents have been able to stop the wars started by these Republican presidents and in many cases even restored some much needed financial assistance to those who need it most One of the numerous illustrations is the fact that Bill Clinton in addition to bringing the Bosnia War to an end balanced the budget four times in eight years and left millions of surplus dollars which Bush 2 squandered away in his first six months with Republican praise
