Intimacy on the Internet Lauren Rosewarne, 2016-04-14 The focus of this book is on the media representations of the

use of the Internet in seeking intimate connections be it a committed relationship a hook up or a community in which to dabble in fringe sexual practices Popular culture film narrative television the news media and advertising present two very distinct pictures of the use of the Internet as related to intimacy From news reports about victims of online dating to the presentation of the desperate and dateless the perverts and the deviants a distinct frame for the intimacy Internet connection is negativity In some examples however a changing picture is emerging The ubiquitousness of Internet use today has meant a slow increase in comparatively more positive representations of successful online romances in the news resulting in more positive spin advertising and a more even handed presence of such liaisons in narrative television and film Both the positive and the negative media representations are categorised and analysed in this book to explore what they reveal about the intersection of gender sexuality technology and the changing mores regarding intimacy

routinely wreck their lives because they stick their dick in a blender having sex with the wrong kinds of women STDs unplanned pregnancies false accusations mental health headcases and divorce make chasing skirts a dangerous game While lesser men retreat from the pursuit of women into the pixel powered pleasure world you have faith that your hunt for a virtuous woman will be fruitful You can't take a time machine back to a more decent age to find a marriageable woman You're not ready to give up on your genetic purpose and start banging sex robots but you're tired of the transient meaningless flings with mediocre women You're likely underestimating just how risky sex a relationship or marriage is with the modern woman But you're also underestimating just how rewarding it is to win the commitment of a nice girl a truly feminine woman not at war with the natural order and intertwine your essence with hers Don't Stick Your Dick in a Blender is an irreverent politically incorrect exposition of the state of dating in the current year And a playbook of counter intuitive approaches advanced social dynamics lifehacks along with filtering strategies for avoiding the time wasters and inglorious skanks How to meet a nice girl Meeting a wife material woman Yes it's still possible Dating post COVID 19 The global pandemic plandemic has changed the game you must adapt The truth about marrying an exotic foreign woman Is it for you Online dating Navigating the digital minefield of fakers flakes liars and scams Mindset demystified Deprogramming the mainstream and counter culture mindsets that cost you love Dating abroad How to do it without getting royally screwed Avoiding the friend zone Advanced persuasion and sexual signaling methods Seducing a virgin Why this really matters and how to do it Eliciting yielding Yin energy Inspiring a woman to adopt your values Cultivating her devotion Get laid like a lover and get respect like a patriarchal provider Tantric sex hacks Up your bedroom skills with an arsenal of holistic biohacks both ancient and cutting edge for life changing sex Losing your virginity Perhaps you're a frustrated virgin or Incel disappointed with all the crappy advice about how to lose your virginity 33 steps are broken down for meaningfully losing your virginity And in these pages you'll get the red pills on dating sex and the fairer sex without the hopelessness and cynicism You'll learn about the four red flags of a blender deal breakers that should make you back away slowly from a woman You'll learn what qualifies as a virtuous woman with whom you might have a future And why there are reasons to be optimistic about finding love and even getting married one day This book is also a story of hope and redemption the memoir of a reformed pick up artist who enjoyed the decline all the way from America and Colombia to Ukraine and found edifying joy and meaning between the voluptuous thighs of a beautiful Bulgarian woman on the edge of Europe *The Benefits of Friends* Jana Mathews, 2022-08-02 In 2011 Jana Mathews's career took a surprising turn What began as an effort for a newly minted college professor to get to know her students turned into an invitation to be initiated into a National Panhellenic Conference sorority and serve as its faculty advisor For the next seven years Mathews attended sorority and fraternity chapter meetings Greek Week competitions leadership retreats and mixers and formals She also counseled young men and women through mental health crises experiences of sexual violence and drug and alcohol abuse Combining her personal observations with

ethnographic field analysis and research culled from the fields of sociology economics and cognitive psychology this thought provoking book examines how white Greek letter organizations help reshape the conceptual boundaries of society's most foundational relationship categories including friend romantic partner and family Mathews illuminates how organizations manipulate campus sex ratios to foster hookup culture broker romantic relationships transfer intimacy to straight same sex friends and create fictive family units that hoard social and economic opportunity for their members In their idealized form sororities and fraternities function as familial surrogates that tether their members together in economically and socially productive ways In their most warped manifestations however these fictive familial bonds reinforce insularity entrench privilege and at times threaten physical safety

Digital Technologies and Gendered Realities Lakshmi Lingam, Nolzazi Mkhwanazi, 2024-09-13 The book explores the varying experiences and engagement of youth with smartphones and digital technologies in India and South Africa It examines the process of meaning making identity construction garnered through smartphone technology specifically relating to notions of love sex and sexuality A keen reappraisal of the smartphone revolution the essays underline the constant negotiations between technology and social institutions such as family schools colleges universities religious groups traditional community leaders media police law and governments The volume looks at new forms of digital based surveillance on girls women and gender

minorities and maps the responses of state civil society and women's movements in tackling the divergent narratives of freedom versus control empowerment versus violence It specifically looks at how concepts of privacy agency autonomy and consent are being framed in the legal arena regarding young women which may or may not be empowering of their agency and choices Challenging notions about gender technology and society this book will be of great interest to scholars and researchers of sociology and social anthropology politics gender studies and Global South studies *The McDonaldization of Society* George Ritzer, 2018-01-12 The McDonaldization of Society is George Ritzer's seminal work of critical sociology that links classical sociological theory to many aspects of contemporary life in a globalized world Max Weber's rationalization thesis updated and applied to the late 20th and early 21st century Where Weber focused on bureaucracies as the iron cages of rationalization in his time the central premise of McDonaldization is that the fast food restaurant has become the model for the rationalization process today The book examines ways in which fast food businesses have created a system of operation based on efficiency calculability predictability and control and how the same principles have been applied to other settings and contexts as diverse as motel chains big box stores churches child care centers college rankings health care providers political participation and most recently the Internet *We Have Never Been Woke* Musa al-Gharbi, 2025-10-07 How a new woke elite uses the language of social justice to gain more power and status without helping the marginalized and disadvantaged Society has never been more egalitarian in theory Prejudice is taboo and diversity is strongly valued At the same time social and economic inequality have exploded In *We Have Never Been Woke* Musa al Gharbi argues that these trends are closely related each tied to the rise of a new elite the symbolic capitalists In education media nonprofits and beyond members of this elite work primarily with words ideas images and data and are very likely to identify as allies of antiracist feminist LGBTQ and other progressive causes Their dominant ideology is wokeness and while their commitment to equality is sincere they actively benefit from and perpetuate the inequalities they decry Indeed their egalitarian credentials help them gain more power and status often at the expense of the marginalized and disadvantaged *We Have Never Been Woke* details how the language of social justice is increasingly used to justify this elite and to portray the losers in the knowledge economy as deserving their lot because they think or say the wrong things about race gender and sexuality Al Gharbi's point is not to accuse symbolic capitalists of hypocrisy or cynicism Rather he examines how their genuine beliefs prevent them from recognizing how they contribute to social problems or how their actions regularly provoke backlash against the social justice causes they champion A powerful critique *We Have Never Been Woke* reveals that only by challenging this elite's self-serving narratives can we hope to address social and economic inequality effectively **British Phænogamous Botany; William Baxter, 1834**
