The sole aim of this sacred book is to ignite young minds to turn their dreams into determination for national growth and development through personal skill and capacity development. This book highlights India's rich and glorious history, culture, trade, commerce, politics, geography, demography, and economy on one hand and religion, spirituality, philosophy, gender, education, health, climate, action, and science technology on the other hand. What are India's present strengths? What more India can learn from the USA, China, Japan, Germany, and Israel has been discussed in this book. Also, the author has explored the perceptions of some great social, political, and spiritual leaders of the world about India and its superiority in science, technology, mathematics, spirituality, culture, and beauty.
