Lochmiller, Jessica N. Lester, 2015-12-11 Written specifically for education practitioners An Introduction to Educational Research Connecting Methods to Practice approaches research methods from a practice first perspective that aligns research with professional experiences and identifies the tools and resources readers can use when conducting their own research Throughout the book authors Chad R Lochmiller and Jessica N Lester illuminate complex research concepts using problems of practice confronting educators to help readers make meaningful connections with key concepts and research practices The authors present balanced coverage across research methodologies that is linked to practice so readers clearly see research as a tool they can use to improve classrooms schools districts and educational organizations **Ethiopian Elites' Political Cultures: a critical juncture** Solomon Hailemariam PhD, 2025-05-09 Recurrent ethnic conflicts have been seen in Ethiopia especially during the last three decades

since the introduction of a governance structure of ethnic federalism in 1991 Attempts to bring political stability to the country have not been successful as competing political cultures constantly struggle for hegemony Political constituencies have fragmented based on sub national political cultures This book shows the influence of Amhara Oromo and Tigrayan political cultures in Ethiopia and their contribution to the recurrent ethnic conflict in the country The book used the concepts of political culture and neo patrimonialism as analytical tools to understand the differences among and between the educated people from these ethnic groups The findings show that members of each ethnic group are deeply entrenched in their own culture with clear distrust of the political motives of other ethnicities Beyond the disagreements on political history the educated elites accuse each other when it comes to the many challenges faced by the country They accuse each other of state capture corruption inciting ethnic conflicts malpractice poor governance misguided policies divide and rule practices and misappropriation of the nation s economic wealth The elites themselves do not shoulder responsibility for any failure in the country and do not show any interest in understanding other points of view do not show sincere respect for the other s value but claim privileged political positions in present day Ethiopia for past accomplishments      *Attitudes and Opinions* Stuart Oskamp,P. Wesley Schultz,2005-01-15 Notable advances resulting from new research findings measurement approaches widespread uses of the Internet and increasingly sophisticated approaches to sampling and polling have stimulated a new generation of attitude scholars This extensively revised edition captures this excitement while remaining grounded in scholarly research *Attitudes and Opinions* 3 e maintains one of the main goals of the original edition breadth of coverage The book thoroughly reviews both implicit and explicit measures of attitudes the structure and function of attitudes the nature of public opinion and polling attitude formation communication of attitudes and opinions and the relationship between attitudes and behaviors as well as theories and research on attitude change Over 2 000 references support the book s scientific integrity The authors second goal is to demonstrate the relevance of the topic to people s lives Subsequently the second part of the book examines many of the topics and research findings that are salient in the world today political and international attitudes including terrorism voting behavior racism and prejudice sexism and gender roles and environmental attitudes This thoroughly revised new edition features an entirely new chapter on implicit measures attitudes a new chapter on environmental attitudes updated opinion poll data throughout the book additional material on time trends in attitudes about many issues and expanded updated sections on international attitudes reflecting the events of 9 11 and the subsequent invasions of Afghanistan and Iraq *Attitudes and Opinions* broad and interdisciplinary perspective makes this an ideal text in courses on attitudes public opinion survey research or persuasion taught in a variety of departments including psychology communication marketing sociology and political science      *Writing and Publishing Qualitative Research* Patricia Leavy,2024-02-05 Ideal for graduate students and more seasoned qualitative researchers this is the first guide to writing and publishing in a range of both scholarly and popular formats from journal articles and monographs to op eds and fictional

works Award winning author Patricia Leavy covers everything from how to develop a unique writer's voice to how to craft a successful book proposal understand a publishing contract establish relationships with editors and much more The book is filled with effective tools for using data and theory in different genres of writing building a profile as a scholar and getting research findings out into the world Instructive features throughout include dos and don'ts writing prompts annotated sample letters and proposals excerpts from published works and end of chapter writing activities
