When Texas Prison Scams Religion Michael G. Maness, 2023-05-22

When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ s executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars

Principles of European Prison Law and Policy Dirk van Zyl Smit, Sonja Snacken, 2009-01-08 In recent years European prison law and policy have emerged as a force to be reckoned with This book explores its development and analyses the penological and human rights foundations on which it is based It examines the findings of the European Committee for the Prevention of Torture the recommendations of the Council of Europe and the judgments of the European Court of Human Rights From these sources it makes the general principles that underlie European prison law and policy explicit emphasising the principle of using imprisonment as a last resort and the recognition of prisoners rights The book then moves on to apply these principles to conditions of imprisonment regimes in prison contacts between prisoners and the outside world and the maintenance of good order in prisons The final chapter of the book considers how European prison law and policy could best be advanced in future The authors argue that the European Court of Human Rights should adopt a more proactive approach to ensuring that imprisonment is used only as a last resort and that a more radical interpretation of the existing provisions of the European Convention on Human Rights will allow it to do so It concludes that the growing cooperation on prison matters within Europe bodes well for the increased recognition of prisoners rights across Europe In spite of some countervailing voices Europe should increasingly be able to give an international lead in a human rights approach to prison law and policy in the same way it has done with the abolition of the death penalty
