Education is an inclusive excellent guide which will give you everything you need to know about studying online Making a decision to study is a great decision This is much more important when you have decided to study on an online programme It is somewhat the same yet different when compared to studying at a University where you have a physical infrastructure of a University In my book you will know what is expected of you and how to go about getting yourself inspired that an online programme is exactly what you need This book centres on all the learner centred activities that gets results It also includes strategies for motivation interaction self management and everything you need to know about assignments preparing for examinations and all the web based support that you can access on online studies Some of the areas covered are Balancing Work Study and Family Coping With Online Studies Frequently Asked Questions Getting Started How It Works Useful Links Your Decision to Study Online This book is most useful if you are in your planning stage of pursuing your studies and it is relevant if you have already embarked on your online studies **Free** Chris Anderson,2009-06-22 The online economy offers

challenges to traditional businesses as well as incredible opportunities Chris Anderson makes the compelling case that in many instances businesses can succeed best by giving away more than they charge for Known as Freemium this combination of free and paid is emerging as one of the most powerful digital business models In Free Chris Anderson explores this radical idea for the new global economy and demonstrates how it can be harnessed for the benefit of consumers and businesses alike

In the twenty first century Free is more than just a promotional gimmick It s a business strategy that is essential to a company s successful future      **eBooks for Elementary School** Terence W. Cavanaugh,2014-12-02 eBooks offer students as well as teachers school and public librarians and parents tremendous possibilities This book explains how to expand and enhance the reading experience through the use of technology Today eBooks are everywhere and the use of digital learning materials is beginning to supplant traditional printed materials As the world shifts to digital books both teachers and students need to be comfortable and effective using materials in this format This book helps you to apply eBook materials to existing curricula to create interactive educational activities and have access to more materials to support reading instruction literacy standards and reading in the content areas Author Terence W Cavanaugh an expert on teaching with technology describes numerous strategies for integrating eBooks into reading instruction and remediation for students in preschool through grade 6 He covers the hardware and software used the wide range of formats available and research conducted on the use of eBooks with students as well as how to access free resources such as digital libraries and special collections that make eBooks available for schools The book also contains a chapter dedicated to using eBooks to help emergent or struggling readers      **Social Smarts Strategies That Earn Free Book Publicity** Anne Hart,2006-03

Empathy and social smarts help you earn free book publicity by connecting you with key people media schools and the publications of nonprofit agencies As a writer you can promote your own book and earn free book publicity by connecting key people media and nonprofits newsletters with schools Social intelligence used in book promotion is like a three ring circus Use empathy that is people smarts as a catalyst to bring together schools nonprofit agencies and authors Observe simplify and offer commitment as charisma Query editors of nonprofit publications These nonprofit agencies often publish high circulation newsletters and sometimes also publish sizable glossy magazines Some produce videos or documentaries To connect with the nonprofit agencies editors use your social intelligence skills to make connections in the nonprofit agencies public relations and communications departments Join public relations societies national associations and help out the nonprofit agencies or organizations of your choice focusing on what gets published in their magazines or newsletters If you want to earn free publicity for your book supply these editors with facts findings and trends Bring the nonprofits in contact with schools When you talk to school assemblies or classrooms relate your book topic to any specific work or project done by a nonprofit association for whom you could write an article for that association s newsletter or glossy magazine Use social intelligence to connect to people What you need to earn free publicity is self awareness and an understanding of how the main topic of your book influences your own behavior and how others perceive your behavior      **The Art of Readable Code** Dustin Boswell,Trevor Foucher,2011-11-03 As programmers we ve all seen source code that s so ugly and buggy it makes our brain ache Over the past five years authors Dustin Boswell and Trevor Foucher have analyzed hundreds of examples of bad code much of it their own to determine why they re bad and how they could be improved Their conclusion You need to write

code that minimizes the time it would take someone else to understand it even if that someone else is you This book focuses on basic principles and practical techniques you can apply every time you write code Using easy to digest code examples from different languages each chapter dives into a different aspect of coding and demonstrates how you can make your code easy to understand Simplify naming commenting and formatting with tips that apply to every line of code Refine your program s loops logic and variables to reduce complexity and confusion Attack problems at the function level such as reorganizing blocks of code to do one task at a time Write effective test code that is thorough and concise as well as readable Being aware of how the code you create affects those who look at it later is an important part of developing software The authors did a great job in taking you through the different aspects of this challenge explaining the details with instructive examples Michael Hunger passionate Software Developer
