The Book of Gutsy Women Hillary Rodham Clinton,Chelsea Clinton,2019-10-01 Now an eight part docuseries on Apple TV Hillary Rodham Clinton and her daughter Chelsea share the stories of the gutsy women who have inspired them women with the courage to stand up to the status quo ask hard questions and get the job done She couldn't have been more than seven or eight years old Go ahead ask your question her father urged nudging her forward She smiled shyly and said You're my hero Who's yours Many people especially girls have asked us that same question over the years It's one of our favorite topics HILLARY Growing up I knew hardly any women who worked outside the home So I looked to my mother my teachers and the pages of Life magazine for inspiration After learning that Amelia Earhart kept a scrapbook with newspaper articles about successful women in male dominated jobs I started a scrapbook of my own Long after I stopped clipping articles I continued to seek out stories of women who seemed to be redefining what was possible CHELSEA This book is the continuation of a conversation the two of us have been having since I was little For me too my mom was a hero so were my grandmothers My early teachers were also women But I grew up in a world very different from theirs My pediatrician was a woman and so was the first mayor of Little Rock who I remember from my childhood Most of my close friends moms worked outside the home as nurses doctors teachers professors and in business And women were going into space and breaking records here on Earth Ensuring the rights and opportunities of women and girls remains a big piece of the unfinished business of the twenty first century While there's a lot of work to do we know that throughout history and around the globe women have overcome the toughest resistance imaginable to win victories that have made progress possible for all of us That is the achievement of each of the women in this book So how did they do it The answers are as unique as the women themselves Civil rights activist

Dorothy Height LGBTQ trailblazer Edie Windsor and swimmer Diana Nyad kept pushing forward no matter what Writers like Rachel Carson and Chimamanda Ngozi Adichie named something no one had dared talk about before Historian Mary Beard used wit to open doors that were once closed and Wangari Maathai who sparked a movement to plant trees understood the power of role modeling Harriet Tubman and Malala Yousafzai looked fear in the face and persevered Nearly every single one of these women was fiercely optimistic they had faith that their actions could make a difference And they were right To us they are all gutsy women leaders with the courage to stand up to the status quo ask hard questions and get the job done So in the moments when the long haul seems awfully long we hope you will draw strength from these stories We do Because if history shows one thing it is that the world needs gutsy women

Her Own Hero Wendy L Rouse, 2017-08-08 This innovative history reveals the untold story of the women's self defense movement and its origins in the Progressive Era In the late nineteenth and early twentieth centuries women began taking up boxing and jiu jitsu in record numbers The new trend was both a reflection of and a response to the broader cultural issues of the time including the women's rights movement and the campaign for the vote While some of these women simply wanted to protect themselves from strangers on the street others sought to reject gendered notions about feminine weakness As women's self defense grew into a movement it challenged longstanding myths about the nature of violence against women provoking discussions about the less visible violence that many women faced in

their own homes The movement also forged a new image of women as powerful and self reliant Whether or not women consciously pursued self defense for these reasons their actions embodied feminist politics This book is a fascinating and comprehensive introduction to the movement they created and the ways it echoed through the twentieth century
