How Tall Is Wee Man:

"How Tall Are You?" Don Doxsie, 2023-04-04 Most people believe that being extremely tall would be fantastic It isn't It has its advantages but it also has nearly as many disadvantages It can be useful in basketball business and politics and when friends are trying to find you in a crowded place However it's also inconvenient expensive sometimes harmful to one's health and a little tedious to be bombarded almost daily with questions about how the weather is up there In this book the author takes a lighthearted look at the various aspects of extreme height and those affected by it from the perspective of someone who has spent the majority of his life towering above the crowd **A Breath of Old Smoke** Clara M. Miller, 2004-06-08

Warning this is not a religious book **A Breath of Old Smoke** the sixth book in the Brothers Series and the second in the Shamrocks Saga continues the story begun in Shamrocks in the Heather with the ongoing adventures of Martin Boland Quigley youngest of the Quigley clan The story begins as Martin arrives in London to begin his new job as a reporter on the London Post Express Although disappointed in the size of the publication Martin meets the love of his life Anne Bentleigh Woolcott is an aristocrat with definite democratic leanings and Martin's attraction to her proves mutual The book follows their life as they marry and become spies for a secret government organization In Europe the mysterious relic known as the Spear of Destiny suddenly looms large in not only their future but the future of the world The couple encounters leaders of the nascent Nazi party along with their demonic assistants as they struggle to reach the Spear and learn why it should play such an important part in their own lives and that of the entire world During their sojourn they encounter many dangers and with the help of their hard working Guardian Angels manage to overcome them Once returned to England the couple settle into married life They buy their first home little knowing it too holds secrets important to them In Castlemere they learn of previously unknown relations in Australia and are reunited with this branch of the family Soon their son Roarke is born and Martin agrees to return to Germany to assess the growing power of the Nazi party There he is dismayed to see signs of the impending war becoming clearer by the day He returns to his family depressed and frustrated at his inability to head off the upcoming disaster Anne learns she is expecting twins and to Martin's horror becomes a target of diabolical forces wishing to destroy the unborn babies A resourceful Roarke now four years old shows his courage and inventiveness by diverting an attack and routing her assailant At the end of the story Anne gives birth to twins two girls who are destined to give Lucifer a run for his money the irrepressible Theodora and Theodosia Quigley This is not a religious book nor meant to endorse or promote any type of belief It is intended to provide a verbal roller coaster ride Plus I've grown to quite like The Old Man Enjoy Other books by Clara M Miller Non Fiction Echoes of a Haunting Fiction THE BROTHERS SERIES Brothers Once a Demon Birds of a Feather The Shamrocks Saga Shamrocks in the Heather **Indecent Acts** Nick Brooks, 2014-04-07 An extraordinary achievement and change of direction for Brooks in this his third novel Reported entirely by the protagonist Grace a semi illiterate 40 something mother from Drumchapel one of Glasgow's most notorious schemes this is a story

soaked in humour and empathy as we follow Grace's attempts to hold together her precarious chaotic family life. Grace cares for Sean her grandson and Vincent her son who wants to join the army. She lives in fear that Francis her drug addicted daughter and mother to Sean will come back and take the boy away. In the spirit of *The True History of the Kelly Gang* by Peter Carey the novel is written in Grace's inimitable misspelt patois with hilarious and moving effect. *Indecent Acts* is a glorious exploration of real working class life of family ties and tensions, memory, riotous misadventure and ultimate redemption.

Steve James F. Park, 2019-07-02 What's in the box Mum asked inquisitive Stuart. And what box would that be answered his Mum Ann. That box you have in your hand Mum, the square box. This square box in my hand, this square blue box that's got a wee boy's name on the front and looks like it could be some sort of birthday present but it's for a wee boy called Stuart so do we know a wee boy called Stuart and if we do is it his birthday today? That was almost funny. Mum replied, seven year old Stuart and when she saw how he was standing with his hands on his hips she asked herself if he really was only seven today but she never had time to ask herself anything else because as quick as a flash he was by her side and pleading for all he was worth for the blue box he knew was for him.

Slim Jim Isobel Murray, 2014-09-04 Jim Baxter the legendary Slim Jim was arguably Scotland's greatest ever footballer, a left footed genius who became a Rangers icon and helped Scotland humiliate world champions England at Wembley in 1967 with some famous keepie uppie along the way. And although much has been written about Slim Jim over the years the real story behind his life is now revealed for the first time. When Jim Baxter joined Rangers in 1960 for a record fee of 17,500 he quickly proved his worth helping the team to ten trophies over the next five years. It was the start of a glittering career and a hard drinking hard living lifestyle in the big city where he fully enjoyed the fruits of his success. But behind the glamour on and off the park Jim Baxter hid a secret that would torment him for most of his life, a secret he only discovered the full truth about when he was fifty years old. What is beyond doubt is that Slim Jim Baxter will forever be revered for his unbelievable footballing talent. He will also be remembered for his ability to live life to the full and beyond. But had he uncovered the truth earlier about the family secret that left him shattered the life of this footballing genius might have been very different both on and off the pitch.
