Ampio spazio viene inoltre dato all'illustrazione degli strumenti specifici dell'assessment role play business case test questionari cos come alla progettazione alla conduzione dei colloqui e alla redazione dei profili di output La seconda edizione arricchita ancor pi da casi di progetti di valutazione da cui il lettore potr trarre spunto L intento di fornire strumenti metodologici concreti al professionista che voglia addentrarsi nel mondo della valutazione delle risorse umane sia in selezione che in sviluppo Con la consapevolezza che sviluppare un assessment significa a tutti gli effetti svolgere un intervento organizzativo complesso
