essays from an international team of cultural theorists which offer fresh and compelling perspectives and sketch out exciting new areas of theoretical inquiry Thoughtfully organized into two sections lineages and problematics that facilitate its use both by students new to the field and advanced scholars and researchers Explains key schools and movements clearly and succinctly situating them in relation to broader developments in culture society and politics Tackles issues that have shaped and energized the field since the Second World War with discussion of familiar and under theorized topics related to living and laboring being and knowing and agency and belonging **Displacement, Emplacement, and Migration** Chowdhury, Touhid Ahmed, 2024-03-18 Empire and Environment Jeffrey Santa Ana, Heidi Amin-Hong, Rina Garcia Chua, Xiaojing Zhou, 2022-10-24 Empire and Environment argues that histories of imperialism colonialism militarism and global capitalism are integral to understanding environmental violence in the transpacific region The collection draws its rationale from the imbrication of imperialism and global environmental crisis but its inspiration from the ecological work of activists artists and intellectuals across the transpacific region Taking a postcolonial ecocritical approach to confronting ecological ruin in an age of ecological crises and environmental catastrophes on a global scale the collection demonstrates how Asian North American Asian diasporic and Indigenous Pacific Island cultural expressions critique a de historicized sense of place attachment and belonging In addition to its thirteen chapters from scholars who span the Pacific each part of this volume begins with a poem by Craig Santos Perez The volume also features a foreword by Macarena Gomez Barris and an afterword by Priscilla Wald

The Identity Trap Yascha Mounk, 2023-09-26 Named a Best Book of the Year by The Economist Financial Times Inc Prospect Magazine and The Conversation The most comprehensive and reasonable story of this shift that has yet been attempted Mounk has told the story of the Great Awakening better than any other writer who has attempted to make sense of it The Washington Post An intellectual tour de force about the origins of identity politics and the threat it presents to genuine honest old fashioned liberalism Bret Stephens The New York Times Among the most insightful and important books written in the last decade on American democracy and its current torments because it also shows us a way out of the trap Jonathan Haidt author of The Righteous Mind and coauthor of The Coddling of the American Mind Outstanding David Brooks The New York Times A fascinating account of the origins of wokeness and a trenchant explanation for why the noble goals of identity politics are doomed to fail For much of history societies have violently oppressed ethnic religious and sexual minorities It is no surprise that many came to believe that members of marginalized groups need to take pride in their identity to resist injustice But over the past decades a healthy appreciation for the culture and heritage of minority groups transformed into a counterproductive obsession with group identity This new ideology denies that members of different groups can truly understand each other and insists that the way governments treat their citizens should depend on the color of their skin This Yascha Mounk argues is the identity trap Those who battle for these ideas are often full of good intentions But they ultimately stand in the way of the genuine equality we desperately need Mounk built his acclaimed scholarly career on being

one of the first to warn of the risks that right wing populists pose to American democracy a danger that now remains as serious as ever But far from being mortal enemies the identitarian left and the populist right actually reinforce each other to vanquish one he shows here it is necessary to oppose both In *The Identity Trap* Mounk provides the most ambitious and comprehensive account to date of the origins consequences and limitations of wokeness He shows how postmodernism postcolonialism and critical race theory conquered many college campuses He lays out how these ideas gained tremendous influence in business media and government and he makes a nuanced philosophical case for why these ideas are so counterproductive and why universal humanist values can best serve the vital goal of true equality *The Identity Trap* provides truth and clarity where they are needed most
