Dynamic Econometrics For Empirical Macroeconomic Modelling

Ragnar Nymoen, 2019-07-09 For Masters and PhD students in Economics In this textbook the duality between the equilibrium concept used in dynamic economic theory and the stationarity of economic variables is explained and used in the presentation of single equations models and system of equations such as VARs recursive models and simultaneous equations models The book also contains chapters on exogeneity in the context of estimation policy analysis and forecasting automatic computer based variable selection and how it can aid in the specification of an empirical macroeconomic model and finally on a common framework for model based economic forecasting Supplementary materials and notes are available on the publisher's website

Time Series Analysis for the Social Sciences Janet M. Box-Steffensmeier, John R. Freeman, Matthew P. Hitt, Jon C. W. Pevehouse, 2014-12-22 Time series or longitudinal data are ubiquitous in the social sciences Unfortunately analysts often treat the time series properties of their data as a nuisance rather than a substantively meaningful dynamic process to be modeled and interpreted *Time Series Analysis for the Social Sciences* provides accessible up to date instruction and examples of the core methods in time series econometrics Janet M Box Steffensmeier John R Freeman Jon C Pevehouse and Matthew P Hitt cover a wide range of topics including ARIMA models time series regression unit root diagnosis vector autoregressive models error correction models intervention models fractional integration ARCH models structural breaks and forecasting This book is aimed at researchers and graduate students who have taken at least one course in multivariate regression Examples are drawn from several areas of social science including political behavior elections international conflict criminology and comparative political economy

The Assumptions Economists Make Jonathan

Schlefer, 2012-03-20 Economists make confident assertions in op ed columns and on cable news so why are their explanations at odds with equally confident assertions from other economists And why are all economic predictions so rarely borne out Harnessing his frustration with this contradiction Schlefer set out to investigate how economists arrive at their opinions

Knowledge and Networks Johannes Glückler, Emmanuel Lazega, Ingmar Hammer, 2017-01-05 This book discusses a core question in many fields of the social sciences namely how to create share and adopt new knowledge It creates an original space for conversation between two lines of research that have developed largely in parallel for a long time social network theory and the geography of knowledge This book considers that relational thinking has become increasingly important for

scholars to capture societal outcomes by studying social relations and networks whereas the role of place space and spatial scales has been somewhat neglected outside an emergent geography of knowledge The individual contributions help integrate network arguments of connectivity geographical arguments of contiguity and contextuality into a more comprehensive understanding of the ways in which people and organizations are constrained by and make use of space and networks for learning and innovation Experts in the fields of geography sociology economics political science psychology management and organizational studies develop conceptual models and propose empirical research that illustrates the ways in which networks and geography play together in processes of innovation learning leadership and power This book is open access under a CC BY 4 0 license

Overcoming Data Sparsity: A Machine Learning Approach to Track the Real-Time Impact of COVID-19 in Sub-Saharan Africa Karim Barhoumi, Seung Mo Choi, Tara Iyer, Jiakun Li, Franck Ouattara, Andrew Tiffin, Mr. Andrew J Tiffin, Jiaxiong Yao, 2022-05-06 The COVID 19 crisis has had a tremendous economic impact for all countries Yet assessing the full impact of the crisis has been frequently hampered by the delayed publication of official GDP statistics in several emerging market and developing economies This paper outlines a machine learning framework that helps track economic activity in real time for these economies As illustrative examples the framework is applied to selected sub Saharan African economies The framework is able to provide timely information on economic activity more swiftly than official statistics

Wealth(s) and Subjective Well-Being Gaël Brulé, Christian Suter, 2019-06-24 This volume examines the impact of wealth on quality of life and subjective well being SWB As wealth is related to economic environmental and social features of societies this volume serves as an important resource in understanding economic and SWB It further discusses a variety of experiences and consequences of inequalities of wealth Through the availability of wealth data in recent international surveys this volume explores the multiple relations between wealth and SWB Structured around four main pillars the book presents analysis of the topic at various levels such as theoretical and conceptual methodological and empirically ending with a section on distribution and policies

Building Global Infrastructure Dale S. Rothman, Mohammod T. Irfan, Barry B. Hughes, Eli Margolese-Malin, Jonathan D. Moyer, 2015-12-03 Building Global Infrastructure is the fourth in a series of volumes Patterns of Potential Human Progress that uses the International Futures IFs simulation model to explore prospects for human development how development appears to be unfolding globally and locally how we would like it to evolve and how better to assure that we move it in desired directions Earlier volumes addressed the reduction of global poverty the advance of global education and the improvement of global health Volume 4 sets out to tell the story of the future of global infrastructure The approach used in this book focuses on the question of whether individual societies will be able to meet future infrastructure demands Related questions include the following What is the range of realistically conceivable futures for infrastructure considering both demand and supply How are the demands for infrastructure balanced with the ability to meet these demands thereby linking the physical and financial treatment of infrastructure What are the effects of

providing for infrastructure on issues such as economic productivity and health

Microfinance Institutions R. Mersland, Ø. Strøm, 2015-12-11 Research on MFI performance is still in its infancy MFIs are hybrid organizations with dual objectives Performance studies in microfinance are therefore less straightforward compared to performance studies in traditional banking research This book contains new MFI performance research by top scholars from across the globe

Social Purpose, Commercialization, and Innovations in Microfinance Md Aslam Mia, 2022-03-07 This book analyses three key aspects of microfinancing namely social purpose commercialization and innovations and examines through a global perspective how these aspects helped and diverted microfinance institutions towards the attainment of their dual goals over the last twenty years Since microfinance remains informal in nature for most economies not all financial innovations are suitable for its needs Hence the arguments in the book put forth an important challenge to the advocates of innovations and subsequently highlight why MFIs should be cautious when integrating innovations to ensure its original promise The book is based on empirical analysis by utilising the latest and global microfinance market data rather than focusing on a specific region Thus the book bridges a gap in knowledge by unravelling

detail of the social purpose commercialization and innovations within the field of microfinance and will be a valuable resource for those exploring the dynamics of innovations in microfinance
