Key Concepts In Political Geography Key Concepts In Human Geography:

Key Concepts in Political Geography, 2009-05-07 Key Concepts in Political Geography is a new kind of textbook that forms part of an innovative set of companion texts for the Human Geography sub disciplines Organized around 20 short essays Key Concepts in Political Geography provides a cutting edge introduction to the central concepts that define contemporary research in political geography

Key Concepts in Political Geography Carolyn Gallaher, Carl T Dahlman, Mary Gilmartin, Alison Mountz, Peter Shirlow, 2009-04-22 A comprehensive reader for my political geography course Good summaries at the end and articles include effective case study examples Rachel Paul Western Washington University A very useful and comprehensive introduction to key concepts in political geography This book provides useful context not just for traditional political geography modules but also those examining broader issues of power resistance and social movements Gavin Brown University of Leicester Vital for introducing basic concepts and terminology in a clear and concise fashion The short chapters are accessible and well supplemented with pertinent examples Daniel Hammett Sheffield University I found the book to be very useful in a supplemental capacity full of information that would be useful for an undergraduate or early graduate student Jason Dittmer University College London This textbook forms part of an innovative set of companion texts for the human geography subdisciplines Organized around 20 short essays Key Concepts in Political Geography provides a cutting edge introduction to the central concepts that define contemporary research in the field Involving detailed yet expansive discussions the book includes An introductory chapter providing a succinct overview of the recent developments in the field Over 20 key concept entries covering the expected staples of the sub discipline such as nationalism territoriality scale and political economy as well as relatively new arrivals to the field including the other anti statism gender and post conflict A glossary figures diagrams and further reading It is essential reading for undergraduate and postgraduate students of political geography

Key Concepts in Historical Geography John Morrissey, David Nally, Ulf Strohmayer, Yvonne Whelan, 2014-02-17 This ambitious volume reviews the best recent work in historical geography It demonstrates how a dual sense of history and geography is necessary to understand such key areas of contemporary debate as the inter relationship between class race and gender the character of nations and nationalism the nature and challenges of urban life the legacies of colonialism and the meaning and values attributed to places landscapes and environments Mike Heffernan University of Nottingham Key Concepts in Historical Geography forms part of an innovative set of companion texts for the Human Geography sub disciplines Organized around 24 short essays it provides a cutting edge introduction to the central concepts that define contemporary research in Historical Geography Involving detailed and expansive discussions the book includes An introductory chapter providing a succinct overview of the recent developments in the field 24 key concepts entries with comprehensive explanations definitions and evolutions of the subject Pedagogic features that enhance understanding including a glossary figures diagrams and further reading Key Concepts in Historical

Geography is an ideal companion text for upper level undergraduate and postgraduate students and covers the expected staples from the discipline from people space and place to colonialism and geopolitics in an accessible style Written by an internationally recognized set of authors it is an essential addition to any human geography student's library **Key**

Concepts in Geography Sarah Holloway, Stephen P Rice, Gill Valentine, 2003-06-04 Defining the key terms that inform the language of geography and define the geographical imagination space time place scale landscape this volume provides definitions of terms from both human and physical geography **Key Concepts in Economic Geography** Yuko

Aoyama, James T Murphy, Susan Hanson, 2010-11-17 A comprehensive and highly readable review of the conceptual underpinnings of economic geography Students and professional scholars alike will find it extremely useful both as a reference manual and as an authoritative guide to the numerous theoretical debates that characterize the field Allen J Scott University of California Guides readers skilfully through the rapidly changing field of economic geography The key concepts used to structure this narrative range from key actors and processes within global economic change to a discussion of newer areas of research including work on financialisation and consumption The result is a highly readable synthesis of contemporary debates within economic geography that is also sensitive to the history of the sub discipline Sarah Hall

University of Nottingham The nice thing about this text is that it is concise but with depth in its coverage A must have for any library and a useful desk reference for any serious student of economic geography or political economy Adam Dixon Bristol University Organized around 20 short essays Key Concepts in Economic Geography provides a cutting edge introduction to the central concepts that define contemporary research in economic geography Involving detailed and expansive discussions the book includes An introductory chapter providing a succinct overview of the recent developments in the field Over 20 key concept entries with comprehensive explanations definitions and evolutions of the subject Extensive pedagogic features that enhance understanding including figures diagrams and further reading An ideal companion text for upper level undergraduate and postgraduate students in economic geography the book presents the key concepts in the discipline demonstrating their historical roots and contemporary applications to fully understand the processes of economic change regional growth and decline globalization and the changing locations of firms and industries Written by an internationally recognized set of authors the book is an essential addition to any geography student's library **Chapters of Modern**

Human Geographical Thought Tomáš Drobík, Monika Šumberová, 2009-10-02 Contemporary human geography provides valuable insights into the political social or cultural transformations of the world The Chapters of Modern Geographical Thought is a compilation of original state of the art essays written by recognized scholars covering a wide range of topics from human geography always paying tribute to the multidisciplinary nature of the field This book will provide students with penetrating analyses of seven fields including critical geopolitics of film and affect the political economy of the environment ethnic problems in the Caucasus the US and Mexico relations new social movements in Southern Africa or identity politics

and the legal recognition of the Silesian minority in Poland All the essays emphasize the interconnectedness of a globalized world The book assumes that every piece of knowledge we gain has to be understood and interpreted in the context of cultural and symbolic phenomena with their own histories and localized in specific spaces places Moreover the authors stress the importance of geography enabling disabling the formation and representation of identities and their mutual contestation

The Raped Earth Sophia Z Kovachevich,2021-01-04 This book looks at the relationship between man and the environment and our betrayal of our duty to the environment It shows how we have degraded and hurt and harmed that which we were to protect and care for This book shows comprehensively the close relationship between man s actions and the reaction of the environment to those actions It also has some suggestions as to how we can at least try to undo the harm we have caused It is about the rape of the earth pollution landfills killing of the animals fish fowl desecration of nature etc

Organizational Entrepreneurship, Politics and the Political Carine Farias,Pablo Fernandez,Daniel Hjorth,Robin Holt,2020-12-17 Entrepreneurship as the creation of new organizations has globally become an appealing call for individuals and governments alike Too often still it is simply associated with the idea of enterprise thus sustaining a pervasive politics of homo economicus agents living a measured life in competition based individuality Organizational Entrepreneurship Politics and the Political disconnects entrepreneurship from the politics of enterprise to more fully explore its potential to resist the economic and ethical demand of the enterprise to be instrumentally innovative and instead to disrupt and disturb the established order As such entrepreneurship is seen as inevitably political it is a constant attempt at declassifying existing structures and institutions de normalizing practices and sensemaking to make room for and initiate the new The chapters invite the readers to revisit key concepts in entrepreneurship studies opportunity motivation identity experimentation creative destruction and experimentation by approaching them through a political process lens This book offers a new conceptual repertoire and vocabulary that reconnects entrepreneurship studies with the socio political dimensions of organization creation opening up multiple possibilities for understanding and questioning the meanings and effects of entrepreneurship in society Combining philosophical reflections with organizational and processual perspectives this book will be of interest to academics students and researchers in the areas of business social and political entrepreneurship organization studies and management The chapters in this book were originally published as a special issue of the Entrepreneurship and Regional Development

Africa's Growing Role in World Politics Deych, Tatiana,Zhukov, Alexander,2016-06-13 This volume includes a selection of papers dedicated to the problems of the contemporary international relations and foreign policies of the African states Most of these papers were presented at the panels held within the framework of the 13th International Conference of Africanists Society and Politics in Africa Traditional Transitional and New Moscow Russia May 27 30 2014 The book contains many articles devoted to the Western countries policies in Africa On the background of the ongoing competition between Washington and Beijing the US Administration has

recently increased the amount of attention it pays to the continent The European Union is also actively developing its strategic partnership with Africa The authors thoroughly analyse the ongoing cooperation between African states and China a great emerging donor and investor They particularly address the question about possible implications of China's African policy for the countries of the continent Major attention is given to Sudan and South Sudan One of the urgent problems addressed is the situation with African IDPs and refugees their life conditions in camps and the measures for their transition to normal life

Handbook on the Geographies of Regions and Territories Anssi Paasi, John Harrison, Martin Jones, 2018-07-27 This new international Handbook provides the reader with the most up to date and original viewpoints on critical debates relating to the rapidly transforming geographies of regions and territories as well as related key concepts such as place scale networks and regionalism Bringing together renowned specialists who have extensively theorized these spatial concepts and contributed to rich empirical research in disciplines such as geography sociology political science and IR studies this interdisciplinary collection offers fresh cutting edge and contextual insights on the significance of regions and territories in today's dynamic world

Territories David Storey, 2012-03-15 Politics and political relationships underpin the world we live in From the division of the earth's surface into separate states to the placement of keep out signs territorial strategies to control geographic space can be used to assert maintain or resist power and as a force for oppression or liberation Forms of exclusion can be consolidated and reinforced through territorial practices yet they can also be resisted through similar means Territoriality can be seen as the spatial expression of power with borders dividing those inside from those outside The extensively revised and updated second edition continues to provide an introduction to theories of territoriality and the outcomes of territorial control and resistance It explores the construction of territories and the conflicts which often result using a range of examples drawn from various spatial scales and from many different countries It ranges in coverage from conflicts over national territory such as Israel Palestine Northern Ireland South Ossetia to divisions of space based around class gender and race While retaining the key elements of the first edition this new edition covers contemporary debates on nationalism territorialization globalization and borders It updates the factual content to explore the territorial consequences of 9/11 the war on terror and the conflicts in Iraq and Afghanistan It also examines migration refugees the territorial expansion of the European Union and territorial divisions in the home and workplace The book emphasizes the underlying processes associated with territorial strategies and raises important questions relating to place culture and identity Key questions emerge concerning geographic space who is allowed to be in particular spaces and who is barred discouraged or excluded Written from a geographical perspective the book is interdisciplinary drawing on ideas and material from a range of academic disciplines including history political science sociology international relations cultural studies Each chapter contains boxed case studies illustrations and guides to further reading

Introduction to Geopolitics Colin Flint, 2012-07-26 This clear and concise introductory textbook guides students through their first

engagement with geopolitics It offers a clear framework for understanding contemporary conflicts by showing how geography provides opportunities and limits upon the actions of countries national groups and terrorist organizations This second edition is fundamentally restructured to emphasize geopolitical agency and non state actors The text is fully revised containing a brand new chapter on environmental geopolitics which includes discussion of climate change and resource conflicts The text contains updated case studies such as the Korean conflict Israel Palestine and Chechnya and Kashmir to emphasize the multi faceted nature of conflict These along with guided exercises help explain contemporary global power struggles environmental geopolitics the global military actions of the United States the persistence of nationalist conflicts the changing role of borders and the new geopolitics of terrorism and peace movements Throughout the readers are introduced to different theoretical perspectives including feminist contributions as both the practice and representation of geopolitics are discussed Introduction to Geopolitics is an ideal introductory text which provides a deeper and critical understanding of current affairs geopolitical structures and agents The text is extensively illustrated with diagrams maps photographs and end of chapter further reading Both students and general readers alike will find this book an essential stepping stone to understanding contemporary conflicts

Research in Education ,1974

Geographies of the Holocaust Anne Kelly Knowles,Tim Cole,Alberto Giordano,2018-11-01 A pioneering work Shed s light on the historic events surrounding the Holocaust from place space and environment oriented perspectives Rudi Hartmann PhD Geography and Environmental Sciences University of Colorado This book explores the geographies of the Holocaust at every scale of human experience from the European continent to the experiences of individual human bodies Built on six innovative case studies it brings together historians and geographers to interrogate the places and spaces of the genocide The cases encompass the landscapes of particular places the killing zones in the East deportations from sites in Italy the camps of Auschwitz the ghettos of Budapest and the intimate spaces of bodies on evacuation marches Geographies of the Holocaust puts forward models and a research agenda for different ways of visualizing and thinking about the Holocaust by examining the spaces and places where it was enacted and experienced An excellent collection of scholarship and a model of interdisciplinary collaboration The volume makes a timely contribution to the ongoing emergence of the spatial humanities and will undoubtedly advance scholarly and popular understandings of the Holocaust H HistGeog An important work and could be required reading in any number of courses on political geography GIS critical theory biopolitics genocide and so forth Journal of Historical Geography Both students and researchers will find this work to be immensely informative and innovative

Contentious Geographies Maxwell T. Boykoff,2016-05-13 The human environment relationship intimately intertwined and often contentious is one of the most pressing concerns of the 21st century Explored through an array of critical approaches this book brings together case studies from across the globe to present significant cutting edge research into political ecologies as they relate to multi form

contestations over environments resources and livelihoods Covering a range of issues such as popular discourses of environmental collapse climate change water resource struggles displacement agro food landscapes and mapping technologies this edited volume works to provide a broad and critical understanding of the narratives and policies more subtly shaping and being shaped by underlying environmental conflicts By exploring the power laden processes by which environmental knowledge is generated framed communicated and interpreted Contentious Geographies works to reveal how environmental conflicts can be re considered and thus re opened to enhance efforts to negotiate more sustainable environments and livelihoods The Social Science Encyclopedia Adam Kuper,2004-10-14 The Social Science Encyclopedia first published in 1985 to acclaim from social scientists librarians and students was thoroughly revised in 1996 when reviewers began to describe it as a classic This third edition has been radically recast Over half the entries are new or have been entirely rewritten and most of the balance have been substantially revised Written by an international team of contributors the Encyclopedia offers a global perspective on key issues within the social sciences Some 500 entries cover a variety of enduring and newly vital areas of study and research methods Experts review theoretical debates from neo evolutionism and rational choice theory to poststructuralism and address the great questions that cut across the social sciences What is the influence of genes on behaviour What is the nature of consciousness and cognition What are the causes of poverty and wealth What are the roots of conflict wars revolutions and genocidal violence This authoritative reference work is aimed at anyone with a serious interest in contemporary academic thinking about the individual in society

Spatial Politics David Featherstone,Joe Painter,2013-01-22 This critical engagement with Doreen Massey s ground breaking work in geographic theory and its relationship to politics features specially commissioned essays from former students and colleagues as well as the artists political figures and activists whose thinking she has helped to shape It seeks to mark and take forward her compelling contributions to geographical theorizing and political debate High profile contributors include Lawrence Grossberg Chantal Mouffe Jamie Peck and Jane Wills The global reach and significance of Massey s work recommends this volume to a diverse readership Provides an agenda for work on spatial politics and critical geography Sets out the contours of a human geography informed by Doreen Massey s work Geomorphology and Society Michael E. Meadows, Jiun-Chuan Lin,2016-06-17 This book deals with the relationship between geomorphology and society This topic has had rather scant treatment in the literature except to some extent under the label applied geomorphology In this text the authors aim to bring together conceptual issues and case studies of how geomorphology influences society and indeed how society is in turn influenced by geomorphology In an age in which the influence of human activities on global environments has become so paramount that it is increasingly common to refer to it geologically as the anthropocene the book aims to reflect on the geomorphological significance of widespread and diverse forms of human impact in a range of environmental settings The International Handbook of Political Ecology Raymond L Bryant,2015-08-28 The International Handbook of

Political Ecology features chapters by leading scholars from around the world in a unique collection exploring the multi disciplinary field of political ecology This landmark volume canvasses key developments topics iss
