PowerPoint Surgery: How to create presentation slides that make your message stick Lee Jackson, 2013-10-06 Sometimes when things get really bad surgery is required Bad Powerpoint and boring presentations are everywhere it appears that they have almost become the norm and very few people seem to want to talk about it It doesn t have to be that way Bad presentations are costly They can cost money jobs and reputations don t let your slides ruin your pitch In this funny

cut to the chase and down to earth book professional speaker Lee Jackson will wean you and your workplace off bad slides forever He ll also teach you how good presentation slides can work for you and help you stand out from the crowd Using these simple techniques we can kill death by bullet point once and for all JOIN THE FIGHT TODAY N B This book is a colour paperback and illustrated with full colour slides Lee takes a clever and refreshing approach to presentation mastery Nancy Duarte author of Slide ology Resonate and principal of Duarte creators of the slides visuals for Academy Award winning film An Inconvenient Truth Powerpoint Surgery is an invaluable resource and I highly recommend it Jeremy Waite Head of Social Strategy Adobe EMEA Lee Jackson takes PowerPoint presentations from boring to brilliant Alan Stevens FPSA Past President Global Speakers Federation and co author of The Exceptional Speaker a masterclass of creating sublime slides presentations but be warned you may never be able to sit through a presentation again without thinking of Lee Jackson Geoff Ramm President 2013 Professional Speaking Association UK and Ireland Jackson has got a bl y nerve asking me to write a testimonial for his book You see I am a proudly militant Anti PowerPoint Bigot but somehow he has turned the Indefensible into the Indispensable Graham Davies best selling author of The Presentation Coach *Supporting Multilingual Learners' Academic Language Development* Luciana C. de Oliveira,2023-04-13 A practical and comprehensive resource Supporting Multilingual Learners Academic Language Development A Language Based Approach to Content Instruction introduces an accessible language based approach to teaching academic language to multilingual learners across the content areas Luciana C de Oliveira provides elementary school teachers with everything they need to know to successfully teach grade level content to multilingual learners Chapters are organized by subject addressing the specific language demands of teaching English language arts social studies mathematics and science Each chapter features examples of implementation in grades K 5 practical strategies and a wealth of tables figures and other resources The Language Based Approach to Content Instruction LACI in this book provides teachers with a ready to use framework of six scaffolding elements that serves as a guide to enable multilingual learners to meet the grade level standard of their peers without simplification Aligned with WIDA and CCSS standards this resource provides the tools and methods teachers need to support multilingual learners academic language development in the content area classroom Foundation XML and E4X for Flash and Flex Sas Jacobs,2009-02-21 XML is the lingua franca of the Web All designers and developers working in a web environment need a sound understanding of XML and its role in application development Many software packages and organizations allow for the exchange of data using an XML format Web services and RSS feeds are now commonplace For those working with Flash and Flex a thorough understanding of XML is particularly important XML documents are one option for the data provided to SWF applications Flash and Flex can load display and modify XML content These applications can also send XML content to other applications for updating or for use in different situations ActionScript 3 0 introduced some fundamental changes to the way in which Flash and Flex applications work with XML One significant change is that XML is now a native data type

ActionScript 3.0 also introduced new classes and a different framework for working with external documents. These changes are based on the E4X ECMAScript standard and they streamline and simplify the process for working with XML in Flash and Flex. In *Foundation XML and E4X for Flash and Flex*, Sas Jacobs gives you an introduction to XML and E4X. She explores the XML and XMLList classes and explains E4X expressions providing examples for both Flash and Flex. In addition to explaining how to incorporate XML documents in Shockwave Flash applications, Sas shows you approaches specific to Flash and Flex and explores real world usage. The book finishes with two case studies. In the first you will learn how to consume and display information and images from Flickr using Flash. In the second you will work with Adobe Kuler in Flex. Whether you are a designer or developer, this book will help you work with XML and make the transition from ActionScript 2.0 to ActionScript 3.0. It will also provide you with an excellent grounding if you are new to Flash and Flex.

How to Self-Publish a Book Barb Drozdowich, 2022-02-03. This is a very thorough, detailed resource that is a must-have for anyone considering self-publishing a book. Jane, are you interested in self-publishing a book but fear it is beyond your capabilities? When confronted with the confusing, multifaceted world of publishing, many authors make the assumption they aren't capable of self-publishing, but nothing could be further from the truth. *How to Self-Publish a Book For the Technology Challenged Author* is perfect for authors who have finished creating a story but are intimidated by the next steps. This book's step-by-step, friendly format will make it easy for you to shake off the anxiety of the unknown and find your way safely and quickly to the fun and profits of self-publishing. Many books on publishing focus only on Amazon. This book helps you understand the full range of choices available to all authors. It helps authors understand how to make their book available to as many readers as possible. Author Technical Trainer Barb Drozdowich has worked with non-technical authors for years and understands how to break complex topics down using non-technical language. She has traditionally published and self-published 27 books and understands all of its forms. Barb cuts through all the technobabble to teach you what you need to know to successfully publish your book in a down-to-earth and practical way. Some of the skills you will learn from this book include: How to find an editor, cover designer, what an ISBN is and where to get one for the country you live in, how to structure and format your book, where you can sell your book, how to set up all the retailer accounts and how to get paid, what to look for in a service provider, where to find freelancers to help. This book has a huge appendix filled with articles for further reading, lists of helpful videos, lists of distributors, a multi-page glossary, and much more. Don't let your struggles with technology hold you back from self-publishing. Let Barb help you to learn the language and move forward into the publishing world with confidence. Pick up a copy and start publishing today.
