Jonathan Edwards: Writings from the Great Awakening (LOA #245) Jonathan Edwards, 2013-10-17 A collection of writings from and about New England's Great Awakening a spiritual movement that gave rise to American evangelicalism from the theologian and philosopher who first reported it to the masses Jonathan Edwards 1703-1758 is recognized today as a great theologian and philosopher In his own day Edwards was best known as a leader of what is now known as the Great Awakening a series of small town revivals that mushroomed into a movement credited with giving birth to American evangelicalism and laying the groundwork for the American Revolution In authoritative texts drawn from first editions and manuscript sources this volume brings together all of Edwards's essential writings from and about the revivals including the famous sermon *Sinners in the Hands of an Angry God* and his vivid *Faithful Narrative of the Surprising Work of God in the Conversion of Many Hundreds of Souls* the work that first publicized the awakenings Characterized by precise logic and powerful imagery his writing continues to inspire students and spiritual seekers alike LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1,000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid-free paper that will last for centuries *Jonathan Edwards* Jonathan Edwards, 2013 *Slavery and the American Founding* Jude M. Pfister, 2025-03-21 Since 1776 the Founding generation has been portrayed as creators of a new world where liberty and freedom were the inherent birthright of all peoples The Founders although brilliant were nonetheless human and fashioned a country conceived in liberty and freedom for themselves The enslaved women and other minorities were not part of the original Founding documents All men created equal was a political statement not some ethereal message of Enlightenment understanding This book demonstrates that to understand the American Founding is to understand the totality of America The American Founding and the so-called compromises forged by state delegates to ensure national unity despite existing alternatives that could have rejected enslavement defined the period from 1765 to 1800 and planted the seeds for a horrific civil war Two of the most debated words from the Age of Enlightenment freedom and liberty not only made America independent but also made it dependent on an execrable system rejected by most of the European thinkers who inspired the uprising against Britain *The Crisis of Conversion* J. August Higgins, 2024-06-25 This book attempts to identify a central problem within the North American evangelical imagination around the issue of religious experience and its relationship to the basic hermeneutical stance of biblical and theological interpretation The relatively recent emergence of the academic discipline of Christian spirituality offers a new set of methodological insights that may help to mediate the theological impasse between more conservative and progressive perspectives concerning the appropriate role of human experience for evangelical thought and practice

Specifically we will explore the experience of religious conversion that lies at the center of evangelical spirituality in critical dialogue with the challenges and opportunities brought about by recent philosophical discourse and the postmodern turn variously understood

A History of American Puritan Literature Kristina Bross, Abram Van Engen, 2020-10-15 For generations scholars have imagined American puritans as religious enthusiasts fleeing persecution finding refuge in Massachusetts and founding America The puritans have been read as a product of New England and the origin of American exceptionalism This History challenges the usual understanding of American puritans offering new ways of reading their history and their literary culture Together an international team of authors make clear that puritan America cannot be thought of apart from Native America and that its literature is also grounded in Britain Europe North America the Caribbean and networks that spanned the globe Each chapter focuses on a single place method idea or context to read familiar texts anew and to introduce forgotten or neglected voices and writings A History of American Puritan Literature is a collaborative effort to create not a singular literary history but a series of interlocked new histories of American puritan literature

2001 **Climate, Catastrophe, and Faith** Philip Jenkins, 2021-04-12 The world has repeatedly suffered severe climate driven shocks which have resulted in famine disease violence social upheaval and mass migration Such episodes have often been understood in religious terms through the language of apocalypse millennium and Judgment And they have frequently had real religious consequences for instance by spawning new religious movements and revivals or driving the persecution of religious minorities Philip Jenkins shows how climate change has redrawn the world s religious maps and how man made climate change is likely to do so once again *Leaving Left Behind* Mike Wilson, 2021-01-19 Positive psychologists have proven that positivity leads to success but most Christians in America have chosen to believe a single eschatological theory that leads to pessimism and cynicism Pessimistic Christians put themselves in Christian bubbles and focus on self preservation and when a mind is clouded by negativity interpretations of biblical prophecy lean toward the pessimistic possibilities The fantastic writing of the Left Behind books has popularized premillennial dispensationalism with good intentions but that interpretation of biblical prophecy teaches that sinfulness will continually increase until Jesus throws up his hands in disgust and secretly raptures worthy Christians leaving behind unworthy sinners to suffer the wrath of the antichrist Teaching that questionable theory produces negativity that hinders the Christian mission When Christians believe that they cannot succeed in leading most of the world to Jesus they will fail to put in the effort that success would require Jesus on the other hand taught his followers that nothing will prevail over his church and that teaching inspired them to sacrifice everything for the Christian mission This is not a promise of prosperity without effort or of inevitable success but biblical positivity is an energizing force that will help Christians flourish **A History of the Book in America: Volume 1, The Colonial Book in the Atlantic World** Hugh Amory, David D. Hall, 2000 Volume 1 of A History of the Book in America The Colonial Book in the Atlantic World encompasses the seventeenth and eighteenth centuries It is organized around three major themes the persisting colonial relationship between European settlements and the Old World the gradual emergence of a pluralistic book trade that differentiated printers from booksellers and the transition from a culture of the Word organized around an understanding of print as a vehicle of the sacred to the culture of republicanism epitomized by Benjamin Franklin and culminating in the uses of print during the Revolutionary era The volume will also describe nascent forms of literary and learned culture including the circulation of manuscripts literacy and censorship orality and the efforts by Europeans to introduce written literary to Native Americans and African Americans
