Akers, 2016-03-03 During the past fifty years Western culture has experienced a significant shift in its overall stance regarding multiethnic marriage As a result more North Americans than ever marry spouses whose ethnicity or culture differs from theirs This trend also is observable in Christian circles Unfortunately few resources exist to help multiethnic couples maneuver through the potential minefield of cultural collision The purpose of this volume is to provide such a resource **Equally Yoked** examines the subject of multiethnic marriage from a biblical perspective before considering a history of the practice in North America over the last four centuries Additionally this book surveys the challenges that multiethnic Christian couples frequently encounter and offers premarital counseling propositions that will prove valuable to both counselors and couples who originate from diverse backgrounds Care for the Soul Mark R. What Happened in the Garden Abner Chou, 2016-04-27 Evangelicals are no strangers to the creation versus evolution debate Now the argument has spread beyond the contents of the creation account and into Genesis 2-3 with speculation about the historicity of Adam and the fall But does it matter which position one holds Is anything really at stake The faculty of The Master's College come together to contend that the second and third chapters of Genesis are indeed historical that there are excellent reasons for believing so and that it is an essential issue within Christian thought and life The contents of these chapters establish the history of how everything in the world came to be what it is today This Scripture passage Genesis 3 especially explains what we observe in the legal system literature gender roles education psychology and science Far from irrelevant the theology and historicity of Genesis are in fact critical to our
