# Journey To Mexico During The Years 1826 To 1834 Vols 1

**Daniel D. Arreola**

## **Journey To Mexico During The Years 1826 To 1834 Vols 1 :**

**Tejano South Texas** Daniel D. Arreola, 2010-01-01 On the plains between the San Antonio River and the Rio Grande lies the heartland of what is perhaps the largest ethnic region in the United States Tejano South Texas In this cultural geography Daniel Arreola charts the many ways in which Texans of Mexican ancestry have established a cultural province in this Texas Mexico borderland that is unlike any other Mexican American region Arreola begins by delineating South Texas as an environmental and cultural region He then explores who the Tejanos are where in Mexico they originated and how and where they settled historically in South Texas Moving into the present he examines many factors that make Tejano South Texas distinctive from other Mexican American regions the physical spaces of ranchos plazas barrios and colonias the cultural life of the small towns and the cities of San Antonio and Laredo and the foods public celebrations and political attitudes that characterize the region Arreola's findings thus offer a new appreciation for the great cultural diversity that exists within the Mexican American borderlands

**Fugitive Slaves and Spaces of Freedom in North America** Damian Alan Pargas, 2020-09-08 This volume introduces a new way to study the experiences of runaway slaves by defining different spaces of freedom they inhabited It also provides a groundbreaking continental view of fugitive slave migration moving beyond the usual regional or national approaches to explore locations in Canada the U S North and South Mexico and the Caribbean Using newspapers advertisements and new demographic data contributors show how events like the Revolutionary War and westward expansion shaped the slave experience Contributors investigate sites of formal freedom where slavery was abolished and refugees were legally free to determine the extent to which fugitive slaves experienced freedom in places like Canada while still being subject to racism In sites of semiformal freedom as in the northern United States fugitives claims to freedom were precarious because state abolition laws conflicted with federal fugitive slave laws Contributors show how local committees strategized to interfere with the work of slave catchers to protect refugees Sites of informal freedom were created within the slaveholding South where runaways who felt relocating to distant destinations was too risky formed maroon communities or attempted to blend in with free black populations These individuals procured false documents or changed their names to avoid detection and pass as free The essays discuss slaves motivations for choosing these destinations the social networks that supported their plans what it was like to settle in their new societies and how slave flight impacted broader debates about slavery This volume redraws the map of escape and emancipation during this period emphasizing the importance of place in defining the meaning and extent of freedom Contributors Kyle Ainsworth Mekala Audain Gordon S Barker Sylviane A Diouf Roy E Finkenbine Graham Russell Gao Hodges Jeffrey R Kerr Ritchie Viola Franziska M ller James David Nichols Damian Alan Pargas Matthew Pinsker A volume in the series Southern Dissent edited by Stanley Harrold and Randall M Miller

**Vascular Plants of Texas** Stanley D. Jones, Joseph K. Wipff, Paul M. Montgomery, 2014-09-11 Everyone with a professional interest in the flora of Texas will welcome this checklist of the vascular

plants This comprehensive list also includes crops persistent perennials and naturalized plants and encompasses over 1 000 changes to the previous Hatch 1990 checklist The authors have arranged this checklist phylogenetically by classes following the Cronquist system Several features make this checklist especially useful Chief among them is the relative synonymy name history An extensive index makes current classification and correct nomenclature readily accessible while the botanical bibliography is the most extensive ever compiled for Texas The authors also note which plants have been listed as threatened or endangered by the Texas Organization of Endangered Species which are designated as Federal Noxious Weeds and which have been chosen as state tree flower fruit etc by the Texas Legislature **Tejano Patriot** Art Martínez de Vara,2020-05-01

**Art Mart nez de Vara s Tejano Patriot** The Revolutionary Life of Jos Francisco Ruiz 1783 1840 is the first full length biography of this important figure in Texas history Best known as one of two Texas born signers of the Texas Declaration of Independence Ruiz s significance extends far beyond that single event Born in San Antonio de B xar into an upwardly mobile family during the war for Mexican independence Ruiz underwent a dramatic transformation from a conservative royalist to one of the staunchest liberals of his era Steeped in the Spanish American liberal tradition his revolutionary activity included participating in three uprisings suppressing two others and enduring extreme personal sacrifice for the liberal republican cause He was widely respected as an intermediary between Tejanos and American Indians especially the Comanches As a diplomat he negotiated nearly a dozen peace treaties for Spain Mexico and the Republic of Texas and he traveled to the Imperial Court of Mexico as an agent of the Comanches to secure peace on the northern frontier When Anglo settlers came by the thousands to Texas after 1820 he continued to be a cultural intermediary forging a friendship with Stephen F Austin but he always put the interests of B xar and his fellow Tejanos first Ruiz had a notable career as a military leader diplomat revolutionary educator attorney arms dealer author ethnographer politician Indian agent Texas ranger city attorney and Texas senator He was a central figure in the saga that shaped Texas from a remote borderland on New Spain s northern frontier to an independent republic **The Odyssey of Texas Ranger James Callahan** Joseph Luther,2017-04-17 James

Callahan entered Texas armed a quixotic young man enlisted in the Georgia Battalion for the cause of independence He barely survived the 1836 Battle of Refugio and the Goliad Massacre Undaunted by the perils of his adopted home he remained in the line of fire for the next twenty one years fighting to protect Texas settlers from Apaches Comanches Seminoles Kickapoos outlaws mavericks and the Mexican army As a Texas Ranger he rode with the legendary men of Seguin and San Antonio In 1855 he commanded the punitive expedition into Mexico that bears his name a fiasco that has been shrouded by mystery and shadowed by controversy ever since In this first ever biography Joseph Luther traces the tragic course of the wayfarer who crossed so much of the Texas frontier and created so much of its story *Wildlife and Man in Texas* Robin W. Doughty,1983 The author uses letters journals and travel accounts to show the early attitudes toward the uses of indigenous birds and mammals of Texas Surviving on nature s bounty and remorselessly exterminating her threats

wolves cougars and other wily critters settlers exploited Texas pristine fecundity Some species benefited from disturbed environments others were unable to adjust to human presence and disappeared By the 1880s concern about the diminishing numbers of many preferred species led to enactment of game laws and other efforts to protect and manage wildlife Today the author argues habitat change is the most pressing issue confronting conservationists [The City in Texas](#) David G.

McComb,2015-02-15 This book is the first history of cities in Texas covering the earliest days of Spanish Mexican towns the Republic era to about 1940 and metropolitan Texas to the present Not only is this book a first for Texas but there seem to be no equivalent books for any other states so the author has developed new concepts like the first road frontier and the rupture caused by the railroads McComb emphasizes how railroads and related innovations such as the telegraph and the clock facilitated in urban development Provided by publisher **A World Not to Come** Ra[?] Coronado,2013-06-01 In 1808

Napoleon invaded Spain and deposed the king Overnight Hispanics were forced to confront modernity and look beyond monarchy and religion for new sources of authority Coronado focuses on how Texas Mexicans used writing to remake the social fabric in the midst of war and how a Latino literary and intellectual life was born in the New World **Conquering Sickness** Mark Allan Goldberg,2017-02 Published through the Early American Places initiative supported by the Andrew W Mellon Foundation *Conquering Sickness* presents a comprehensive analysis of race health and colonization in a specific cross cultural contact zone in the Texas borderlands between 1780 and 1861 Throughout this eighty year period ordinary health concerns shaped cross cultural interactions during Spanish Mexican and Anglo colonization Historians have shown us that Spanish Mexican and Anglo American settlers in the contested borderlands read the environment to determine how to live healthy productive lives Colonizers similarly outlined a culture of healthy living by observing local Native and Mexican populations For colonists Texas residents so called immorality evidenced by their indolence uncleanness and sexual impropriety made them unhealthy In the Spanish and Anglo cases the state made efforts to reform Indians into healthy subjects by confining them in missions or on reservations Colonists views of health were taken as proof of their own racial superiority on the one hand and of Native and Mexican inferiority on the other and justified the various waves of conquest As in other colonial settings however the medical story of Texas colonization reveals colonial contradictions Mark Allan Goldberg analyzes how colonizing powers evaluated incorporated and discussed local remedies *Conquering Sickness* reveals how health concerns influenced cross cultural relations negotiations and different forms of state formation Focusing on Texas Goldberg examines the racist thinking of the region in order to understand evolving concepts of health race and place in the nineteenth century borderlands **Guadalupe and Her Faithful** Timothy Matovina,2005-11-07 Publisher Description

**Frontier Naturalist** Russell M. Lawson,2012-11-01 This is a true story of discovery and discoverers in what was the northern frontier region of Mexico in the years before the Mexican War In 1826 when the story begins the region was claimed by both Mexico and the United States Neither country knew much about the lands crossed by such rivers as the

Guadalupe Brazos Nueces Trinity and Rio Grande Jean Louis Berlandier a French naturalist was part of a team sent out by the Mexican Boundary Commission to explore the area His role was to collect specimens of flora and fauna and to record detailed observations of the landscapes and peoples through which the exploring party traveled His observations including sketches and paintings of plants landmarks and American Indians were the first compendium of scientific observations of the region to be collected and eventually published Here historian Russell Lawson tells the story of this multinational expedition using Berlandier s copious records as a way of conveying his view of the natural environment Lawson s narrative allows us to peer over Berlandier s shoulder as he traveled and recorded his experiences Berlandier and Lawson show us an America that no longer exists

**Tejano Legacy** Armando C. Alonzo,1998-01-01 This is a pathbreaking study of Tejano ranchers and settlers in the Lower Rio Grande Valley from their colonial roots to 1900 The first book to delineate and assess the complexity of Mexican Anglo interaction in south Texas it also shows how Tejanos continued to play a leading role in the commercialization of ranching after 1848 and how they maintained a sense of community Despite shifts in jurisdiction the tradition of Tejano land holding acted as a stabilizing element and formed an important part of Tejano history and identity The earliest settlers arrived in the 1730s and established numerous ranchos and six towns along the river Through a careful study of land and tax records brands and bills of sale of livestock wills population and agricultural censuses and oral histories Alonzo shows how Tejanos adapted to change and maintained control of their ranchos through the 1880s when Anglo encroachment and changing social and economic conditions eroded most of the community s land base

Naturalists and Their Travels in Mexico Horace R. Burke,1995

**The Mexican Frontier, 1821-1846** David J. Weber,1982-06 Reinterprets borderlands history from the Mexican perspective

*Amphibians and Reptiles of the US-Mexico Border States/Anfibios y reptiles de los estados de la frontera México-Estados Unidos* Julio A. Lemos-Espinal,2015-11-02 In the first bilingual work on the reptiles and amphibians of the US Mexico border top herpetologists come together to describe the herpetofauna of the states of this region which includes more than 600 species of toads frogs salamanders turtles sea turtles alligators lizards snakes and sea snakes that are found along the almost 2 000 mile border between the two countries Each chapter is devoted to one state four in the US California Arizona New Mexico and Texas and six in Mexico Baja California Sonora Chihuahua Coahuila Nuevo Leon and Tamaulipas with text in both English and Spanish The chapters contain an introduction to the area a review of the research a sketch of the state s physiography and a description of the species present as well as the pertinent conservation issues they face A color photo gallery includes images of nearly all species Almost 40 percent of the featured native species are shared between the US and Mexico reminding us that animals depend on the integrity of natural landscapes and proving the need for a comprehensive bilingual reference to help lead a shared effort in the management and conservation of the borderlands

The History of Mexico Philip Russell,2011-04-06 The History of Mexico From Pre Conquest to Present traces the last 500 years of Mexican history from the indigenous empires that were devastated by the

Spanish conquest through the election of 2006 and its aftermath The book offers a straightforward chronological survey of Mexican history from the pre colonial times to the present and includes a glossary as well as numerous tables and images for comprehensive study For additional information and classroom resources please visit The History of Mexico companion website at [www.routledge.com/textbooks/russell](http://www.routledge.com/textbooks/russell) The Comanche Empire Pekka Hamalainen,2008-10-01 A groundbreaking history of the rise and decline of the vast and imposing Native American empire In the eighteenth and early nineteenth centuries a Native American empire rose to dominate the fiercely contested lands of the American Southwest the southern Great Plains and northern Mexico This powerful empire built by the Comanche Indians eclipsed its various European rivals in military prowess political prestige economic power commercial reach and cultural influence Yet until now the Comanche empire has gone unrecognized in American history This compelling and original book uncovers the lost story of the Comanches It is a story that challenges the idea of indigenous peoples as victims of European expansion and offers a new model for the history of colonial expansion colonial frontiers and Native European relations in North America and elsewhere Pekka Hamalainen shows in vivid detail how the Comanches built their unique empire and resisted European colonization and why they fell to defeat in 1875 With extensive knowledge and deep insight the author brings into clear relief the Comanches remarkable impact on the trajectory of history 2009 Winner of the Bancroft Prize in American History Cutting edge revisionist western history Immensely informative particularly about activities in the eighteenth century Larry McMurtry The New York Review of Books Exhilarating a pleasure to read It is a nuanced account of the complex social cultural and biological interactions that the acquisition of the horse unleashed in North America and a brilliant analysis of a Comanche social formation that dominated the Southern Plains Richard White author of The Middle Ground Indians Empires and Republics in the Great Lakes Region 1650-1815 *Tejano Origins in Eighteenth-Century San Antonio* Gerald E. Poyo, Gilberto M. Hinojosa, 2011-05-18 Since its first publication in 1991 this history of early San Antonio has won a 1992 Citation from the San Antonio Conservation Society and a Presidio La Bahia Award from the Sons of the Republic of Texas

**Comanches and Germans on the Texas Frontier** Daniel J. Gelo, Christopher J. Wickham, 2018-01-02 Winner 2018 Presidio La Bahia Award sponsored by the Sons of the Republic of Texas In 1851 an article appeared in a German journal *Geographisches Jahrbuch* Geographic Yearbook that sought to establish definitive connections using language observations among the Comanches Shoshones and Apaches Heinrich Berghaus's study was based on lexical data gathered by a young German settler in Texas Emil Kriewitz and included a groundbreaking list of Comanche words and their German translations Berghaus also offered Kriewitz's cultural notes on the Comanches a discussion of the existing literature on the three tribes and an original map of Comanche hunting grounds Perhaps because it was published only in German the existence of Berghaus's study has been all but unknown to North American scholars even though it offers valuable insights into Native American languages toponyms ethnonyms hydronyms and cultural anthropology It was also a significant document revealing

the history of German Comanche relations in Texas Daniel J Gelo and Christopher J Wickham now make available for the first time a reliable English translation of this important nineteenth century document In addition to making the article accessible to English speakers they also place Berghaus s work into historical context and provide detailed commentary on its value for anthropologists and historians who study German settlement in Texas Comanches and Germans on the Texas Frontier will make significant contributions to multiple disciplines opening a new lens onto Native American ethnography and ethnology

**One National Family** Sarah K. M. Rodríguez, 2024-10-01 A fascinating new history of Texas that emphasizes the importance of Mexico s political culture in attracting US settlers and Texas s unique role in the nation building efforts of both Mexico and the United States Why did tens of thousands of Anglo settlers renounce their US citizenship and declare their loyalty to another country by migrating to the Mexican Republic of Texas between 1821 and 1836 In *One National Family* Sarah K M Rodr guez challenges traditional assumptions about early North American history to draw new conclusions about the comparative power viability and nation building of Mexico and the United States Drawing from archival research in both countries Rodr guez highlights a profound political irony at the core of US expansion that it was spurred by US weakness and Mexican viability Rodr guez argues that Mexican federalism long blamed for the country s disintegration and instability was precisely what attracted thousands of US immigrants to Mexican Texas Mexico s comparatively weak fiscal structure ample land and commitment to dual sovereignty made it an appealing alternative to the thousands of US agrarians who were disillusioned with the United States political and economic centralization Yet if Mexico s political system was its strength in the 1820s it would be the source of conflict and secession by the 1830s Both Mexico and the United States confronted the limitations of federalism in their respective journeys from loosely confederated republics to consolidated modern nation states But precisely because of its traumatic territorial losses in the mid nineteenth century Mexico embraced the characteristics of modern liberal democracy majoritarianism territorial sovereignty and racial equality far sooner than the United States did Published in cooperation with the William P Clements Center for Southwest Studies Southern Methodist University
