**Journey to the Hebrides** Samuel Johnson, James Boswell, 2009-05-01 Samuel Johnson and James Boswell spent the autumn of 1773 touring the Highlands and Western Islands of Scotland Both kept detailed notes of their impressions and later published separate accounts of their journey These accounts of their great tour contain some of the finest pieces of travel writing ever produced they are magnificent historical documents and also portraits of two extraordinary personalities In the vivid prose of these two famous men of letters the Highlands and the Western Islands spring to life The juxtaposition of the two very different accounts creates an unsurpassed portrait of a society which was utterly alien to the Europe of the Enlightenment and which was straining on the brink of calamitous change These great masterpieces entertaining profound and marvellously readable are also our last chronicles of a lost age and people

**Riddoch on the Outer Hebrides** Lesley Riddoch, 2022-05-15 Riddoch on the Outer Hebrides is a thought provoking commentary based on broadcaster Lesley Riddoch's cycle journey through a beautiful island chain facing seismic cultural and economic change Her experience is described in a typically affectionate but hard hitting style with humour anecdote and a growing sympathy for islanders tired of living at the margins but fearful of closer contact with mainland Scotland

**the Hebrides (1773) and Journey into North Wales (1744)** James Boswell,1904 Blossom Lesley Riddoch,2020-04-24 Blossom is an account of Scotland at the grassroots through the stories of people I ve had the good fortune to know the most stubborn talented and resilient people on the planet They ve had to be Some have transformed their parts of Scotland Some have tried and failed But all have something in common they know what it takes for Scotland to blossom We should too Weeding out vital components of Scottish identity from decades of political and social tangle is no mean task but it s one journalist Lesley Riddoch has undertaken Dispensing with the tired yo yoing jousts over fiscal commissions Devo Something and EU in or out Blossom pinpoints both the buds of growth and the blight that s holding Scotland back Drawing from its people and history as well as the experience of the Nordic countries and the author s own passionate and outspoken perspective this is a plain speaking but incisive call to restore equality and control to local communities and let Scotland flourish
