Journey To Heaven Exploring Jewish Views Of The Afterlife:

Journey to Heaven Leila Leah Bronner, 2011-06-01 A number of the basic tenets of Jewish belief regarding the afterlife resurrection immortality judgment messianism and the world to come are laid out in this fascinating and accessible volume Beginning with the Bible's references to Sheol and its allusions to resurrection this survey explores immortality and bodily resurrection in Second Temple literature the Mishnah's discussions of *olam ha ba* or the world to come and how to merit entry into it and the Talmud's depictions of paradise and hell and the soul's journey through these metaphysical landscapes The book also explores the views of medieval scholars such as Maimonides and Nahmanides Jewish mystical teachings about reincarnation and modern views of faith and belief as well as the evolving view of the Messiah over the course of Jewish history This absorbing study demonstrates that the afterlife is indeed a vital part of Judaism as it reveals how generations of Jews from biblical times to the present have grappled with the core ideas and beliefs about the hereafter **Jewish**

Scholarship on the Resurrection of Jesus David Mishkin, 2017-09-07 The Jewish study of Jesus has made enormous strides within the last two hundred years Virtually every aspect of the life of Jesus and related themes have been analyzed and discussed Jesus has been reclaimed as a fellow Jew by many although what this actually means remains a matter for discussion Ironically the one event in the life of Jesus that has received significantly less attention is the one that the New Testament proclaims as the most important of all his resurrection from the dead This book is the first attempt to document Jewish views of the resurrection of Jesus in history and modern scholarship Jews in Popular Science Fiction Valerie

Estelle Frankel, 2022-09-07 This book analyzes Jewish tropes in popular science fiction ranging from Star Trek and Marvel to other prominent franchises Sometimes the representation is subtle and thought provoking other times it is limited to cliché and oversimplification of characters The chapters in this collection examine the representation of Jewish characters in films and franchises including Superman Lord of the Rings The Mandalorian The Twilight Zone and more to shed light on the broad range of representations of the Jewish experience in popular science fiction and fantasy *The Routledge Companion*

to Jewish History and Historiography Dean Phillip Bell, 2018-10-10 The Routledge Companion to Jewish History and Historiography provides an overview of Jewish history from the biblical to the contemporary period while simultaneously placing Jewish history into conversation with the most central historiographical methods and issues and some of the core source materials used by scholars within the field The field of Jewish history is profitably interdisciplinary Drawing from the historical methods and themes employed in the study of various periods and geographical regions as well as from academic fields outside of history it utilizes a broad range of source materials produced by Jews and non Jews It grapples with many issues that were core to Jewish life culture community and identity in the past while reflecting and addressing contemporary concerns and perspectives Divided into four parts this volume examines how Jewish history has engaged with and developed more general historiographical methods and considerations Part I provides a general overview of Jewish history while Parts II

and III respectively address the rich sources and methodologies used to study Jewish history Concluding in Part IV with a timeline glossary and index to help frame and connect the history sources and methodologies presented throughout The Routledge Companion to Jewish History and Historiography is the perfect volume for anyone interested in Jewish history

Second Thoughts about Hell Ronald J. Allen, Robert D. Cornwall, 2025-09-16 As Christians what should we believe about hell Instead of offering a prescriptive one size fits all answer Ronald Allen and Robert Cornwall guide the reader through the historical interpretation of hell They begin with the voices of the Hebrew Bible extrabiblical and New Testament texts and the voices of the early medieval Reformation and modern church pointing out the three main Christian views today literalism hell exists and those there will suffer for eternity annihilationism the punishment of hell is limited and leads to the extinction of the sufferer and universalism everyone is saved so hell does not exist They include multiple contemporary theological positions on hell such as those of liberation theologians and process theologians Through describing and explaining these different points of view Allen and Cornwall allow the reader to decide what view s of hell make the most theological and ethical sense to them and they conclude by offering their personal thoughts on hell The book includes a study guide making it an excellent resource for group study An online resource designed for pastors who want to design topical and lectionary based sermon series on hell is available for download

Epstein, 2013-08-22 One of the oldest monotheistic religions known to humankind Judaism has withstood the tests of time So what exactly are the tenets of this ancient faith that have been passed down over the millennia and how do they apply to our lives in the 21st century The Basic Beliefs of Judaism gives an updated overview of the belief system on which the Jewish faith is based Epstein takes a contemporary point of view looking at how the basic beliefs of Judaism fit into the lives of modern Jews He does this with an eye toward helping the reader form his her own understanding of Judaism The book touches upon beliefs relating to creation God and the cosmos as well as beliefs relating to day to day issues of family relations social interactions and ethics Epstein draws from the Torah the Talmud

Tanner, 2016-08-15 This string of vignettes brings life to Liv who thinks she is flawed from birth Although she has endured a life of hard knocks and despite the odds she faced she has a strong will to continue to live Guided by her own creative curiosity she finds a cathartic release through writing and yoga Along the way on her trip she meets a Hindu deity her twin flame whom she hasn't seen in eons and some thugs On her nonattachment journey after each tragedy she endures Liv goes against the grain and loses friends and family not only physically and spiritually She feels she has already lived many lives during her thirty five year old time frame The author adds her own knowledge of psychology street smarts and spirituality to weave together an enticing comical intense collection of short stories The author shows that no matter how flawed you are applying self realization and self reflection to your life will help liberate you Additionally she raises questions regarding reincarnation changing DNA structure through yoga and the authenticity of human relationships all while using colloquial language She also touches on the narcissistic family dynamic and prompts the question Who is the real victim in any relationship dynamic
