Judaism Lavinia Cohn-Sherbok, Dan Cohn-Sherbok, 2012-12-01 In this clear and authoritative guide Lavinia and Dan Cohn Sherbok concisely examine the Jewish faith and its practices and explore what it really means to be a Jew today From the nature of God to the divisions within Judaism and from worship to everyday customs this introduction covers all the topics essential to an informed understanding of this highly influential 3000 year old faith and its enduring traditions **The**

Torah Joel S. Kaminsky, Joel N. Lohr, 2011-10-01 There is no question that the Torah is one of the most influential documents in Western civilization It is the source of widely known characters like Joseph Moses and Noah and timeless stories such as the Garden of Eden and the Exodus Jointly authored by professors of Judaism and Christianity The Torah A Beginner s Guide takes a unique approach exploring the interplay and dynamics of how these two religions share this common scripture

Drawing on both scholarly and popular sources Kaminsky and Lohr examine the key debates while simultaneously illustrating the importance of the Torah in western jurisprudence ethics and contemporary conceptions of the family morality and even politics

History David Nash, 2015-11-05 Why study history What s the point Through compelling historical narratives such as the assassination of President Kennedy Dr David Nash introduces us to the central elements of the subject Readers learn how history seeks to explain categorise and make sense of events of the past It is a search for truth which involves searching for sources and then scrutinising them to try and determine how reliable they are Nash explores how new interpretations can change our understanding of what was previously an established version of history and what lasting contribution the study of history can make to society and indeed civilisation Ideal for those with an emerging interest in history the book is designed to provide readers with a toolkit for further investigation of the subject **A Beginner's Guide**

to the Steinsaltz Talmud Judith Z. Abrams, 1999-05-01 In A Beginner s Guide to The Steinsaltz Talmud Rabbi Judith Z Abrams selects a fascinating and provocative section from the Talmud and helps students to reap the vast rewards that can be achieved when one encounters Rabbi Steinsaltz s historic ground breaking work With the publication of The Talmud The Steinsaltz Edition it is now possible for the modern reader to study Judaism s great compendium of Jewish law and legend for the first time The Talmud The Steinsaltz Edition is more than just a translation Rabbi Adin Steinsaltz becomes our personal instructor guiding us through the intricate paths of talmudic logic and thought **The Victorians** David Gange, 2016-02-04

The Victorian era was a time of unprecedented transformation yet it is often understood only through the stereotypes of crowded factories child labour and emotional repression In this entertaining and scholarly introduction Dr David Gange explores the political social and economic realities that defined life for Victorian people Weaving together the perspectives of historians and literary scholars with movements in art science and ethics Gange paints a colourful interdisciplinary portrait of everyday life in nineteenth century Britain The Victorians A Beginner s Guide features such famous figures as Dickens and Disraeli while offering a thought provoking examination of how our perceptions of this pivotal period of history have changed

Stephen Lang,2007-03-01

From the author of the bestselling Complete Book of Bible Trivia over 700 000 copies sold comes this instant reference guide to God's Word This is the perfect foundational book for anyone who wants to learn about the Bible its books and the wonderful treasures within Not everyone knows what the Bible is why it was written how chapter and verse numbers work and why we even read it today In this helpful guide author Stephen J Lang answers many key questions including What are the books in the Bible named for Why are there two testaments Why are there so many versions What do the chapter and verse numbers mean Is the Bible the only holy book This is an ideal resource for anyone who has never used the Bible before as well as for new believers It will give them a running start on getting to know the God who loves them and understanding the written Word He has given them **Ancient Philosophy** William J. Prior,2016-04-21 Philosophers didn't always busy

themselves with life's big questions The earliest ancient philosophers were primarily concerned with the world of nature including phenomena such as earthquakes and eclipses But one enigmatic Greek named Socrates began to explore abstract ideas about human existence What makes us happy What is the nature of the soul And what is our purpose in this universe

Professor William Prior elegantly guides readers through philosophy's formative years and key ancient texts Organised into four themes nature reality the soul and ethics *Ancient Philosophy A Beginner's Guide* is a lively introduction to the great thinkers who still send our minds reeling today **Archaeology** Joe Flatman,2015-05-07 Whether it's Tomb Raider or Roman coins the conventional view of archaeology as a discipline solely preoccupied with long dead cultures is misleading In fact archaeology is better described as a mode of thought one by which we can better understand our past present and future Indeed by studying artefacts of past human activity we can even learn to better tackle great contemporary challenges like high population density and climate change Spanning the globe and centuries from Mesolithic burials in Sweden to modern landfill sites in Arizona Joe Flatman shows how to view the world with an archaeologist's insight What does a discarded food packet reveal about contemporary consumption patterns How can infrared satellite imagery tell archaeologists where to undertake expensive excavation projects What can archaeology reveal about the beginnings of the human race Replete with textboxes highlighting key case studies from the history of the subject and containing invaluable diagrams and photos illustrating the reality of being an archaeologist this is the essential primer to reading landscapes objects and places

Planet Earth John R. Gribbin,2012-01-01 A highly entertaining and accessible introduction to our planet from the bestselling author of *In Search of Schrödinger's Cat* *The Scientists* and *In Search of the Multiverse* In this lively expedition into the origins evolution and workings of our planet John Gribbin does what he does best gathers 4.5 billion years of geological history and shares the best bits Taking an astronomer's perspective Gribbin follows Earth's development from its beginnings in cosmic gas and dust to the explosion of human life after the last ice age combining stories of scientific discovery with gripping accounts of geological activity earthquakes volcanoes and climate change Along the journey we consider Lord Kelvin's time scale for the life of the sun the meteorologist who first championed the idea of continental drift and an intriguing proposal that Earth has expanded substantially in recent millennia Told in Gribbin's dynamic and beloved voice this is the perfect introduction to geology and an essential guidebook for anyone wanting to better appreciate the wonders of our shared home **The Beginner's Guide to Insight Meditation** Arinna Weisman,Jean Smith,2010-05-10

Arinna Weisman and Jean Smith combine clear explanations of the Buddha's teachings on freedom and happiness with their personal stories highlighting some of the challenges and insights of practice *The Beginner's Guide to Insight Meditation* offers advice about going on retreat and help in choosing a teacher and a community to practice with This is an enormously practical book that covers every aspect of the teachings a beginner needs to get started *The Middle East* Philip Robins,2016-09-01 The wave of popular uprisings that swept through the Middle East promised to pave the way for democracy It brought down dictators and captured the popular imagination but for most of the region peace and stability remain as elusive today as they have ever been In this fully revised introduction Oxford University's Philip Robins takes a close look at the issues plaguing the region With each chapter focusing on a key theme Robins weaves together the disparate

countries into a coherent and entertaining narrative From leadership and gender to religion and society The Middle East A Beginner s Guide is replete with case studies astute analysis profiles of key personalities and even jokes from the region There is no better resource for understanding the Middle East both past and present Memories of Jesus Halvor Moxnes,2021-02-09 This is a different book about Jesus It does not study the Gospels as sources for the historical Jesus but reads them as memories about Jesus each Gospel with its characteristic picture of Jesus The book traces the transmission and growth of memories of Jesus in various contexts and in different historical periods It also introduces readers to the little known counterstories to Christian memories in Jewish sources as well as to the rival stories in the Quran A central perspective in the book is the troubling fact that for centuries the memories of Jesus contributed to hate speech against the Jews in Europe The passion narratives in the Gospels put the blame for the death of Jesus upon Jewish leaders and these stories were transmitted across the centuries as historical truth Memories of Jesus have served as identity markers not only for churches but also for societies and countries The last chapters focus on how the memories of Jesus have played an important role in supporting the identity of oppressed and marginalized groups in particular in the contemporary United States *British Politics* Richard S. Grayson,2016-04-07 No one saw it coming No pundit no pollster and no political leader predicted David Cameron s Conservative Party would win a majority of seats in Parliament and his three main opponents would resign as party leaders The consequences of the coalition also became clear as the Liberal Democrats fell dramatically from grace and lost their spot as Britain s third party And despite Scotland voting NO to independence in 2014 the election result also threatens the Union with the Scottish National Party winning all but three of the country s seats In this timely edition Richard S Grayson analyses Britain s changing political landscape and explores the role of the media the European Union and the UK s special relationship with the US Thorough and incisive *British Politics A Beginner s Guide* is the perfect introduction to the structure parties and personalities of British Government today **A Bibliography of Jewish Education in the United States** Norman Drachler,2017-12-01 Entries from thousands of publications whether in English Hebrew Yiddish and German on all aspects of Jewish education from pre school through secondary education This book contains entries from thousands of publications whether in English Hebrew Yiddish and German books research reports educational and general periodicals synagogue histories conference proceedings bibliographies and encyclopedias on all aspects of Jewish education from pre school through secondary education **Shi'i Islam** Moojan Momen,2015-11-05 From infallible Imams to Ayatollahs in Iran Shi ism has long been a prominent if misunderstood branch of Islam It regards Ali Muhammad s son in law as the Prophet s legitimate successor But theological differences between the Shi ah and Sunni Muslims have led to sectarian violence massacres and the desecration of holy sites In this Beginner s Guide Dr Moojan Momen offers an accessible and comprehensive overview of Shi ism tracing the history of the community its leadership and doctrines from its inception to modern times Packed with useful tables family trees and text boxes this engaging and up to

date guide is a perfect introduction to the historical and geopolitical causes of religious tensions still troubling the Middle East today **Justice** Raymond Wacks, 2017-02-02 In this highly topical introduction Professor Raymond Wacks explains and evaluates the leading theories of justice that have shaped our societies and their legislative and judicial systems and explores the extent to which fundamental notions like fairness equality and freedom are reflected in contemporary society By analysing some of the world s most pressing challenges including terrorism corruption and migration Justice A Beginner s Guide shows how these ideas are applied in practice and how far we still have to go to achieve social justice
