## **Judges And Unjust Laws Judges And Unjust Laws:**

*Judges and Unjust Laws* Douglas E. Edlin, 2008-12-02 With keen insight into the common law mind Edlin argues that there are rich resources within the law for judges to ground their opposition to morally outrageous laws and a legal obligation on them to overturn it consequent on the general common law obligation to develop the law Thus seriously unjust laws pose for common law judges a dilemma within the law not just a moral challenge to the law a conflict of obligations not just a crisis of conscience While rooted firmly in the history of common law jurisprudence Edlin offers an entirely fresh perspective on an age old jurisprudential conundrum Edlin's case for his thesis is compelling Gerald J Postema Cary C Boshamer Professor of Philosophy and Professor of Law University of North Carolina at Chapel Hill and author of *Bentham and the Common Law Tradition* Douglas Edlin builds a powerful historical conceptual and moral case for the proposition that judges on common law grounds should refuse to enforce unjust legislation This is sure to be controversial in an age in which critics already excoriate judges for excessive activism when conducting constitutional judicial review Edlin's challenge to conventional views is bold and compelling Brian Z Tamanaha Chief Judge Benjamin N Cardozo Professor of Law St John's University and author of *Law as a Means to an End Threat to the Rule of Law* Professor Edlin's fascinating and well researched distinction between constitutional review and common law review should influence substantially both scholarship on the history of judicial power in the United States and contemporary jurisprudential debates on the appropriate use of that power Mark Graber Professor of Law and Government University of Maryland and author of *Dred Scott and the Problem of Constitutional Evil* Is a judge legally obligated to enforce an unjust law In *Judges and Unjust Laws* Douglas E Edlin uses case law analysis legal theory constitutional history and political philosophy to examine the power of judicial review in the common law tradition He finds that common law tradition gives judges a dual mandate to apply the law and to develop it There is no conflict between their official duty and their moral responsibility Consequently judges have the authority perhaps even the obligation to refuse to enforce laws that they determine unjust As Edlin demonstrates exploring the problems posed by unjust laws helps to illuminate the institutional role and responsibilities of common law judges Douglas E Edlin is Associate Professor of Political Science at Dickinson College

*Judges and Unjust Laws* Douglas E. Edlin, 2010-07-22 With keen insight into the common law mind Edlin argues that there are rich resources within the law for judges to ground their opposition to morally outrageous laws and a legal obligation on them to overturn it consequent on the general common law obligation to develop the law Thus seriously unjust laws pose for common law judges a dilemma within the law not just a moral challenge to the law a conflict of obligations not just a crisis of conscience While rooted firmly in the history of common law jurisprudence Edlin offers an entirely fresh perspective on an age old jurisprudential conundrum Edlin's case for his thesis is compelling Gerald J Postema Cary C Boshamer Professor of Philosophy and Professor of Law University of North Carolina at Chapel Hill and author of *Bentham and the Common Law Tradition* Douglas Edlin builds a powerful

historical conceptual and moral case for the proposition that judges on common law grounds should refuse to enforce unjust legislation This is sure to be controversial in an age in which critics already excoriate judges for excessive activism when conducting constitutional judicial review Edlin s challenge to conventional views is bold and compelling Brian Z Tamanaha Chief Judge Benjamin N Cardozo Professor of Law St John s University and author of *Law as a Means to an End Threat to the Rule of Law* Professor Edlin s fascinating and well researched distinction between constitutional review and common law review should influence substantially both scholarship on the history of judicial power in the United States and contemporary jurisprudential debates on the appropriate use of that power Mark Graber Professor of Law and Government University of Maryland and author of *Dred Scott and the Problem of Constitutional Evil* Is a judge legally obligated to enforce an unjust law In *Judges and Unjust Laws* Douglas E Edlin uses case law analysis legal theory constitutional history and political philosophy to examine the power of judicial review in the common law tradition He finds that common law tradition gives judges a dual mandate to apply the law and to develop it There is no conflict between their official duty and their moral responsibility Consequently judges have the authority perhaps even the obligation to refuse to enforce laws that they determine unjust As Edlin demonstrates exploring the problems posed by unjust laws helps to illuminate the institutional role and responsibilities of common law judges Douglas E Edlin is Associate Professor of Political Science at Dickinson College

**Constitutional Transition and the Travail of Judges** Marie Seong-Hak Kim, 2019-06-27 Discusses the judicial role in constitutional authoritarianism in the context of Korea s political and constitutional transitions Judges and Unjust Laws Douglas E. Edlin, 2002 *Limits of Legality* Jeffrey Brand-Ballard, 2010-05-26 Judges sometimes hear cases in which the law as they honestly understand it requires results that they consider morally objectionable Most people assume that nevertheless judges have an ethical obligation to apply the law correctly at least in reasonably just legal systems This is the view of most lawyers legal scholars and private citizens but the arguments for it have received surprisingly little attention from philosophers Combining ethical theory with discussions of caselaw Jeffrey Brand Ballard challenges arguments for the traditional view including arguments from the fact that judges swear oaths to uphold the law and arguments from our duty to obey the law among others He then develops an alternative argument based on ways in which the rule of law promotes the good Patterns of excessive judicial lawlessness even when morally motivated can damage the rule of law Brand Ballard explores the conditions under which individual judges are morally responsible for participating in destructive patterns of lawless judging These arguments build upon recent theories of collective intentionality and presuppose an agent neutral framework rather than the agent relative framework favored by many moral philosophers Defying the conventional wisdom Brand Ballard argues that judges are not always morally obligated to apply the law correctly Although they have an obligation not to participate in patterns of excessive judicial lawlessness an individual departure from the law so as to avoid an unjust result is rarely a moral mistake if the rule of law is otherwise healthy *Limits of Legality* will interest philosophers

legal scholars lawyers and anyone concerned with the ethics of judging      **Judicial Review and the Law of the Constitution** Sylvia Snowiss,1990-01-01 In this book the author presents a new interpretation of the origin of judicial review She traces the development of judicial review from American independence through the tenure of John Marshall as Chief Justice showing that Marshall s role was far more innovative and decisive than has yet been recognized According to the author all support for judicial review before Marshall contemplated a fundamentally different practice from that which we know today Marshall did not simply reinforce or extend ideas already accepted but in superficially minor and disguised ways effected a radical transformation in the nature of the constitution and the judicial relationship to it      *Judicial Activism in Bangladesh* Ridwanul Hoque,2011-01-18 This book critically examines the evolving global trend of judicial activism with particular reference to Bangladesh It constructs judicial activism as a golden mean adjudicative technology standing between excessive judicial assertion and unacceptable judicial passivity that may leave injustices un redressed It argues that judicial balancing between over activism and meek administration of justice should essentially be predicated upon domestic conditions and the needs and fundamental public values of the judges respective society Providing cross jurisdictional empirical evidence the study demonstrates that judicial activism steered towards improving justice and grounded in one s societal specificities can be exercised in a morally and legally legitimate form and without rupturing the balance of powers among the state organs This study has sought to displace the myth of judicial activism as constitutional transgression by unelected judges arguing that judicial activism is quite different from excessivism It is argued and shown that a particular judge or judiciary turns out to be activist when other public functionaries avoid or breach their constitutional responsibilities and thus generate injustice and inequality The study treats judicial activism as the conscientious exposition of constitutional norms and enforcement of public duties of those in positions of power The study assesses whether Bangladeshi judges have been striking the correct balance between over activism and injudicious passivity Broadly the present book reveals judicial under activism in Bangladesh and offers insights into causes for this It is argued that the existing milieu of socio political injustices and over balance of constitutional powers in Bangladesh calls for increased judicial intervention and guidance of course in a balanced and pragmatic manner which is critical for good governance and social justice Writing about judicial activism easily gets shackled by fussy and pedestrian debates about what judges may or may not do as unelected agents of governance The book goes much beyond such reductionist pedestrianisation of law for it courageously lifts the debate into the skies of global legal realism The analysis perceptively addresses bottlenecks of justice identifying shackles and mental blocks in our own minds against activising concerns for justice for the common citizen Prof Werner Menski Foreword

*Law, Morality and the Private Domain* Raymond Wacks,2000-09-01 Are judges morally accountable Is legal validity value free Do animals have rights These are some of the questions considered in this collection of essays Moral problems argues Professor Raymond Wacks pervade the legal system and he shows how the judicial function the sources of legitimacy and the

protection of rights have an inescapable ethical dimension The second part of the book focuses on the private domain and the legal concept of privacy The extent to which the law ought to preserve a distinctly private realm is a pressing concern in our surveillance society in which personal information is increasingly collected transferred and stored This controversial and difficult subject is one into which Professor Wacks a leading expert in this field is uniquely qualified to offer important insights Raymond Wacks analysis will be of interest not only to lawyers legal philosophers and students of law but also to the general reader seeking an understanding of the jurisprudential underpinning of rights and moral values their legal recognition and practical application Raymond Wacks is Professor of Law and Legal Theory at the University of Hong Kong He is an international authority on the legal protection of privacy and has also published widely in the field of legal theory

**Towards Recognition of Minority Groups** Marek Zirk-Sadowski, Bartosz Wojciechowski, 2016-02-24 This volume analyses current debates concerning problems in the nature justification and legal protection of human rights for minorities with reference to the issues surrounding social milieu as a source of any legitimized law which is in itself in need of legal recognition as well as being an object of legal protection With contributions from a global network of scientists across several continents the work examines the debate dedicated to the understanding of the normative framework expressed in terms of human rights that guarantee autonomous action in public and private for minority groups as well as individuals The chapters go on to study the particular claims that need to be audible and visible for others in the public sphere with reference to the legal protection of human rights The work concludes with the completion of an interpretative circle debating the issues of legal consensus and legal identity with respect to the specificity of the patterns and modes guiding human interactions Going beyond the legal analysis to discuss communication strategies in human rights this collection will be of great interest to those studying the philosophy and theory of law practical philosophy in general political sciences and theory of democracy

**Judicial Power, Democracy and Legal Positivism** Tom D. Campbell, Jeffrey Goldsworthy, 2017-03-02 In this book a distinguished international group of legal theorists re examine legal positivism as a prescriptive political theory and consider its implications for the constitutionally defined roles of legislatures and courts The issues are illustrated with recent developments in Australian constitutional law *Judges Against Justice* Hans Petter Graver, 2014-09-11 This book explores concrete situations in which judges are faced with a legislature and an executive that consciously and systematically discard the ideals of the rule of law It revolves around three basic questions What happen when states become oppressive and the judiciary contributes to the oppression How can we from a legal point of view evaluate the actions of judges who contribute to oppression And thirdly how can we understand their participation from a moral point of view and support their inclination to resist

**Law, Morality and Judicial Reasoning** Thomas Bustamante, Saulo de Matos, André L. S. Coelho, 2024-08-28 This book provides a critical outlook on and an inquiry into the practical implications of the works of Professor W J Waluchow one of the most important jurisprudence scholars of the early twenty first century while also reflecting on the

interconnections between his legal theory and his theory of constitutional interpretation. It also features an interview with Waluchow in which he responds to some of the chapters and shares a first person perspective on his main philosophical ideas how they emerged and how they can be further developed and applied. The book makes a valuable contribution to contemporary legal philosophy by asking and providing different answers from prominent legal philosophers and newer scholars in the field to questions such as: How does Waluchow's jurisprudence relate to his theories of legal reasoning and constitutional interpretation? On what terms should we understand inclusive legal positivism? Can inclusive legal positivism be reconciled with an interpretivist theory of adjudication? How does it compare with Raz's model of legal authority? Can Waluchow's notion of community constitutional morality be applied to contexts such as international law, pluralist legal communities and indigenous laws? and Is Waluchow's methodology equipped to provide interpretive directives in unstable and extremely unequal legal systems? The chapters, all written by experts on jurisprudence including some of the scholars who helped develop the tradition known as inclusive legal positivism, offer a unique analysis of Waluchow's most complex and intriguing theses, providing not only a valuable exegetical analysis of his work but also a range of answers to the challenge of interpreting legal and constitutional values as well as practical resolutions to persisting controversies in the philosophy of law.

Law, Liberty, and the Rule of Law Imer B. Flores, Kenneth E. Himma, 2012-09-28. In recent years there has been a substantial increase in concern for the rule of law. Not only have there been a multitude of articles and books on the essence, nature, scope and limitation of the law, but citizens, elected officials, law enforcement officers and the judiciary have all been actively engaged in this debate. Thus the concept of the rule of law is as multifaceted and contested as it's ever been, and this book explores the essence of that concept including its core principles, its rules and the necessity of defining or even redefining the basic concept. Law, Liberty, and the Rule of Law offers timely and unique insights on numerous themes relevant to the rule of law. It discusses in detail the proper scope and limitations of adjudication and legislation, including the challenges not only of limiting legislative and executive power via judicial review but also of restraining active judicial lawmaking while simultaneously guaranteeing an independent judiciary interested in maintaining a balance of power. It also addresses the relationship not only between the rule of law, human rights and separation of powers but also the rule of law, constitutionalism and democracy.

Was Frankenstein Really Uncle Sam? Richard J. Rolwing, 2010-01-27. Learned arguments but addressed to the general public. Volumes I-4 each had 365 essays each 365 words. Vol. XIII has 50 longer essays. All relate to our Declaration of Independence. The goal is to recapture and restore our Birth Certificate since most educated Americans today repudiate it. They say it's like a post-menopausal female, useless and fruitless. Composed of dead remnants, it's time has come and gone. But it mothered all our Constitutions. Muslim societies today are full of death without it as were those of Stalin, Hitler, Tojo and Pol Pot. Although the essays are not connected, few readers can keep from always reading another one.

**The Architecture of Law** Brian M. McCall, 2018-05-30. This book argues that classical natural law

jurisprudence provides a superior answer to the questions What is law and How should law be made rather than those provided by legal positivism and new natural law theories What is law How should law be made Using St Thomas Aquinas's analogy of God as an architect Brian McCall argues that classical natural law jurisprudence provides an answer to these questions far superior to those provided by legal positivism or the new natural law theories The Architecture of Law explores the metaphor of law as an architectural building project with eternal law as the foundation natural law as the frame divine law as the guidance provided by the architect and human law as the provider of the defining details and ornamentation Classical jurisprudence is presented as a synthesis of the work of the greatest minds of antiquity and the medieval period including Cicero Aristotle Gratian Augustine and Aquinas the significant texts of each receive detailed exposition in these pages Along with McCall's development of the architectural image he raises a question that becomes a running theme throughout the book To what extent does one need to know God to accept and understand natural law jurisprudence given its foundational premise that all authority comes from God The separation of the study of law from knowledge of theology and morality McCall argues only results in the impoverishment of our understanding of law He concludes that they must be reunited in order for jurisprudence to flourish This book will appeal to academics students in law philosophy and theology and to all those interested in legal or political philosophy

Law, Rights and Discourse George Pavlakos, 2007-07-11 A philosophical system is not what one would expect to find in the work of a contemporary legal thinker Robert Alexy's work counts as a striking exception Over the past 28 years Alexy has been developing with remarkable clarity and consistency a systematic philosophy covering most of the key areas of legal philosophy Kantian in its inspiration his work admirably combines the rigour of analytical philosophy with a repertoire of humanitarian ideals reflecting the tradition of the Geisteswissenschaften rendering it one of the most far reaching and influential legal philosophies in our time This volume has been designed with two foci in mind the first is to reflect the breadth of Alexy's philosophical system as well as the varieties of jurisprudential and philosophical scholarship in the last three decades on which his work has had an impact The second objective is to provide for a critical exchange between Alexy and a number of specialists in the field with an eye to identifying new areas of inquiry and offering a new impetus to the discourse theory of law To that extent it was thought that a critical exchange such as the one undertaken here would most appropriately reflect the discursive and critical character of Robert Alexy's work The volume is divided into four parts each dealing with a key area of Alexy's contribution A final section brings together concise answers by Robert Alexy In composing these Alexy has tried to focus on points and criticisms that address new aspects of discourse theory or otherwise point the way to future developments and applications With its range of topics of coverage the number of specialists it engages and the originality of the answers it provides this collection will become a standard work of reference for anyone working in legal theory in general and the discourse theory of law in particular

**Valiant Judges, Iniquitous Law** Hans Petter Graver, 2023-09-11 This book is about heroes of law It provides

examples of when judges have exercised courage moderation wisdom and justice rather than blindly following the law It also discusses the contentious issue of whether a judge has a moral responsibility to defend the rule of law regardless of what the law actually states The work presents a collection of thirteen stories about judges who in different settings have stood up against the authorities and public opinion in the defence of the rule of law An introductory chapter sets the scene with two examples of situations gone wrong when those applying the law have just followed the demands of those in power The thirteen stories are followed by two theoretical chapters discussing the moral responsibility of the judge Finally the book explores the kind of ethical theory required to guide judges in the assessments they must make and the choices they have to take in order to fulfil their moral responsibilities It is argued that the classic virtues of courage moderation wisdom and justice are all qualities that can contribute to both sound judgment and reflection The book thus seeks to nurture a realistic culture and a tradition of cultivating lawyers who defend the rule of law Against a background where the history of our legal institutions when put to the test is largely nothing to be proud of the work seeks to change this by highlighting and reflecting on the exceptions The book will be illuminating reading for students and academics working in the areas of Jurisprudence Legal Ethics and Legal History

**The Legacy of Ronald Dworkin** Wil Waluchow, Stefan Sciaraffa, 2016-04-25 This book assembles leading legal political and moral philosophers to examine the legacy of the work of Ronald Dworkin They provide the most comprehensive critical treatment of Dworkin s accomplishments focusing on his work in all branches of philosophy including his theory of value political philosophy philosophy of international law and legal philosophy The book s organizing principle and theme reflect Dworkin s self conception as a builder of a unified theory of value and the broad outlines of his system can be found throughout the book The first section addresses the most abstract and general aspect of Dworkin s work the unity of value thesis The second section explores Dworkin s contributions to political philosophy and discusses a number of political concepts including authority civil disobedience the legitimacy of states and the international legal system distributive justice collective responsibility and Dworkin s master value of dignity and the associated values of equal concern and respect The third section addresses various aspects of Dworkin s general theory of law The fourth and final section comprises accounts of the structure and defining values of discrete areas of law

**The Long Arc of Legality** David Dyzenhaus, 2022-01-27 Explores how the central question of philosophy of law is the legal subject s how can that be law for me

**Transitional Justice and the Criminal Responsibility of Judges** Claudia Cárdenas Aravena, Jaime Couso Salas, Florian Jeßberger, Milan Kuhli, 2025-05-09 This collective volume delves into the criminal responsibility of judges under authoritarian regimes with case studies from Germany Argentina and Chile examining their involvement in criminal human rights abuses and failures to protect victims from such crimes Through comparative analysis this volume offers insights into the legal and doctrinal challenges of prosecuting judicial involvement in crimes such as murder judicial murder kidnapping unlawful detention and torture Bridging a gap in transitional justice and international criminal law literature it focuses on the

rarely explored criminal responsibility of judges beyond judicial misconduct In doing so it provides readers with a deeper understanding of judicial roles in authoritarian regimes and the complex legal standards involved in prosecuting such cases It also informs the ongoing discourse on judicial accountability and the potential legal implications for judges in contemporary contexts Transitional Justice and the Criminal Responsibility of Judges is ideal for students scholars and civil servants or practitioners working in the domestic or the international criminal justice system

## **Judges And Unjust Laws Judges And Unjust Laws Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Judges And Unjust Laws Judges And Unjust Laws PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Judges And Unjust Laws Judges And Unjust Laws PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms

offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Judges And Unjust Laws Judges And Unjust Laws free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Judges And Unjust Laws Judges And Unjust Laws Books**

**What is a Judges And Unjust Laws Judges And Unjust Laws PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Judges And Unjust Laws Judges And Unjust Laws PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Judges And Unjust Laws Judges And Unjust Laws PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Judges And Unjust Laws Judges And Unjust Laws PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Judges And Unjust Laws Judges And Unjust Laws PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share

and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
