How Reading is Written, which in its title alludes to the Gertrude Stein anthology *How Writing is Written*, is the result of Lorange's extended PhD research. At the very the beginning she uses a quote from *Tender Buttons*, as a very apt introduction: "The use of this is manifold". Alluding to the multiple meanings of manifold the book is meant to be non-linear, a flexible object, a book to work with. Lorange regards the index as instrumental for this kind of use stating that as a paratext it is auxiliary and derivative. The index can also be seen as a kind of translation in her view, presenting, as it were, a book within a book.

After the introduction on the use of the index Lorange poses the question of her own preoccupation: 'Why Stein?' - which could just as well be 'Why *still* Stein?' as literature on her chosen subject is both vast and substantial. Her response to her own question is the necessity for a different approach that acknowledges a different quality in the writing and that comes down to a reading 'with', 'alongside', and 'giving in to' the endurance of what reading Gertrude Stein actually is. Stein's writing is usually either approached as hermetic, difficult, stubborn and nonsensical or made the subject for extended searches for hidden meanings. Both approaches are however limiting the text's meaning as they either resort to intrinsic meaning or pure nothingness. Lorange argues therefore an alternative mode in which the compositional practices of reading and writing are to be seen as constructive *experiences* that produce and investigate the contexts and relations of language in a specific occasion (Lorange, 10). The so-called obscurity or opaqueness, a terminology Lorange gets from Steven Meyer¹ of Stein's writing is thus seen as a positive, a "philosophical and constructive attitude" that leads to the contemplation on what is endured in a proper engagement with a text and what happens in the time of reading as this is exactly what Stein seemed to aim at. Quoting Michael Davidson's essay 'On Reading Stein', Lorange's argument is therefore to support the imperative to learn "to read *writing*, not read *meanings*, (...) to interrogate the spaces around

How Reading Is Written A Brief Index To Gertrude Stein:

How Reading Is Written Astrid Lorange, 2014-12-02 Gertrude Stein is a seminal figure in modern and postmodern literature yet her work is not easily defined and has had both fierce supporters and equally fierce detractors In a series of linked essays *How Reading Is Written* considers a set of questions associated with reading Gertrude Stein today In particular how can we read a body of work that is largely resistant to conventional and interpretation based models of literary criticism The book is structurally and conceptually an index to Stein's poetics and it considers Stein alongside other writers and thinkers and across discourses of philosophy science queer theory and literary criticism Like Charles Olson's *Call Me Ishmael* and Susan Howe's *My Emily Dickinson* *How Reading Is Written* joins a tradition of books by poets about the writers who have intensely figured into their conception of poetry Astrid Lorange recovers previously overlooked critical work on Stein and aims to construct a new intellectual episteme for Stein's work one that connects with contemporary contexts as well as repositions Stein in her moment of transnational modernism

Approaches to Teaching the Works of Gertrude Stein Logan Esdale, Deborah M. Mix, 2018-08-01 Offers pedagogical techniques for teaching the prose poetry plays and libretti of Gertrude Stein in college literature and composition classrooms including consideration of race gender sexuality narrative diversity identity and visual arts Includes information on reference works and online resources Gives syllabus suggestions for undergraduate and graduate courses

Poetry & Barthes Callie Gardner, 2018-10-11 The influence of Roland Barthes on contemporary culture has been the subject of much analysis but never before has this influence been closely examined in relation to poetry This innovative study traces Anglophone poetry's response to the literary and cultural theory of Barthes from debate to adoption adaptation and rejection

Modernist Literature and European Identity Birgit Van Puymbroeck, 2020-05-13 *Modernist Literature and European Identity* examines how European and non European authors debated the idea of Europe in the first half of the twentieth century It shifts the focus from European modernism to modernist Europe and shows how the notion of Europe was constructed in a variety of modernist texts Authors such as Ford Madox Ford T S Eliot Gertrude Stein Aim C saire and Nancy Cunard each developed their own notion of Europe They engaged in transnational networks and experimented with new forms of writing supporting or challenging a European ideal Building on insights gained from global modernism and network theory this book suggests that rather than defining Europe through a set of core principles we may also regard it as an open or weak construct a crossroads where different authors and views converged and collided

Stitch, Unstitch Kristin Grogan, 2025-08-26 The labor of literature is often thought of as a specialized craft distinct from everyday work In *Stitch Unstitch* Kristin Grogan traces an alternative vision of writing and the writer arguing that modernist poetry was deeply shaped by ordinary labor and the people who performed it This relationship provoked powerful political and aesthetic experiments and allowed modernist poets to imagine ways of life beyond the demand to earn a living Poetic form Grogan shows offers ways to reflect on the meaning and worth of labor particularly types

of gendered labor that are typically unseen and undervalued Her fine grained readings locate modernist poetry within sites of social reproduction factory work craft labor and other forms of manual labor placing literary texts alongside objects such as constructivist posters and set design household notes and homemade books Grogan considers Ezra Pound s ideology of craft and artisanal labor Lola Ridge s immersion in the New York garment industry Langston Hughes s encounter with Soviet workers theater Gertrude Stein s gendered and queer domestic labors and Lorine Niedecker s employment as a hospital cleaner Blending Marxist and feminist theory with attentive close readings *Stitch Unstitch* is a revelatory materialist account of the values of poetry

Writing the Global Riot Jumana Bayeh,Helen Groth,Julian Murphet,2024-01-30 The history of the modern riot parallels the development of the modern novel and writers have collectively shaped perceptions of the riot as a form of political and social expression The essays in this volume analyse literature s dialogue with the histories of violence bound up in the riot as an inherently volatile form of collective action

Sport and Psychoanalysis Jack Black,Joseph S. Reynoso,2024-07-30 *Sport and Psychoanalysis* What Sport Reveals about Our Unconscious Desires Fantasies and Fears explores the intersection of sport and psychoanalysis emphasizing the often overlooked psycho social dimensions underpinning the experience of sport By challenging the idea that sport offers an escape from reality a realm separate to the politics of everyday life each chapter critically considers the unconscious desires fantasies and fears that underpin the sporting spectacle for both participants and spectators Indeed beyond simply applying psychoanalysis to sport this book proposes how sport can be used to pose questions to psychoanalysis thus using sport as a medium to elucidate key psychoanalytic ideas and concepts This volume addresses a diverse range of theorists including Sigmund Freud Jacques Lacan Lou Andreas Salom Norman O Brown and Frantz Fanon and applies them across a variety of topics and sports including NFL coaching Manny Pacquiao play football basketball baseball poker and the 2023 FIFA Women s World Cup therefore providing a unique understanding of the cultural social and psychic significance of sports A timely and relevant collection this book will appeal to scholars and practitioners interested in understanding sport from both the cultural and clinical application of psychoanalytic theory as well as academics and practitioners in sport studies psychology sociology education and cultural studies

Cinemat Tessa Laird,2025-04-29 A foray through the wilds where experimental films and animals collide Like the flash of a tropical bird s iridescent wing cinema can be furtive and intensely beautiful and it can leave a viewer craving more *Cinemat* is Tessa Laird s passionate inquiry into the ways that films mimic the majesty mystery and movements of animals her field notes from countless hair raising encounters with films in their natural habitat Part of a growing focus on nonhuman animals in film *Cinemat* ventures to the furry underbelly of global experimental film practice focusing on films from New Zealand Australia and South America Laird examines how animals are depicted in film and analyzes the various animal qualities of cinema like scratching and sniffing vibrant colors and voices barking howling or echolocation Burrowing into the work of filmmakers such as Arthur and Corinne Cantrill Sriwhana Spong and Ana Vaz Laird

s energetic prose embodies the films she discusses seamlessly combining personal anecdotes with art theory and philosophy to spread a wide sensory buffet Lively and optimistic Laird uses cinematic animal tropes to encourage readers to rethink what it means to be human She argues that in a time of ecological collapse such an impulse is a necessary means of imagining other healthier ways of being in this world Connecting us with the more than human Cinemal lures us toward the beastly becomings of film and ultimately our own animal natures Retail e book files for this title are screen reader friendly

Metrolingualism Alastair Pennycook,Emi Otsuji,2015-03-05 This book is about language and the city Pennycook and Otsuji introduce the notion of metrolingualism showing how language and the city are deeply involved in a perpetual exchange between people history migration architecture urban landscapes and linguistic resources Cities and languages are in constant change as new speakers with new repertoires come into contact as a result of globalization and the increased mobility of people and languages Metrolingualism sheds light on the ordinariness of linguistic diversity as people go about their daily lives getting things done eating and drinking buying and selling talking and joking drawing on whatever linguistic resources are available Engaging with current debates about multilingualism and developing a new way of thinking about language the authors explore language within a number of contemporary urban situations including caf s restaurants shops streets construction sites and other places of work in two diverse cities Sydney and Tokyo This is an invaluable look at how people of different backgrounds get by linguistically Metrolingualism Language in the city will be of special interest to advanced undergraduate postgraduate students and researchers of sociolinguistics and applied linguistics Literary Couples and 20th-Century Life Writing Janine Utell,2019-11-14 Exposing how modernist and late modernist writers tell the stories of their intimate relationships though life writing this book engages with the process by which these authors become subjects to a significant other a change that subsequently becomes narrative within their works Looking specifically at partners in a couple Janine Utell focuses on such literary pairings as Virginia and Leonard Woolf Gertrude Stein and Alice B Toklas Sylvia Townsend Warner and Valentine Ackland Christopher Isherwood and Don Bachardy and Sylvia Plath and Ted Hughes Utell draws on the latest work in narrative theory and the study of intimacy and affects to shed light on the ethics of reading relationships in the modern period Focusing on a range of genres and media from memoir through documentary film to comics this book demonstrates that stories are essential for our thinking of love desire and sexuality Balancing Acts: Women in Sport Justin Wolfers,Erin Riley,2018-05-01 **The Evolutions of Modernist Epic** Václav Paris,2021-01-07 Modernist epic is more interesting and more diverse than we have supposed As a radical form of national fiction it appeared in many parts of the world in the early twentieth century Reading a selection of works from the United States England Ireland Czechoslovakia and Brazil The Evolutions of Modernist Epic develops a comparative theory of this genre and its global development That development was it argues bound up with new ideas about biological evolution During the first decades of the twentieth century a period known in the history of evolutionary science as the eclipse of Darwinism evolution

s significance was questioned rethought and ultimately confined to the Neo Darwinist discourse with which we are familiar today Epic fiction participated in and was shaped by this shift Drawing on queer forms of sexuality to cultivate anti heroic and non progressive modes of telling national stories the genre contested reductive and reactionary forms of social Darwinism The book describes how in doing so the genre asks us to revisit our assumptions about ethnolinguistics and organic nationalism It also models how the history of evolutionary thought can provide a new basis for comparing diverse modernisms and their peculiar nativisms

Liberating Sociology: From Newtonian Toward Quantum Imaginations: Volume 1: Unriddling the Quantum Enigma Mohammad H. Tamdgidi, 2020-01-20 In this major new study in the sociology of scientific knowledge social theorist Mohammad H Tamdgidi reports having unriddled the so called quantum enigma This book opens the lid of the Schrödinger's Cat box of the quantum enigma after decades and finds something both odd and familiar Not only the cat is both alive and dead it has morphed into an elephant in the room in whose interpretation Einstein Bohr Bohm and others were each both right and wrong because the enigma has acquired both localized and spread out features whose unriddling requires both physics and sociology amid both transdisciplinary and transcultural contexts The book offers in a transdisciplinary and transcultural sociology of self knowledge framework a relativistic interpretation to advance a liberating quantum sociology Deeper methodological grounding to further advance the sociological imagination requires investigating whether and how relativistic and quantum scientific revolutions can induce a liberating reinvention of sociology in favor of creative research and a just global society This however necessarily leads us to confront an elephant in the room the quantum enigma In Unriddling the Quantum Enigma the first volume of the series commonly titled Liberating Sociology From Newtonian toward Quantum Imaginations sociologist Mohammad H Tamdgidi argues that unriddling the quantum enigma depends on whether and how we succeed in dehabituating ourselves in favor of unified relativistic and quantum visions from the historically and ideologically inherited classical Newtonian modes of imagining reality that have subconsciously persisted in the ways we have gone about posing and interpreting or not the enigma itself for more than a century Once this veil is lifted and the enigma unriddled he argues it becomes possible to reinterpret the relativistic and quantum ways of imagining reality including social reality in terms of a unified nonreductive creative dialectic of part and whole that fosters quantum sociological imaginations methods theories and practices favoring liberating and just social outcomes The essays in this volume develop a set of relativistic interpretive solutions to the quantum enigma Following a survey of relevant studies and an introduction to the transdisciplinary and transcultural sociology of self knowledge framing the study overviews of Newtonianism relativity and quantum scientific revolutions the quantum enigma and its main interpretations to date are offered They are followed by a study of the notion of the wave particle duality of light and the various experiments associated with the quantum enigma in order to arrive at a relativistic interpretation of the enigma one that is shown to be capable of critically cohering other offered interpretations The book concludes with a heuristic

presentation of the ontology epistemology and methodology of what Tamdgidi calls the creative dialectics of reality The volume essays involve critical comparative integrative reflections on the relevant works of founding and contemporary scientists and scholars in the field This study is the first in the monograph series Tayyebah Series in East West Research and Translation of Human Architecture Journal of the Sociology of Self Knowledge XIII 2020 published by OKCIR Omar Khayyam Center for Integrative Research in Utopia Mysticism and Science Utopystics OKCIR is dedicated to exploring in a simultaneously world historical and self reflective framework the human search for a just global society It aims to develop new conceptual methodological theoretical historical practical pedagogical inspirational and disseminative structures of knowledge whereby the individual can radically understand and determine how world history and her his selves constitute one another Reviews Mohammad H Tamdgidi s Liberating Sociology From Newtonian Toward Quantum Imaginations Volume 1 Unriddling the Quantum Enigma hits the proverbial nail on the head of an ongoing problem not only in sociology but also much social science namely many practitioners allegiance consciously or otherwise to persisting conceptions of science that get in the way of scientific and other forms of theoretical advancement Newtonianism has achieved the status of an idol and its methodology a fetish the consequence of which is an ongoing failure to think through important problems of uncertainty indeterminacy multivariation multidisciplinary and false dilemmas of individual agency versus structure among many others Tamdgidi has done great service to social thought by bringing to the fore this problem of disciplinary decadence and offering in effect a call for its teleological suspension thinking beyond disciplinarity through drawing upon and communicating with the resources of quantum theory not as a fetish but instead as an opening for other possibilities of social including human understanding The implications are far reaching as they offer as the main title attests liberating sociology from persistent epistemic shackles and thus many disciplines and fields connected to things social This is exciting work A triumph The reader is left with enthusiasm for the second volume and theorists of many kinds with proverbial work to be done Professor Lewis R Gordon Honorary President of the Global Center for Advanced Studies and author of Disciplinary Decadence Living Thought in Trying Times Routledge Paradigm 2006 and Freedom Justice and Decolonization Routledge forthcoming 2020 Social sciences are still using metatheoretical models of science based on 19th century newtonian concepts of time and space Mohammad H Tamdgidi has produced a tour de force in social theory leaving behind the old newtonian worldview that still informs the social sciences towards a 21st century non dualistic non reductionist transcultural transdisciplinary post Einsteinian quantum concept of TimeSpace Tamdgidi goes beyond previous efforts done by titans of social theory such as Immanuel Wallerstein and Kyriakos Kontopoulos This book is a quantum leap in the social sciences at large Tamdgidi decolonizes the social sciences away from its Eurocentric colonial foundations bringing it closer not only to contemporary natural sciences but also to its convergence with the old Eastern philosophical and mystical worldviews This book is a masterpiece in social theory for a 21st century decolonial social science A must read Professor Ramon Grosfoguel University

of California at Berkeley Tamdgidi's Liberating Sociology succeeds in adding physical structures to the breadth of the world changing vision of C Wright Mills the man who mentored me at Columbia Relativity theory and quantum mechanics can help us to understand the human universe no less than the physical universe Just as my Creating Life Before Death challenges bureaucracy's conformist orientation so does Liberating Sociology liberate the infinite possibilities inherent in us Given our isolation in the Coronavirus era we have time to follow Tamdgidi in his journey into the depth of inner space where few men have gone before It is there that we can gain emotional strength just as Churchill Roosevelt and Mandela empowered themselves That personal development was needed to address not only their own personal problems but also the mammoth problems of their societies We must learn to do the same Bernard Phillips Emeritus Sociology Professor Boston University

New Directions in Contemporary Australian Poetry Dan Disney, Matthew Hall, 2021-10-04 This book sets out to navigate questions of the future of Australian poetry Deliberately designed as a dialogue between poets each of the four clusters presented here Indigeneities Political Landscapes Space Place Materiality Revising an Australian Mythos models how poetic communities in Australia continue to grow in alliance toward certain constellated ideas Exploring the ethics of creative production in a place that continues to position capital over culture property over community each of the twenty essays in this anthology takes the subject of Australian poetry definitively beyond Eurocentrism and white privilege By pushing back against nationalizing mythologies that have over the last 200 years since colonization not only narrativized the logic of instrumentalization but rendered our lands precarious this book asserts new possibilities of creative responsiveness within the Australian sensorium

The

Aesthetics and Affects of Cuteness Joshua Paul Dale, Joyce Goggin, Julia Leyda, Anthony P. McIntyre, Diane Negra, 2016-12-08 Cuteness is one of the most culturally pervasive aesthetics of the new millennium and its rapid social proliferation suggests that the affective responses it provokes find particular purchase in a contemporary era marked by intensive media saturation and spreading economic precarity Rejecting superficial assessments that would deem the ever expanding plethora of cute texts trivial The Aesthetics and Affects of Cuteness directs serious scholarly attention from a variety of academic disciplines to this ubiquitous phenomenon The sheer plasticity of this minor aesthetic is vividly on display

in this collection which draws together analyses from around the world examining cuteness's fundamental role in cultural expressions stemming from such diverse sources as military cultures high end contemporary art worlds and animal shelters Pushing beyond prevailing understandings that associate cuteness solely with childhood or which posit an interpolated parental bond as its primary affective attachment the essays in this collection variously draw connections between cuteness and the social political economic and technological conditions of the early twenty first century and in doing so generate fresh understandings of the central role cuteness plays in the recalibration of contemporary subjectivities *absence of clutter*
