Journal of Social Hygiene, 1931, Vol. 17 (Classic Reprint) American Social Hygiene Association, 2016-08-20 Excerpt from Journal of Social Hygiene 1931 Vol 17 It was indeed very new Little more than a year had elapsed since members of the American Federation for Sex Hygiene and the American Vigilance Association meeting at Buffalo had agreed that the progress of social hygiene in the United States could best be assured through one national agency dealing with all aspects of the problem Six months later in April 1914 articles of incorporation were filed and the new agency began its active work About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Journal of Social Hygiene, 1944, Vol. 15 (Classic Reprint) American Social Hygiene Association, 2018-01-18 Excerpt from Journal of Social Hygiene 1944 Vol 15 This latest revision gives to each section a value of one hundred points but provides that each section total must be multiplied by a factor or weighted value to give the corrected number of points which may be counted toward the total score for a city These weights have been based on the judgment of the Committee after conference with the advising groups to which reference has been made The Committee states that the differences in the weights assigned to the sections do not necessarily indicate the relative importance of various fields of health work from the standpoint of life saving nor should they be taken as a proper basis for budgetary distribution Their purpose is to guide the health officer toward a program which is fairly well balanced from the standpoint of current practice About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Journal of Social Hygiene, Vol. 36 (Classic Reprint) American Social Hygiene Association, 2017-12-19 Excerpt from Journal of Social Hygiene Vol 36 The Second Assembly of the World Health Organization held in Rome June 13 July 2 1949 and the Assembly of the Union held in Rome September 12 16 1949 brought out clearly the great advances of recent years in new knowledge and improved methods of applying this knowledge to the early detection and treatment of these diseases and to the longer range problems of prevention of infections In summary the discussions of these Assemblies centered about the three recognized areas of activity About the Publisher Forgotten Books

Journal of Social Hygiene, Vol. 20 American Social Hygiene Association, 2015-08-04 Excerpt from Journal of Social
Hygiene Vol 20 January 1934 In all they found an amount ranging somewhere between two and two and one half million
dollars as the actual sum paid out every year for treatment of the venereal diseases This expenditure amounted to a yearly
cost to each man woman and child in St Louis of from 2 45 to 3 04 The report pictured long lines of ambulatory patients
standing before clinic doors hospital wards filled with sufferers from the late complications of syphilis and gonorrhea
institutions for the blind and semi sighted peopled in part by those whose vision had been destroyed by the ravages of
syphilis Many inmates in mental institutions were there because of syphilitic infection of the brain and central nervous
system Over 10 000 private patients in the metropolitan area were continually under treatment by individual physicians for
either syphilis or gonorrhea About half of the many and varied charitable agencies caring for the city s distressed and needy
stated that venereal diseases were a complicating factor in the problems they had to meet One large family case working
agency estimated that 14 percent of the families under their care contained one or more family members with a diagnosed
venereal disease necessitating the expenditure of between 25 000 and 50 000 each year from the agency s budget Enormous
as these sums of money are they do not begin to show what St Louis should have spent if every infected person were under
treatment for it was found that for every case in the hands of qualified medical practitioners an unknown number were self
treated buying worthless nostrums from drug stores or were in the hands of quacks Like all other large cities St Louis has
plenty of advertising specialists with their ballyhoo and pink pills And many other infected persons are ignorant of their
infection or indifferent and not under treatment at all The findings of this study are recited here first because the story of St
Louis is the usual story of an American city About the Publisher Forgotten Books publishes hundreds of thousands of rare and
