Journey Through The Manual Of A Course In Miracles:

Journey Through the Manual of A Course in Miracles Kenneth Wapnick Ph. D., 2007 The manual has its place in the curriculum of the Course by virtue of its role in explaining how we should teach this course which means how we should learn it Its purpose is to guide us in becoming teachers of God through demonstration In one way or another each section is about learning how to accomplish this This line by line presentation of the manual is organized around two major themes and variations of these two themes thus demonstrating through the use of this musical form the masterful way in which Jesus weaves together his message The first theme unifies all of the seemingly disparate questions posed in the manual that of separate versus shared interests This theme is the core of the Course s concept of forgiveness It is what makes healing possible and is also the basis of the important topic in the text the distinction between form and content It emphasizes that we are all the same reflecting the much larger theme of the Oneness of God s Son and his perfect unity with his Creator and Source The second theme is equally important in fact it would not be possible to learn that our interests are shared without it It is the key to the practice of the Course asking the Holy Spirit for help By asking help of our inner Teacher we become aware of our wrong minded thought system In what the Course refers to as our right mind the Holy Spirit gently corrects our misperceptions

say jokingly Mom what the fuck did you do to my hair In that pivotal moment if I d talked myself out of believing what I d just experienced I would have grieved Adam s death in an entirely different way Trusting the communication from Adam was real not only allowed me to accept the loss of Adam s physical presence it allowed me to create an entirely new relationship with the part of Adam that is eternal Adam s lungs kidneys pancreas and liver saved the lives of two individuals and significantly improved the lives of three others Adam s liver went to a young mother from Indiana where I was born Adam s pancreas went to a woman with diabetes who ll never have to suffer another amputation Adam s kidneys went to a woman from somewhere in California and to a man in Oakland who no longer plan their life around the need for dialysis Adam s lungs went to a seventy two year old man from Arizona From January 2011 to February 2023 Adam led me on a twelve year long wild goose chase where I collected seemingly random puzzle pieces that when presented altogether finally make sense From a past life as a knowledge keeper in Atlantis to serving as an intergalactic guardian Adam s mind blowing after death adventures will change everything you thought you knew about life and death and the world as we know it Don t let your skin suit fool you into thinking you re anything less than a co creator with God We don t have to die to evolve to a higher level of consciousness When it comes to consciousness raising Adam and I are giving away the cheats Adam s Gift is more than a memoir it s a multidimensional multimedia experience Brace yourself you re in for an e ticket ride Adams debut memoir is an effectively concise account of a mother navigating her own grief while also finding ways to help others heal Adams vividly renders her story of her life s journey and her sense of exuberance is evident throughout Kirkus review The story of Adam and the special bond he shares with his mom gives those hope who question an afterlife Dannion Brinkley internationally bestselling author of Saved by the Light At Peace in the Light and Secrets of the Light You don t have to have experienced loss to love Adam s Gift It isn t a book of grief Its gift to the reader is about the resilience of love and the unwavering faith of a mother faced with unimaginable circumstances and boundless faith Meg Blackburn Losey PhD author of international bestsellers The Children of Now The Secret History of Consciousness and Touching the Light Through the experiences recounted by Adam s mother readers are immersed in a world where love transcends physical boundaries and continues to connect souls even after death Rhys Wynn Davies Australia s 2023 Psychic of the Year and author of How to Talk to the Dead in 10 Easy Steps Adam s Gift was so riveting to read I came away from it feeling as if I had gained so much I can t thank Adam and Cindy enough for writing this book Sarah Breskman Cosme bestselling author of A Hypnotist s Journey to Atlantis A Hypnotist s Journey to the Secret of the Sphinx and A Hypnotist s Journey from the Trail to the Star People *Uncommon Law of Learned Writing 2.0* Chinua Asuzu,2023-09-10 As lawyers we must not in hot pursuit of common law outrun common sense The dread of that eventuality prompted this book Uncommon Law of Learned Writing 2 0 promotes common sense in legal language Plain language which is commonsensical broadens access to legal documents thus democratizing the law If democracy is government of the people by the people and for the people law is the language in which government interacts with the people

it is the language of democracy The people whose government speaks through law must understand what is said No democratic society should brook legalese a dense verbose dialect known only to lawyers What then should society do to redress the lawyer induced obscurity A Shakespearean character had an alarming proposal The first thing we do let's kill all the lawyers Apparently that proposal was not enthusiastically endorsed which explains why we're still here A milder remedy enrolling lawyers in language classes has been mooted which explains why this book is in your hands Uncommon Law of Learned Writing 20 motivates lawyers to prefer plain language to the legalese and verbosity that have besmirched legal writing for centuries This book is as sweeping and authoritative a treatment of its subject as you can find anywhere
