The Other Teachers Ricky Robertson, 2024-09-17 Sometimes the hardest thing about teaching isn't the students; it's the other teachers. Even educators who love what they do may find that their colleagues add stress to their already demanding jobs. Workplace bullying, cliques, fear-based leadership, and collective burnout are just some of the workplace dynamics that can make our jobs harder and diminish our ability to support students. Psychological safety is the belief that you will not be humiliated, punished, or retaliated against for asking questions, expressing concerns, or trying new strategies, and it is essential for building teacher self and collective efficacy. *The Other Teachers* provides strategies to nurture psychologically safe relationships at work and create a more inclusive, supportive environment for all. Inside, you'll find strategies, tools, and reflection questions to help you identify the challenges at your school. Eye-opening stories based on the experiences of real educators in a variety of roles and settings. The stages of psychological safety and insights into the ways our relationships, teams, and school cultures can foster belonging and trust. Research supporting the need for psychologically safe workplaces, not just for our benefit but for our students. How we treat one another at work impacts our well-being, as well as our career satisfaction and performance. Whether you work in a school with a toxic workplace culture or one that is highly supportive, all schools can benefit from intentionally cultivating psychological safety among staff.

Writer's Workshop for the Common Core Warren Combs, 2014-01-09 Writing instruction expert Warren Combs presents a step-by-step plan for teaching writing workshops that are aligned to the Common Core State Standards. The book is filled with practical mini-lessons, strategies, and tools for every stage of the writing process, from prewriting through publication. Scripting is provided to show teachers how to model each strategy for students. In addition, Dr. Combs shows how teachers can use the following elements: The concepts, Voice, Pictures, and Flow to help students understand the essential elements of

writing The words Invite Model Write Look and Learn to model effective writing for students and have them learn from your example Revision strategies such as Jot and Blend Combining Sentences Writing Leads and Writing Closes Peer revision using Peer Assisted Learning Systems PALS Student self assessment rubrics The book also includes scoring guides and pacing guides to help teachers implement writing workshops more easily As Dr Combs demonstrates you can give workshops more structure while still making writing come alive for your students **Math Trailblazers 2E G4 Teacher**
