Landon Loftin, Max Leyf, 2023-05-02 As interest in Owen Barfield grows we aim to meet the need for a scholarly introduction to his thought Our primary purpose is to present an overview analysis and synthesis of Barfield s most salient ideas in a manner that will be of interest to neophytes and initiates alike Barfield s work can at times be difficult to understand C S Lewis put it well when he described Barfield s style of argument as dark labyrinthine and pertinacious But Lewis ardently promoted Barfield s work because he knew that people who willingly walk in those dim and winding corridors are in time richly rewarded by the bright light at their end We offer the present work in service to those who wish to undertake this adventure While the present book will help those readers who wish to engage Barfield for the sake of achieving a greater understanding of and appreciation for other writers who have been associated with or influenced by him we aim first and foremost to present Barfield as a profound and original thinker in his own right **Chandos Ring** Mark Chandos, 2009-03-02 BOOK DESCRIPTION Mark Chandos is a modern American poet and philosopher also known by name Mark Staber Kobo with his bestselling poetry book Greatest Living Poet that has won Best Critics choice prize in 2010 Chandos Ring Death Star Earth is the first book of a trilogy titled Exodus from Sapiens This is a sensational masterwork of modern American epic poetry and philosophy of a space It tells a story of Aaron the last living member of a ruthless political dynasty responsible for the extinction of many non Western nations of a dying Earth His intent is to create a race of men able to live without a carbon and oxygen base The Aarons companion to Jupiter is Talon the greatest scientific mind of his age The result would be creating a genetically new human magus creature called Homo faustus Ultimately Aaron discovers the alien source of human life Recognized for its idiomatic perfection and elegance of style the epic poem Chandos Ring is a strange new reconstruction of human life that crosses modern science fiction religion physics and philosophy Previous to the poem in his philosophical introduction Unfinished Consciousness Mark Chandos revolutionizes previous Western philosophy and reveals the hidden truth of our civilization I have crossed my meridian voyage where human becomes visible idiom and so their fears I dig the tar cave of fossil rune where ghosts of space time and men coil in somatic prescience I will rise deep in winter with no alarm not once to follow substance of moth winged men glazed with light I lay down structure embedded with

Dante and Derrida Francis J. Ambrosio, 2012-02-01 Reading Dante's Commedia alongside Jacques Derrida's later religious writings Francis J. Ambrosio explores what these works reveal about religion as a fundamental dynamic of human existence about freedom and responsibility and about the significance of writing itself Ambrosio argues that both the many telling differences between them and the powerful bonds that unite them across centuries show that Dante and Derrida share an identity as religious writers that arises from the human experiences of faith hope and love in response to the divine mystery of being human For both Dante and Derrida Ambrosio contends scriptural religion reveals that the paradoxical

tension of freedom and absolute responsibility must lead to the mystery of forgiveness a secret that these two share and faithfully keep by surrendering to its necessity to die so as always to begin again anew

Buhrman, 2006 Nathan Scott's Literary Criticism and Fundamental Theology reexamines the pioneering contribution of Nathan A Scott Jr to the field of theology and literature It both recalls Scott's achievement and suggests its continuing value by focusing on the question of Scott's method Rather than following the traditional interpretation of Scott as a literary critic employing Paul Tillich's theology of culture this book proposes that Scott's work is best understood as a form of fundamental theology In doing so it suggests that Scott's work models ways in which literary texts may be appropriately incorporated into theological discourse Publisher's website [Modern Tibetan Literature and Social Change](#) Lauran R.
