Judah and the Judeans in the Fourth Century B.C.E. Oded Lipschitz, Gary N. Knoppers, Rainer Albertz, 2007-01-01 During the past decade the period from the 7th century B C E and later has been a major focus because it is thought to be the era when much of the Hebrew Bible Old Testament was formed As a result there has also been much interest in the historical developments of that time and specifically in the status of Judah and its neighbors Three conferences dealing roughly with a century each were organized and the first conference was held in Tel Aviv in 2001 the proceedings of that conference were published as Judah and the Judeans in the Neo Babylonian Period The second volume was published in early 2006 a report on the conference held in Heidelberg in July 2003 Judah and the Judeans in the Persian Period Judah and the Judeans in the Fourth Century B C E is the publication of the proceedings of the third conference which was held in Muenster Germany in August 2005 the essays in it focus on the century during which the Persian Empire fell to Alexander the Great and the Hellenistic kingdoms came to the fore Participants whose contributions are published here are R

Knoppers, Manfred Oeming, 2011-06-30 In April 2008 an international colloquium was held at the University of Heidelberg the fourth convocation of a group of scholars with some rotating members who gathered to discuss the status of Judah and the Judeans in the exilic and postexilic periods The goal of this gathering was specifically to address the question of national identity in the period when many now believe this very issue was in significant foment and development the era of the Persian Achaemenid domination of the ancient Near East This volume contains most of the papers delivered at the Heidelberg conference considering the matter under two rubrics 1 the biblical evidence and the diversity of data from the Bible and 2 the cultural historical social and environmental factors affecting the formation of national identity Contributors K Schmid J Schaper A C Hagedorn C Nihan J Middlemas D Rom Shiloni J W hrle Y Dor K Southwood D N Fulton P A Beaulieu L E Pearce D Redford A Lemaire J F Quack B Becking R G Kratz O Tal J Blenkinsopp R Alvertz J L Wright D S Vanderhooft M Oeming and A Kloner Earlier volumes in the series of conferences are Judah and the Judeans in the Neo Babylonian Period Judah and the Judeans in the Persian Period and Judah and the Judeans in the in the Fourth Century B C E History and the Hebrew Bible Hans M. Barstad, 2008 In this collection of essays Hans M Barstad deals thoroughly with the recent history debate and demonstrates its relevancy for the study of ancient Israelite history and historiography He takes an independent stand in the heated maximalist minimalist debate on the historicity of the Hebrew Bible Vital to his understanding is the necessity to realize the narrative nature of the ancient Hebrew and of the Near Eastern sources Equally important is his claim that stories too may convey positivistic historical facts The other major topic he deals with in the book is the actual history of ancient Judah in the Neo Babylonian and Persian periods Here the author makes extensive use of extant ancient Near Eastern sources both textual and archaeological and he puts much weight on economic aspects He shows that the key to understanding the role of Judah in the 1st millennium lays in the proper evaluation of Judah and its neighbouring city states within their respective imperial contexts A proper understanding of the history of Judah during the 6th century BCE consequently can only be obtained when Judah is studied as a part of the much wider Neo Babylonian imperial policy **The Concept of Exile in Ancient Israel and its Historical Contexts** Ehud Ben Zvi, Christoph Levin, 2010-10-19 In ancient Israelite literature Exile is seen as a central turning point within the course of the history of Israel In these texts the Exile is a central ideological concept It serves to explain the destruction of the monarchic polities and the social and economic disasters associated with them in terms that YHWH punished Israel Judah for having abandoned his ways As it develops an image of an unjust Israel it creates one of a just deity But YHWH is not only imagined as just but also as loving and forgiving for the exile is presented as a transitory state Exile is deeply intertwined with its discursive counterpart the certain Return As the Exile comes to be understood as a necessary

purification or preparation for a renewal of YHWH's proper relationship with Israel the seemingly unpleasant Exilic conditions begin discursively to shape an image of YHWH as loving Israel and teaching it Exile is dystopia but one that carries in itself all the seeds of utopia The concept of Exile continued to exercise an important influence in the discourses of Israel in the Second Temple period and was eventually influential in the production of eschatological visions Prophets, Prophecy, and Prophetic Texts in Second Temple Judaism Michael Floyd, Robert D. Haak, 2006-02-28 Essays examine the work of prophets in Second Temple Judaism Social Memory among the Literati of Yehud Ehud Ben Zvi, 2019-07-22 Ehud Ben Zvi has been at the forefront of exploring how the study of social memory contributes to our understanding of the intellectual world of the literati of the early Second Temple period and their textual repertoire Many of his studies on the matter and several new relevant works are here collected together providing a very useful resource for furthering research and teaching in this area The essays included here address inter alia prophets as sites of memory kings as sites of memory Jerusalem as a site of memory a mnemonic system shaped by two interacting national histories matters of identity and othering as framed and explored via memories mnemonic metanarratives making sense of the past and serving various didactic purposes and their problems memories of past and future events shared by the literati issues of gender constructions and memory memories understood by the group as counterfactual and their importance and in multiple ways how and why shared memories served as a safe playground for exploring multiple central ideological issues within the group and of generative grammars governing systemic preferences and dispreferences for particular memories The Saint-Etienne Compound Hypogea, Jerusalem Riccardo Lufrani, 2019-01-21 In 1885 a large hypogeum was discovered at the Saint Etienne Compound the domain acquired only two and a half years before by the Dominicans on the western slope of El Heidhemiyeh hill about 250 m north of the Jerusalem Ottoman wall After the unearthing of a second large hypogeum only fifty metres north of Hypogeum 1 in their monumental work on the history of Jerusalem the two eminent Dominican scholars Louis Hugues Vincent and Felix Marie Abel proposed to date the two burial complexes to the Hellenistic or Roman period This dating remained unchallenged until the survey of 1974-75 carried out by the distinguished Israeli archaeologists Gabriel Barkay and Amos Kloner who proposed to date the two burial caves towards the end of the Judahite kingdom on the basis of an unsystematic comparison of few architectural features with those of other tombs In the frame of the improved knowledge of the broad and adjacent archaeological contexts since the last study of the Saint Etienne Compound Hypogea between 2011 and 2014 Riccardo Lufrani carried out a detailed survey of the two burial caves providing new and more detailed photographic topographic archaeological and geological documentation The systematic comparison of the significant architectural features of the Saint Etienne Compound Hypogea with a consistent sample of 22 tombs in the region suggest dating the hewing of the two hypogea to the Early Hellenistic period shedding a new light on the history of Jerusalem

Dictionary of the Old Testament: Historical books BILL T ARNOLD, HUGH G M WILLIAMSON, 2020-05-21 The Dictionary

of the Old Testament Historical Books is the second volume in IVP's Old Testament dictionary series. This volume picks up where the Dictionary of the Old Testament Pentateuch left off with Joshua and Israel poised to enter the land and carries us through the postexilic period. Following in the tradition of the four award-winning IVP dictionaries focused on the New Testament, this encyclopedic work is characterized by in-depth articles focused on key topics, many of them written by noted experts. The history of Israel forms the skeletal structure of the Old Testament. Understanding this history and the biblical books that trace it is essential to comprehending the Bible. The Dictionary of the Old Testament Historical Books is the only reference book focused exclusively on these biblical books and the history of Israel. Spirit and Reason Dale Launderville, 2007. Ezekiel's symbolic thinking is an integrative rationality in which reason is regarded as operating within the heart through the empowerment and guidance of the Spirit. **Out of Exile, not out of Babylon** Volker Glissmann, 2019-03-21. Exile and the disruption of the exilic period are prominent features in scholarly reconstructions of what influenced the shaping of biblical books and the development of theological thinking. The Babylonian golah community as an exilic community is credited by a growing number of scholars with influencing large parts of the Hebrew Bible. This study addresses the question whether the redactions show signs of an exilic mindset, first-generation exiles, or are better understood as a reflection of a diaspora mindset, second, third, and subsequent generations. This study also reviews all known archaeological diaspora findings from Mesopotamia in the pre-Hellenistic period, aided by insights from Elephantine, in order to build an as comprehensive as possible picture of Jewish diaspora life in Mesopotamia. Continuity and Discontinuity Lena-Sofia Tiemeyer, Hans M. Barstad, 2014-04-24. This volume of collected essays focuses on the relationship between the different texts within Isaiah 40-66. It reinvestigates and challenges the traditional division between chapters 40-55 and 56-66 and explores new ways of reading the last 27 chapters of the book of Isaiah. Each article examines Isaiah 40-55 and/or Isaiah 56-66 and highlights continuity and discontinuity within this material. Some contributions belong to the tradition of historical critical research. They examine existing models of textual development of Isa 40-66 and offer new suggestions. They also explore the interplay between the historical development of the text and its thematic continuity and discontinuity. Is the consistent use of a theme a sign of single authorship? Alternatively, are changes in the way a given issue is treated a sign of multiple authorship? Other contributions explore the final form of Isa 40-66 and suggest reading strategies that do justice to the message of the extant text. Yet other articles make case studies of specific elements of Isa 40-66. What is the significance of these texts for the theological development of the ancient Israelite religion? Further, how do they interact with and transform other texts in the Hebrew Bible. *For the Comfort of Zion* Lena-Sofia Tiemeyer, 2010-11-11. This monograph seeks to determine the geographical provenance of Isaiah 40-55. It reassesses past research pertaining to Babylonian influence and reexamines the claims that all or parts of Isaiah 40-55 reflect the concerns of the exilic community in Babylon. It further challenges the prevalent view that the return of the exiles is of central concern in Isaiah 40-55 and instead

proposes that Jerusalem and her imminent restoration is its focal point It interprets Isaiah 40 55 as a polyvalent text that allows multiple and often contradictory views regarding Jerusalem s current suffering The monograph investigates these views understood to represent the opinions of different segments of the target audience of Isaiah 40 55 with the aim of determining their geographical and theological locations

A Theocratic Yehud? Jeremiah W. Cataldo, 2009-09-01 Among the variety of social political reconstructions of Persian period Yehud one consensus stands out one which states that the Jerusalem priesthood enjoyed a prominent level of authority symbolized in the Jerusalem temple Unfortunately this leads easily into conclusions of a theocracy in Yehud The problem in part is due to the immediate association of priests assumed to be authoritative with that of a theocratic governing structure To address this problem at least three aspects of Yehud s governing structure s require further attention 1 the social implications of a particular governing structure within a society 2 the developments of a society leading up to that governing structure and 3 a clearly articulated definition of the term and concept of theocracy Since many scholars appear to depend upon a theocratic structure or spirit at some point in their discussions of Persian period Yehud one would usually expect to find a clear definition of theocracy Instead a hasty and ill equipped definition that seems to avoid addressing the social and political complexities is often used The conclusion is that no power or political vacuum appears to have existed allowing the priesthood to claim power in Yehud The Persian empire did not allow territories to develop autonomous governing structures Chapter 2 The social economic and political realms of Yehud functioned within the framework of Persian imperial administration Chapter 3 And the term theocracy when defined according to social scientific requirements Chapter 4 does not accurately describe the social political context of Yehud during the Persian period Chapter 5
