Judge Dredd Dark Justice:

Judge Dredd: Dark Justice John Wagner, Greg Staples, 2015-07-14 The incredible return of Judge Dredd's ultimate nemesis. After a ten year absence the life-hating super fiend from Deadworld, Judge Death, returns. Having previously been destroyed by nuclear fire and dragged to hell by the vengeful spirits of those he had murdered, Death has managed to return to the world ready to resume his mission in destroying all life. On his own, Death is a devastating force of evil, but once united with his brothers, Judges Fear, Fire, and Mortis, the quartet of terror are near invincible. Can Judge Dredd and Psi Judge Anderson possibly stop the Dark Judges from attempting to destroy Mega City One again? *Dark Justice: Dominion* John Wagner, Nick Percival, 2018-10-16 A new original hardcover continuing the story of the Dark Judges, 2000 AD's most iconic villains.

LOST IN SPACE The cargo ship Solips is en route to a colony on a remote planet, finds three figures drifting through space. But these might prove to be the last passengers the ship ever picks up. Judges Death, Fire, and Mortis soon find they have an entire colony where they can administer their twisted justice to the living. Can the colonists survive their dominion? The Dark Side of the Criminal Justice System Ronald L. Morris, 2022-02-25 The high rates of Black arrests and incarceration from 1960-1990 were a direct result of deliberate government policies and a zealous criminal justice system under the patriotic umbrella of the War on Crime. This stateside war shared a lot of similarities with the Vietnam War, happening simultaneously, racism and extreme cruelty towards those seen as the enemy, deprecation of the others' culture, forceful use of a militarized police with combat experience, repeated failure to observe human rights, and mass incarceration. Unfortunately, this conflict continued long after the Vietnam War ended. Ronald L. Morris reviews those dark times, analyzing their causes, short and long term effects, and calls for change. **I Am the Law: How Judge Dredd Predicted Our Future** Michael

Molcher, 2023-02-23 He is the law, and you better believe it. Judge, jury, and executioner, Judge Dredd is the brutal comic book cop policing the chaotic future urban jungle of Mega City One, created by John Wagner and Carlos Ezquerra and launched in the pages of 2000 AD in 1977. But what began as a sci-fi action comic quickly evolved into a searing satire on hardline militarised policing and law and order politics, its endless inventiveness and ironic humour acting as a prophetic warning about our world today and with important lessons for our future. Blending comic book history with contemporary radical theories on policing, *I Am the Law* takes key Dredd stories from the last 45 years and demonstrates how they provide a unique wake-up call about our gradual and not-so-gradual slide towards authoritarian policing. From the politicisation of policing to zero tolerance, from violent suppression of protest to the rise of the surveillance state, *I Am the Law* examines how a comic book warned us about the chilling endgame of today's law and order politics. **Sweet Justice: Selected Short Stories from the 2000 AD and Judge Dredd Annuals** Neil Gaiman, Dan Abnett, 2011-11-20 Featuring stories by New York Times best sellers Neil Gaiman and Dan Abnett, along with hit comics authors Mark Millar, Peter Milligan, Alan Grant, and more, this amazing collection brings together nine thrilling and unusual short prose stories from the 2000 AD and Judge

Soul of the Dark Knight Alex M. Wainer, 2014-06-19 This is a book about the comics genre and language how these were used to create Batman and how that character's longevity is largely due to the medium's unique formal qualities It argues that Batman's core appeal is his mythic nature which allows him to transcend changes in reader tastes the vicissitudes of the comics industry and the changing media landscape While including some historical elements it is mostly a study of how the formal aspects of comics are able to evoke uniquely mythic qualities that have made Batman such a long lived cultural phenomenon and how efforts to adapt these qualities into other media particularly live action feature films have succeeded or failed based on the strategies employed The book sheds light both on comics as a medium and art form with its own language syntax and codes and on the process of adaptation a growing area of study given Hollywood's continuing interest in working with comic book superheroes
