General

This manual, which contains an illustrated parts breakdown, has been prepared as an aid in identifying and ordering parts for the machine. All of the parts listed in the parts breakdown are manufactured with the same precision as the original equipment.

Original-Equipped Company service facilities and parts are available worldwide. There are original-equipment Company service offices and authorized distributors located in the principal cities of the United States, in Canada, our customers are serviced by the Canadian Company Limited. There are also original-equipment Company subsidiaries and authorized distributors located in the principal cities throughout the world.

Description

The illustrated parts breakdown identifies the various assemblies, sub-assemblies and related parts which make up the machine.

A series of illustrations show each part clearly and in its correct location relative to the other parts in the assembly. Each part in an illustration is referenced with a number. The number, description and quantity needed per assembly are listed in numerical order on the following pages.

How to use this parts manual

1. Locate the desired illustration.
2. Locate the part in the illustration by visual identification and note the reference number.
3. Find the reference number on the following page, along with the Part Number and Description.

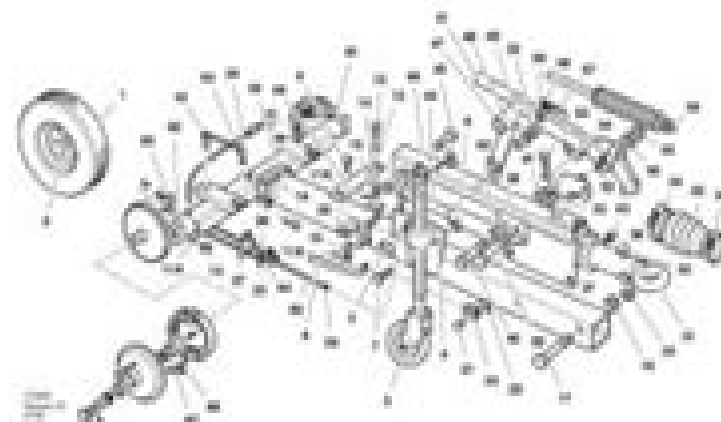

How to order parts

In order that all available items be identified when ordering parts, please specify the following:

1. The model number of the unit as shown on the Comparison Data Plate.
2. The serial number of the unit as shown on the Comparison Data Plate.
3. The part number of the manual.
4. The part number, description and quantity needed exactly as listed.
