Inevitable Mass Customized Learning Learning In The Age Of Empowerment New Edition:

Inevitable Charles J. Schwahn, Chuck Schwahn, Beatrice McGarvey, 2010-11-30 Meeting the individual learning needs of every learner every hour of every day although espoused by educators has only been a dream an impossible dream for educators facing student teacher ratios of 25 to 1 But alas it is now a reality a reality that is hiding in plain sight Inevitable Mass Customizing Learning MCL describes a detailed vision of how schools can change from the present outdated Industrial Age assembly line structure to a mass customized learning structure with the capacity to meet the individual learning needs of every learner that s every learner not some not most but every learner iTunes Amazon com Verizon Wikipedia and Google to name a few are doing it right now They prove to us daily that mass customization is effective and efficient and well doable Let s marry those powerful customizing technologies with the power mission of educators to personalize learning Everyone wins The learner wins And when the learner wins so do educators parents society and the economy Inevitable provides a solid rationale for the structural change identifies the proven technologies of today that make the vision doable details the potential MCL has to motivate learners to high achievement describes teacher roles that are highly professional and outlines and concretely describes what school systems must do to make MCL a reality The authors of Inevitable use a weight bearing wall metaphor to identify the Industrial Age walls practices that prevent us from meeting individual learner needs Leaders are then shown how new customizing technology walls can replace those Industrial Age walls and the roof will not fall in Yes leaders can operate a MCL system and still remain in control The transformational change of MCL becomes clear logical and believable Mass Customizing Learning is necessary and well Inevitable and this book describes how to do it **Inevitable** Charles J. Schwahn, Beatrice McGarvey, 2012 Meeting the individual learning needs of every learner every hour of every day although espoused by educators has only been a dream an impossible dream for educators facing student teacher ratios of 25 to 1 But alas it is now a reality a reality that is hiding in plain sight Inevitable Mass Customizing Learning MCL describes a detailed vision of how schools can change from the present outdated Industrial Age assembly line structure to a mass customized learning structure with the capacity to meet the individual learning needs of every learner that s every learner not some not most but every learner iTunes Amazon com Verizon Wikipedia and Google to name a few are doing it right now They prove to us daily that mass customization is effective and efficient and well doable Let s marry those powerful customizing technologies with the power mission of educators to personalize learning Everyone wins The learner wins And when the learner wins so do educators parents society and the economy Inevitable provides a solid rationale for the structural change identifies the proven technologies of today that make the vision doable details the potential MCL has to motivate learners to high achievement describes teacher roles that are highly professional and outlines and concretely describes what school systems must do to make MCL a reality The authors of Inevitable use a weight bearing wall metaphor to identify the Industrial Age walls practices that prevent us from meeting individual learner needs Leaders are then shown

how new customizing technology walls can replace those Industrial Age walls and the roof will not fall in Yes leaders can operate a MCL system and still remain in control The transformational change of MCL becomes clear logical and believable Mass Customizing Learning is necessary and well Inevitable and this book describes how to do it Teaching Mathematics Today 2nd Edition Erin Lehmann,2015-04-01 This second edition is a must read for today s mathematics teachers offering research based strategies and best practices that are critical and highly effective in mathematics instruction This invaluable resource provides practical suggestions resources and templates to support the areas of classroom management instructional planning content and practice standard implementation assessment and differentiation as well as methods to build students conceptual understanding It also guides teachers in using the Professional Learning Community model effectively in order to support professional growth and student achievement With a focus on student thinking and learning this book is an essential guide for all educators **Mastering the Instructional Design Process** William J.
