

PARCC's Core Commitments to Mathematics Assessment Quality

- **Focus:** PARCC assessments will focus strongly on where the Standards focus. Students will have more time to master concepts at a deeper level.
- **Problems worth doing:** Multi-step problems, conceptual questions, applications, and substantial procedures will be common, as in an excellent classroom.
- **Better Standards Demand Better Questions:** Instead of reusing existing items, PARCC will develop custom items to the Standards.
- **Fidelity to the Standards (now in Teacher's hands):** PARCC evidences are rooted in the language of the Standards so that expectations remain the same in both instructional and assessment settings.
