is a matter which has been endlessly discussed and debated over in the centuries following its compilation and many commentators have used the book symbolically often to provide guidance for moral decision making as informed by Confucianism Taoism and Buddhism *The Inner Structure of the I Ching, the Book of Transformations* Lama Anagarika Govinda,1981 **The Original I Ching Oracle** ,2007 This remarkable work is the final result of 50 years of I Ching research and over 10 years of roundtables and seminars Based on a revolutionary translation method and inspired by Carl Jung s insights into the psyche The Original I Ching Oracle offers Western readers the closest possible approach to the true content of the ancient Chinese oracle By cutting through layers of philosophical analysis and recovering the original images of the I Ching it puts readers in contact with a deep universal dimension of the human psyche as important today as it was for the shamans in China over 3 000 years ago **I Ching** Angelo P. undisguised face of the I Ching will appeal to the modern reader who will read it in his or her own individual way as poetry as discoverer of self or as soothsayer It is in the grand tradition of the I Ching for different people to see different things As a companion to this book a computer software Huang s I Ching offers computerized consultations of the I Ching In the court of Zhou they used to do this by counting stalks of the yarrow reed Results of the court would indicate what passages to read In later ages yarrow counting was replaced by coin tossing as a ritual closer to people s lifestyle And now the I Ching is ready for the future

I Ching Chris Marshall,1994 **The Authentic I-ching** Henry Wei,1987 **I Ching (Translated with Annotations by James Legge)** Anonymous,2017-12-15 Dating to the late ninth century B C the I Ching or Book of Changes is one of the oldest of the Chinese classics What began as a manual for divination the I Ching has been transformed through thousands of years of commentary and interpretation into one of the principal works of eastern cosmology The central part of the work is the divination text an explanation of hexagrams which may be produced through a process of cleromancy a method of determining divine intent by the production of seemingly random numbers Historically a casting of a bundle of stalks from the yarrow plant may have been used to produce the numbers which would build up the hexagram Also part of the I Ching canon is a set of commentaries referred to as the ten wings contained in the appendices of this volume These commentaries are offered as a guide to moral decision making in interpreting the results of divination The I Ching having informed the philosophies of Taoism and Confucianism remains to this day as one of the most influential of all ancient Chinese texts This edition is printed on premium acid free paper and is translated with annotations by James Legge

I Ching, the Classic Chinese Oracle of Change ,1994 **The Complete I Ching — 10th Anniversary Edition** Taoist Master Alfred Huang,2010-11-17 A revised edition of the definitive translation of the world s most important book of divination More than 64 000 copies sold of the first edition The first English translation from within the tradition by a Chinese Taoist Master Includes translations of the Ten Wings the commentaries by Confucius essential to the I Ching s insights Translated by the eminent Taoist Master Alfred Huang The Complete I Ching has been praised by scholars and new students of the I Ching since its first edition A native Chinese speaker Master Huang first translated the original ideograms of the I Ching into contemporary Chinese and then into English bringing forth the intuitive meanings embodied in the images of the I Ching and imbuing his translation with an accuracy and authenticity not possible in other English translations However what makes his translation truly definitive is his return to prominence of the Ten Wings the commentaries by Confucius that are essential to the I Ching s insights This 10th anniversary edition offers a thorough introduction to the history of the I Ching how to use it and several new divination methods in depth and easy to reference translations of each hexagram name description and pictogram and discussions of the interrelations between the hexagrams and the spiritual meaning of their sequence
