**I Led 3 Lives** Herbert A. Philbrick, 2018-06-21 In the 1940s a Red Scare gripped the United States Fear that communists were infiltrating and subverting American society and politics dominated many people's thoughts In the aftermath of the Second World War the United States and the Soviet Union had emerged as the two world powers and tensions rose greatly between the competing ideologies of communism and capitalism As the Cold War developed America looked to ensure that there were no threats within its own borders The FBI approached men and women like Herbert Philbrick to aid their nation and discover if there were any threats to the security of the United States For nine long years he led three lives as a citizen communist and counterspy Philbrick was a Boston advertising executive who was approached by Harold Leary an FBI detective who encouraged Philbrick to immerse himself in the world of American radical politics and pass on any information he found out Infiltrating the Communist Party USA Philbrick quickly gained the confidence and trust of many of its leading figures which of course gave him brilliant insight into the thoughts and fears of the left wing His activities and stressful life that he had been living only ended when he was used as witness during the Foley Square trial which helped convict eleven leaders of the Communist Party *I Led 3 Lives* provides fascinating insight into the political climate of the 1940s and how even at the beginning of the Cold War the United States government attempted to quell any sign of communist threat Herbert A Philbrick's account was later made into a television series which aired in the 1950s and starred Richard Carlson and Ed Hinton *I Led 3 Lives* was first published in 1952 In later life Philbrick continued to campaign and encourage youth and adult citizens to exercise their political rights and power admonishing his listeners to be ever watchful against those who would undermine the republican form of government He died in 1993 *I Led 3 Lives* Herbert Arthur Philbrick, 1972 **I Led 3**

Committee on Un-American Activities, 1962 American Literature and Culture in an Age of Cold War Steven Belletto, Daniel Grausam, 2012-10-01 The time is right for a critical reassessment of Cold War culture both because its full cultural impact remains unprocessed and because some of the chief paradigms for understanding that culture confuse rather than clarify A collection of the work of some of the best cultural critics writing about the period American Literature and Culture in an Age of Cold War reveals a broad range of ways that American cultural production from the late 1940s to the present might be understood in relation to the Cold War Critically engaging the reigning paradigms that equate postwar U S culture with containment culture the authors present suggestive revisionist claims Their essays draw on a literary archive including the works of John Updike Joan Didion Richard E Kim Allen Ginsberg Edwin Denby Alice Childress Frank Herbert and others strikingly different from the one typically presented in accounts of the period Likewise the authors describe phenomena such as the FBI s surveillance of writers especially African Americans biopolitics development theory struggles over the centralization and decentralization of government and the cultural work of Reaganism that open up new contexts for discussing postwar culture Extending the timeline and expanding the geographic scope of Cold War culture this book reveals both the literature and the culture of the time to be more dynamic and complex than has been generally supposed *J. **Act of Retribution** J.P. Phillips, 2010-03-17

My quest for an answer to the riddle of President Kennedy's assassination first began in April 1967 following a talk given by Warren Commission critic and best selling author Mark Lane at Michigan State University where I was a graduate student. My search has lasted well over twenty years. Gathering every scrap of information I could find on the assassination I have arrived at what I believe is the most credible thesis to date. As a result of meticulous research I am able to identify probable suspects in what I have come to believe was a far reaching conspiracy which involved not only renegade elements from the CIA and organized crime figures but one which extended to the highest echelons of the U S government. By pulling together existing knowledge of the assassination while introducing new evidence my book focuses primarily on six main principals persons of interest their motives and their activities in relation to the assassination and the links that connect them.

- 1 LEE HARVEY OSWALD Accused by the Warren Commission in 1964 of being the sole assassin of President Kennedy
- 2 JACK RUBY Dallas night club owner who two days following the President's assassination shot and killed Oswald
- 3 CARLOS MARCELLO Reputed crime boss of the New Orleans Dallas Mafia during the time of the assassination
- 4 GENERAL CHARLES PEARE CABELL Deputy Director of the CIA from 1953 to 1962 when he was dismissed by President Kennedy along with other high ranking intelligence officials for the failure of the Bay of Pigs invasion
- 5 EARLE CABELL Younger brother of General Charles P Cabell who was Mayor of Dallas the day President Kennedy was assassinated
- 6 FRED KORTH Fort Worth businessman and banker who was Secretary of the Navy from 1962 to October 1963 when he was forced by President Kennedy to resign for his involvement in the TFX controversy

As to the motives of those individuals involved in the President's murder I believe that the assassination was planned and carried out with a dual purpose in mind.

- 1 as an act of vengeance by those ex high government officials who were dismissed by the President either for alleged wrongdoing as in the case of Fred Korth or for incompetence as in General Cabell's case
- 2 to prevent the President's domestic and foreign policies particularly in reference to his stand on the Vietnam conflict from being implemented

Viewed in this light the assassination of President Kennedy was an act of retribution by a group of mean spirited vengeance seeking individuals who acted in the misguided belief that by assassinating this president they were furthering the national interest. Notwithstanding his immense popularity with the American people President Kennedy was perceived by his killers to be a clear and present danger to the country and to its interests at home and abroad for several reasons: for his stand on civil rights and racial equality for his attempt to closely regulate the oil and gas industry for his desire to normalize relations with Cuba for his desire to ease tensions between the superpowers through a reduction in armaments for his crackdown on organized crime for his stated intention to withdraw U S forces from Vietnam. Removing him from office by political murder therefore excused his killers in their own eyes from any wrongdoing for by killing this

President they were convinced that they were acting in the national interest against the seemingly dangerous policies of a chief executive who if allowed to finish his presidency would lead the nation to ruin A wise mind will never censure anyone for having employed any extraordinary means for preserving a kingdom Believing like Machiavelli that they were acting to preserve and maintain

**Deadly Farce** Robert M. Lichtman, Ronald D. Cohen, 2004 The book traces the rise and fall of Harvey Matusow a wise guy professional informer witness of the McCarthy era whose dramatic recantation led to his own imprisonment but hastened the end of the era No issue so possessed the nation in the first half of the 1950s as alleged Communist subversion in the United States Communist Party member an undercover FBI informer inside the Party and then a leading witness for the government during the McCarthy era until he recanted his testimony His story illuminates a disturbing time in American history one with renewed relevance today Matusow was easily the most flamboyant of the professional ex Communists a celebrity informer who considered himself booked by Congressional committees not just to testify but to entertain He testified that Communists fostered loose sex taught politicized Mother Goose rhymes to small children and tried to infiltrate the Boy Scouts He also named more than 200 people as Communists and was a prosecution witness in major criminal cases transcripts personal interviews private papers and other primary sources most never before utilized to describe the unusual role of ex Communist informer witnesses during the McCarthy era The Justice Department kept several dozen political informers on the government's payroll to testify in hundreds of deportation sedition and contempt of Congress cases Some informers achieved celebrity as the result of high profile appearances at criminal trials and before Congressional committees But as the era continued instances of perjury began to appear Harvey Matusow's sensational recantation in 1955 gave him his biggest audience yet It led to the dissolution of the Justice Department's informer stable and ended the public's infatuation with the group Matusow's unrepentant and at times vaudevillian appearances before the Senate red hunting committee investigating his recantation followed by his prosecution for perjury for the recantation not his original testimony and prison sentence mark the climax of Deadly Farce McCarran and Elizabeth Bentley among many others offers an inside entertaining and closely documented view of a largely untold part of McCarthy era history The columnist Murray Kempton described Matusow as a truly remarkable witness in the opera bouffe sense demanded by inquisitions of the 1950s

**The Faces of Lee Harvey Oswald** Scott P.

Johnson,2013-10-29 The Kennedy assassination has produced a number of conspiracy theories based largely upon intriguing questions speculation and inference Thousands of books and articles have been written about the assassination with a large majority of the published material arguing for a conspiracy of one kind or another However a relatively small volume of literature has been written from a scholarly and academic perspective The Faces of Lee Harvey Oswald provides the first

comprehensive scholarly analysis of Lee Harvey s Oswald s role in the JFK assassination Scott P Johnson objectively examines the various narratives of Lee Harvey Oswald created by researchers and authors over the last fifty years He finds that at first glance any theory related to Oswald s role appears as convincing as the next particularly when researchers carefully select information that only advances their preferred theory In reality however Oswald s role in the assassination offers little certainty when one looks at the mystery surrounding Oswald s life and death as well as the complexity and ambiguity surrounding the murder of President Kennedy Rather than putting forth a single theory Johnson lays out the known facts against each theory and allows the readers to make their own decision      **Shelter in a Time of Storm** Jelani M.
