No Good Deed Goes Unpunished Eli Maxwell,2022-11-03 This journal is a few hundred pages of unpopular opinion I wrote this ball of rage between 2014 2016 and I planned to give to my gender studies professor after I took her class When I left her class I noticed that there s a lot of misleading information about people that disagree with feminists and feminism and this book will help demystify some of those notions I may have written this book for her but I believe it can help others as well The 1st group of people that this book will help are people that don t like feminists and feminism you ll agree with almost everything I have to say trust me you re not alone This book is full of red pills you re going to love it The 2nd group of people are people that are on the fence about feminists Yeah feminists may have told you the dictionary definition of feminism and you might have heard some things about the feminist movement but you re still not quite sure what to make of them I think you will gain the most from what I went through I will show you the tactics some feminists use to get what they want These are all things you should know before you engage with any feminist The 3rd group of people are the people that don t understand why so many people have such hard opinions on feminism and feminists Hopefully this book will help you understand where the first group of people are coming from I use jokes satire and personal experiences to bring levity to this hot topic issue I don t want to tell you what to think I want to show you what I went through so you can make up your own mind and even if you disagree with me I hope you enjoy the ride Now onto the 4th group these are the feminists that are vexed and can t figure out why so many people dislike feminism and why feminists can t crack 18 percent of the population I think you will benefit the most from what I have to say I m not going to berate you or attack you I m just going to make my claims on why I disagree with your dogmatic ideology and hopefully you can respect that I really want you to understand where I m coming from and maybe we can build a bridge from there Now on to the big mama of them all the 5th group if you are the type of feminist that believes everything is sexist and everything is racist and every man is a misogynist Put this book down you are going to have a bad time I deconstruct almost everything you believe in with ruthless and logical precision and I know for a fact that this book is going to trigger you into oblivion Hell you might even do something crazy like set this book on fire and I don t want to see my book set a blaze So save your money save your time and continue to smash the patriarchy But to the other 4 out of 5 of you crack open a beer or pour a glass of wine and enjoy my descent into madness

Stalin and His Hangmen Donald Rayfield,2005-03-31 Stalin like Hitler and other tyrants won and held power because he had collaborators hangmen Drawing on newly released archival material

Donald Rayfield gives us a fuller and more colourful picture of Stalin's inner circle than ever before. Stalin was not the sole author of Stalinism. What motivated his chiefs of police Feliks Dzierzynski, Viacheslav Manzhinsky, Genrikh Yagoda, Nikolai Ezhov and Lavrenti Beria? What did they want? What were their relations with the regime and its ruler? How did their upbringing and experience mould them? And how does the terror they create connect with the terror they felt? Stalin and His Hangmen reconstructs the psychological mechanism of a whole regime and what it held together. The extent of the misery caused by Stalin and his Hangmen can be compared in Europe only to that brought about by Hitler and his henchmen. But Stalin's heritage is, if possible, even worse than Hitler's. His rule enslaved three generations, not one. The horror of what he did has not yet been fully understood and his countrymen have not yet found the strength to disavow him. All the more important then that this diabolical tale should be told.

Maybe It's Just Me!: The Random Thoughts, Opinions, and Reminiscences of a Cranky Old Man, Amazing Disgrace Grace Campbell, 2020-10-29. An outpouring of truth, wit and beautiful comedic wisdom. Katherine Ryan. Such a funny and interesting book. Sara Pascoe. Finally, my vagina has a voice. London Hughes. Powerful, bold, vulnerable, beautiful, hilarious, universal, unique. Scarlett Curtis. For as long as she can remember, Grace Campbell has been told that she doesn't suit her name. But being graceful is no fun anyway. Growing up in a world of privilege and politics, she had a lot to feel confident about. But she was also a record breaker when it came to feeling shame. Shame about sex, shame about rejection, shame about mental health. But over time and with a 24-carat gold dose of female friendship, Grace has turned shame into a defiant sense of self. At only 27, Grace has got a lot to learn about being an adult, but she's already got a lot to share about being a disgrace and how she came to be utterly disgustingly disgracefully proud of it. This is the book every young woman should read and every young man should worry about.
