I Will Surprise My Friend An Elephant And Piggie

Heather McNeil

I Will Surprise My Friend An Elephant And Piggie :

I Will Surprise My Friend! Mo Willems, 2008 Best friends Elephant and Piggie decide that they will try to surprise each other with unexpected results Reading with Babies, Toddlers and Twos Susan Straub, KJ Dell'Antonia, 2013-05-07 It's never too early or too late to start sharing books with your baby Reading is one of the first activities you can enjoy with your child and Reading with Babies Toddlers and Twos gets you started Instill a love for reading early by answering questions such as Which books will a newborn baby enjoy What do you buy after you've read Goodnight Moon Are eBooks and apps appropriate for young children Can I make up a story to tell my child What are the best collections of fairy tales fables and other classic stories A parenting resource to help with early learning and literacy Straub Dell Antonia and Payne use their decades of experience as parents book reviewers and children's librarians to bring you the very best in children's books so you'll never run out of ideas for reading with your baby An accessible and enjoyable guide this book is a go to resource Traci Lester executive director Reach Out and Read of Greater New York **The Early Reader in Children's Literature and Culture** Jennifer Miskec, Annette Wannamaker, 2015-12-22 This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children's literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children's texts that have been translated and sold around the globe examining them as part of an increasingly transnational children's media culture that may add to or supplant regional ethnic and national children's literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe *Graphic Novels* Michael Pawuk, David S. Serchay, 2017-05-30 Covering genres from adventure and fantasy to horror science fiction and superheroes this guide maps the vast terrain of graphic novels describing and organizing titles to help librarians balance their graphic novel collections and direct patrons to read alike New subgenres new authors new artists and new titles appear daily in the comic book and manga world joining thousands of existing titles

some of which are very popular and well known to the enthusiastic readers of books in this genre How do you determine which graphic novels to purchase and which to recommend to teen and adult readers This updated guide is intended to help you start update or maintain a graphic novel collection and advise readers about the genre Containing mostly new information as compared to the previous edition the book covers iconic super hero comics and other classic and contemporary crime fighter based comics action and adventure comics including prehistoric heroic explorer and Far East adventure as well as Western adventure science fiction titles that encompass space opera fantasy aliens post apocalyptic themes and comics with storylines revolving around computers robots and artificial intelligence There are also chapters dedicated to fantasy titles horror titles such as comics about vampires werewolves monsters ghosts and the occult crime and mystery titles regarding detectives police officers junior sleuths and true crime comics on contemporary life covering romance coming of age stories sports and social and political issues humorous titles and various nonfiction graphic novels

DIY Programming and Book Displays Amanda Catherine Struckmeyer, Svetha Hetzler, 2010-09-13 This manual guides librarians in creating simple affordable ready to use activities for children tweens teens and families with enough material for a full year of programs Do it yourself programming is an emerging model in which the librarian does the preparation then lets patrons take over DIY Programming and Book Displays How to Stretch Your Programming without Stretching Your Budget and Staff makes it easy for librarians to institute such programs in their own facilities Organized around 12 thematic chapters the book explains how to set up and maintain a do it yourself station and offers instructions for a variety of year activities Reproducible materials and booklists are included as well Librarians may use the activities as starting points for generating their own ideas or they may simply photocopy materials in the book for ready to use monthly DIY programming Once set up the DIY station is available to patrons anytime they are in the library Best of all because DIY programs do not rely on staff space or special materials they allow libraries to make the most of their resources without sacrificing patron service
