

IAHSS Supervisor Manual (3rd edition)

Instructor Presentation

Change, Challenge & Opportunities - ANS As a supervisor, your actions can result in liability to the organization and to you personally.

Experiences play a major role in becoming an effective supervisor.

Supervision requires good judgment and the ability to not over-react or under-react.

A healthcare facility is characterized by a rapidly changing environment. Regulation of the healthcare industry, ongoing managed care mandates, restructuring of healthcare organizations, impact of technology, and ongoing social and ethical factors.

The Demands of the Security Supervisor Position - ANS Supervisors serve as the link between the higher levels of administration and the employees at the base of an administrative pyramid.

Physicians do not typically fall into the pyramid, a common complicating factor.
