The Ibis, Vol. 1 Philip Lutley Sclater, 2017-11-11 Excerpt from The Ibis Vol 1 A Magazine of General Ornithology The promoters of the ibis think it due to the public and to themselves that on the completion Of the first volume some account should be given of the circumstances under which the undertaking was originated For some years past a few gentlemen attached to the study of Ornithology most of them more or less intimately connected with the University of Cambridge had been in the habit of meeting together once a year or oftener to exhibit to one another the various objects of interest which had occurred to them and to talk over both former and future plans of adding to their knowledge of this branch of Natural History These meetings being entirely of a private and social nature were found agreeable by those who attended them and gradually became more frequented In the autumn of 1857 the gathering of naturalists was greater than it had hitherto been and it appeared that among some of those present there was a strong feeling that it would be advisable to establish a Magazine devoted solely to Ornithology About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at

The Ibis, Vol. 1 Osbert Salvin, 2018-01-26 Excerpt from The Ibis Vol 1 A Quarterly Journal of Ornithology 1871 It was not without hesitation that in compliance with the request of my valued friend and predecessor Professor Newton I offered my services as Editor of a Third Series of this Journal when he, from pressure of other engagements, was obliged to resign the post. I felt considerable diffidence in my powers to carry on The Ibis with ability at all equal to that which has supported it during the twelve years of its existence. Though I trust that fewer defects will be found in future Volumes I still hope that the present one may not be considered unworthy of those that have appeared before it. My best thanks are due for the assistance I have received from many quarters, but to Mr Sclater I owe a special debt for cordial and ready help of which I have not hesitated very frequently to avail myself.

The Ibis, 1861, Vol. 3 Philip Lutley Sclater, 2016-12-20 Excerpt from The Ibis 1861 Vol 3 A Magazine of General Ornithology In conducting the Ibis the principal object has been to combine the labours of the two schools of Ornithologists which not many years ago seemed to possess so little in common. It is hoped that this union has been promoted, if not effected, by blending in one periodical the records of observation in the field with those of study in the closet. Fully confident that the favours hitherto accorded to the Ibis will be continued by the Ornithologists of other lands, its Editor invites the

active cooperation of his fellow countrymen and trusts that they will favour him with frequent contributions to its pages

The Classical Papers of A. E. Housman: Volume 3, 1915-1936 Alfred Edward Housman, 2004-10-04 A complete collection in three volumes of the classical articles and reviews of A E Housman These papers were originally published between 1882 and 1936 in a variety of academic journals many of which are now difficult to obtain The editors have checked and where necessary supplemented and updated all the references and corrected errors in them but have otherwise presented each paper in full with the minimum of editorial comment At the end of Volume III there are very elaborate and comprehensive indexes of passages words and topics discussed by Houston The Kleine Schriften of great scholars are among the most important and useful tools of the classicist's trade This edition will be of the first importance among such collections and will provide an essential work of reference Housman's known virtues as a textual critic are decisively confirmed and emphasized now that his papers can be seen in one complete and connected sequence
